CULLOMPTON DEVON TOWN AREA

The Place Survey

Area Definition

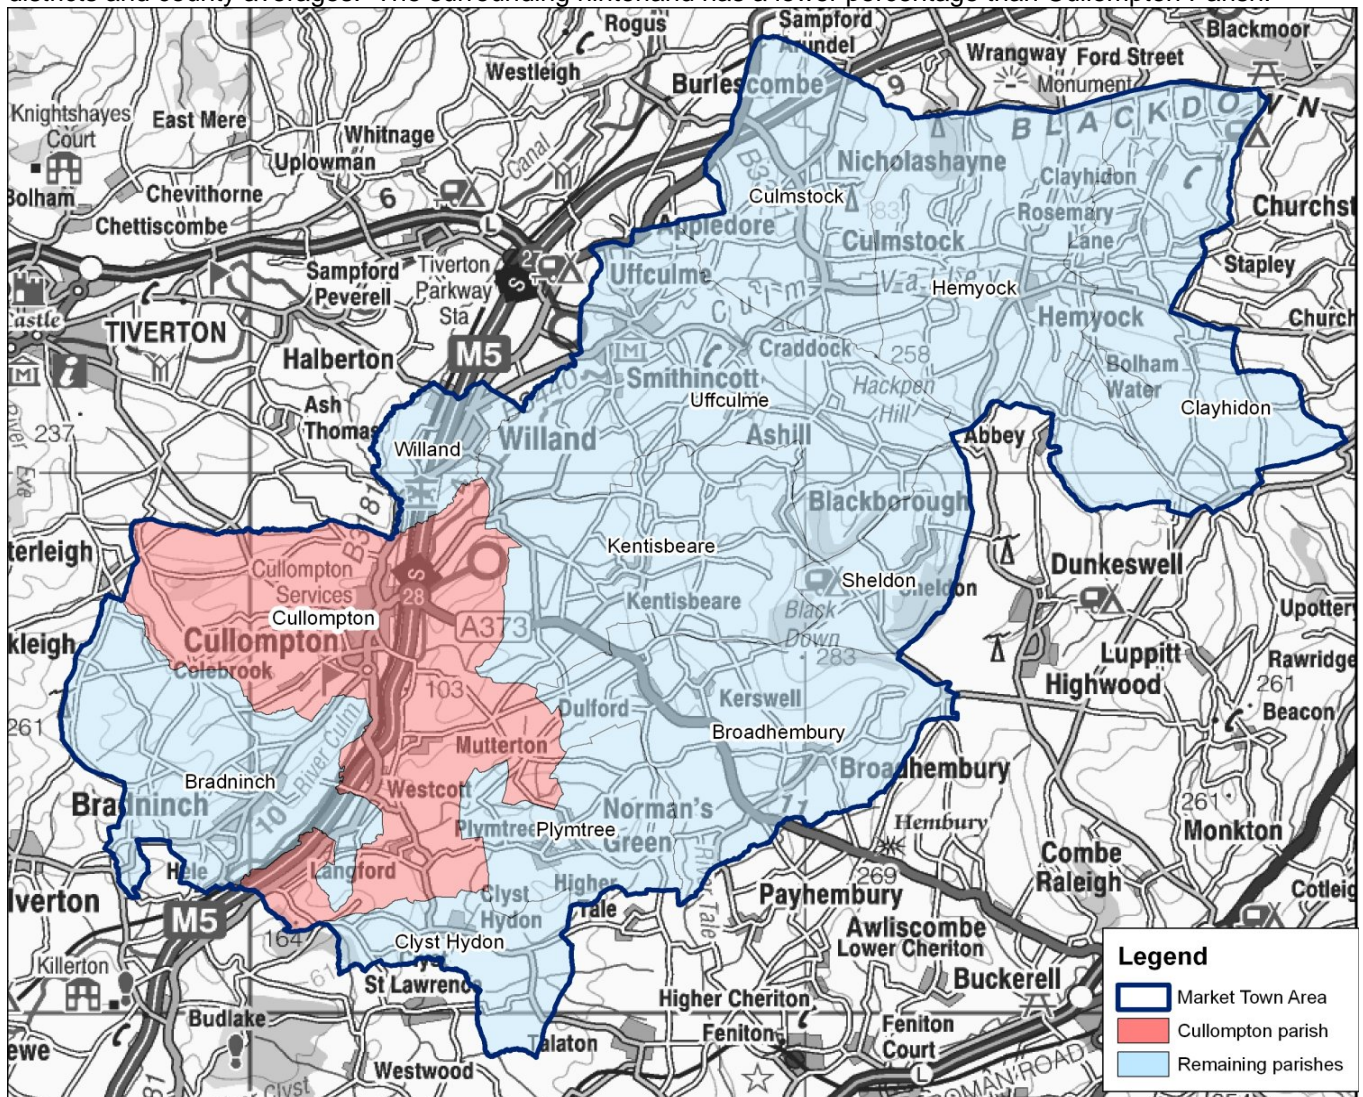

In this report the Cullompton Devon Town Area (DTA) comprises the main parish of Cullompton and eleven other parishes. These remaining parishes will be known as the hinterlands.

The structure of the population in the Cullompton DTA is broadly similar to that across the district and the county. There is a slightly higher proportion of the younger working age (25-44) and 75 and the over in Cullompton Parish. The surrounding hinterland has a slightly higher proportion of the older working age group (45-64).

There has been significant population growth since 1991 in the area with Cullompton Parish growing by about a third and more than twice the county average.

The proportion of people from minority ethnic groups in the market town area is consistent with the districts and county averages.

The level of households occupied by individuals in the market town area as a whole is slightly lower than the districts and county averages. The surrounding hinterland has a lower percentage than Cullompton Parish.

Crown Copyright. All rights reserved. Devon County Council. 100019783 2006

The table below shows the population over 18 (those eligible to complete the Place Survey). Cullompton is

