

## **Burnt Shadows by Kamila Shamsie**

August 9th, 1945, Nagasaki; in a split second Hiroko Tanaka on the brink of a future filled with promise and happiness loses all that she knows and loves. In search of some kind of meaning in the world Hiroko, haunted by a life she never had, searches for people that can link her back to a time before the bomb. A mesmerising novel that sweeps through time and place through war and love, betrayal and redemption. A truly engrossing and epic read.
