

## **Newsletters**

These are a valuable means of keeping members informed of news and activities related to Twinning either within local Associations or across the County as a whole.

Many of you will be familiar with the excellent D.T.C. Newsletter “Home from Home” inaugurated and edited and produced for us by Don Leech of Exmouth. Don worked very hard at this task and produced many county-wide items of news interspersed with his own gentle sense of humour and amusing anecdotes and cartoons. He has now taken a well-earned retirement and the new editor is Peter Dennis whose contact details can be found in the Committee list. We are grateful to Peter and hope that Associations will provide him with plenty of copy.

He does have to depend on a flow of information from member Associations so please keep the material coming in.

We are also greatly indebted to Rob Hooper at County Hall for organising the printing and distribution of the Newsletter.

Enclosed you will find earlier examples of “Home from Home” . Also included are a few examples of local Associations’ newsletters.