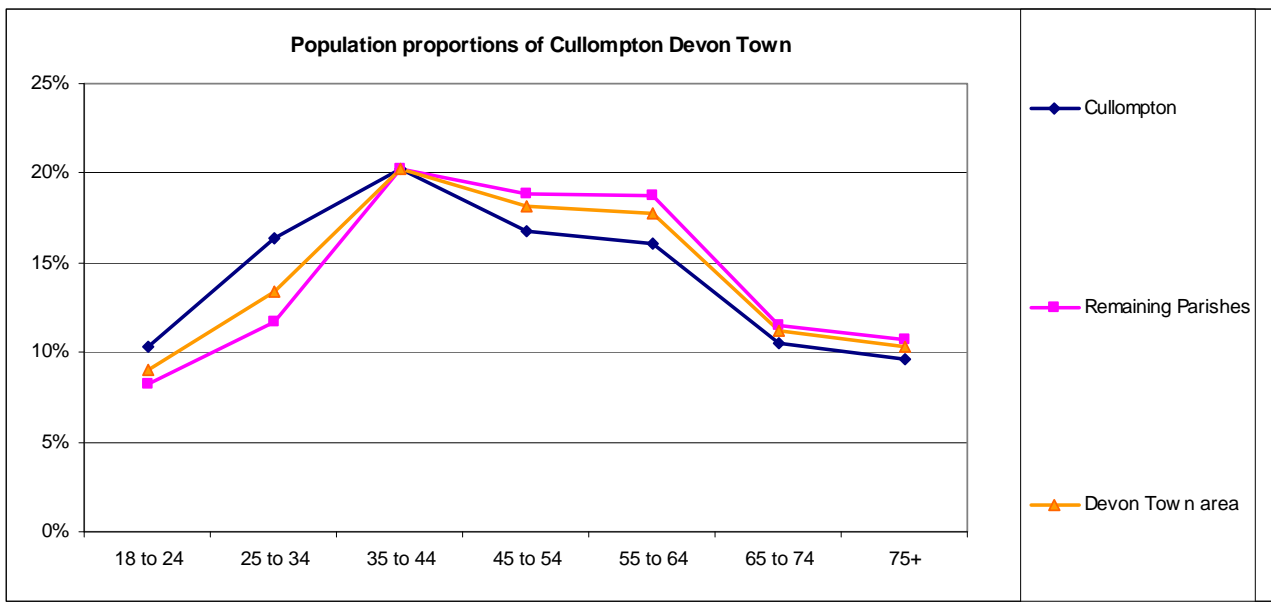

the most populated parish and accounts for 37% of the total population.

Overall in Cullompton DTA the largest group of adult residents fall into the 35 to 44 age range (20%) closely followed by the 45 to 54 and 55 to 64 age groupings.

Parish	18 to 24	25 to 34	35 to 44	45 to 54	55 to 64	65 to 74	75+	Total Population 18 plus	% total population
Cullompton	10%	16%	20%	17%	16%	11%	10%	6,627	37%
Remaining parishes	8%	12%	20%	19%	19%	12%	11%	11,468	63%
Cullompton DTA	9%	13%	20%	18%	18%	11%	10%	18,095	100%
	1,634	2,429	3,655	3,278	3,210	2,024	1,865		

Source: South Devon Health Informatics (FHSA 2008 data)

Cullompton Parish itself has a younger population profile than the remaining parishes.

Cullompton Place Survey Respondents compared with the underlying Devon Town Area

This section looks at how similar the respondents are to the underlying Cullompton population in terms of lifestyle, age, deprivation, tenure and occupation. In doing this it is hoped the results of the survey will be given more credence as representing the underlying population.

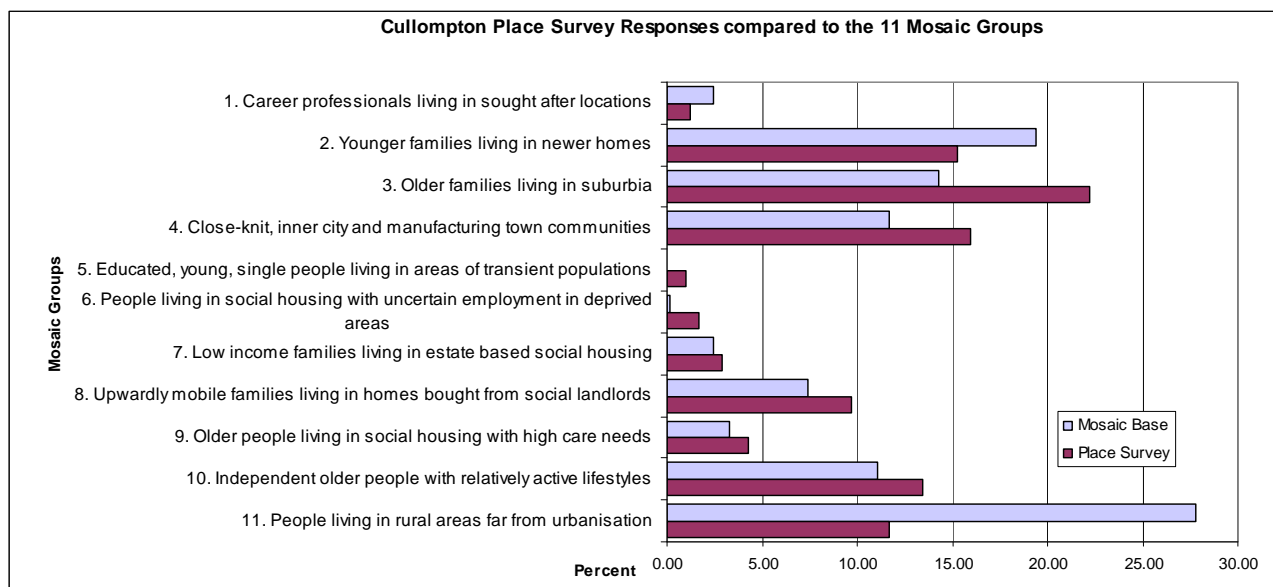

To summarise, the people who responded to the Place Survey in the Cullompton DTA are compared with the underlying population of Cullompton DTA:

- Respondents are broadly similar in terms of lifestyle (Mosaic) but 'People living in rural areas far from urbanisation' and 'younger families living in newer homes' were under represented and 'older families living in suburbia' and 'close-knit, inner city & manufacturing town communities' were comparatively over represented.
- There is a bias towards older age ranges of 55 plus and away from the 18 to 24 age range.
- A good representation in terms of deprivation exists.
- Respondents are biased towards those who own their properties outright at the expense of those owning their property with a mortgage.
- There is a bias towards the retired at the expense of those in full time employment.

Mosaic (Experian)

Mosaic classifies people in terms of lifestyle. There are 11 Lifestyle Groups and 61 Lifestyle Types. For more information please see the Devon Town profiles (http://www.devon.gov.uk/Cullompton_mosaic_profile.pdf) or (<http://www.devon.gov.uk/appendix.pdf>)

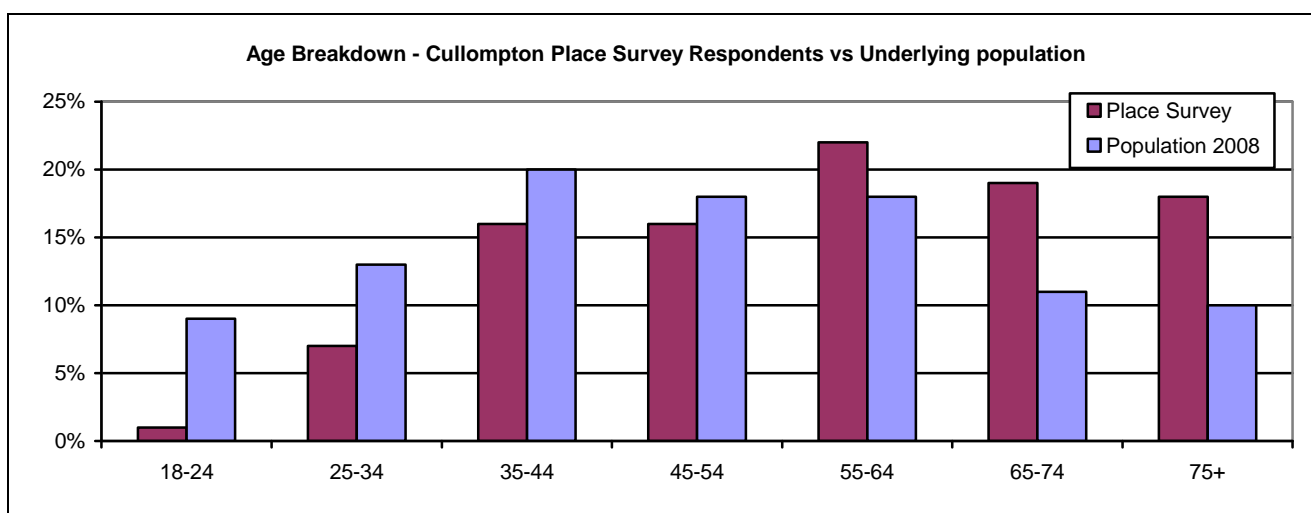

The graph below illustrates that in terms of Mosaic Groups the Place survey respondents from the Cullompton area in general reflect the population structure of the Cullompton DTA. The most noticeable differences are the lower/lack of responses from 'People living in rural areas far from urbanisation' and 'younger families living in newer homes'. Also comparatively more responses were received from 'older families living in suburbia' and 'close-knit, inner city & manufacturing town communities'.

Age

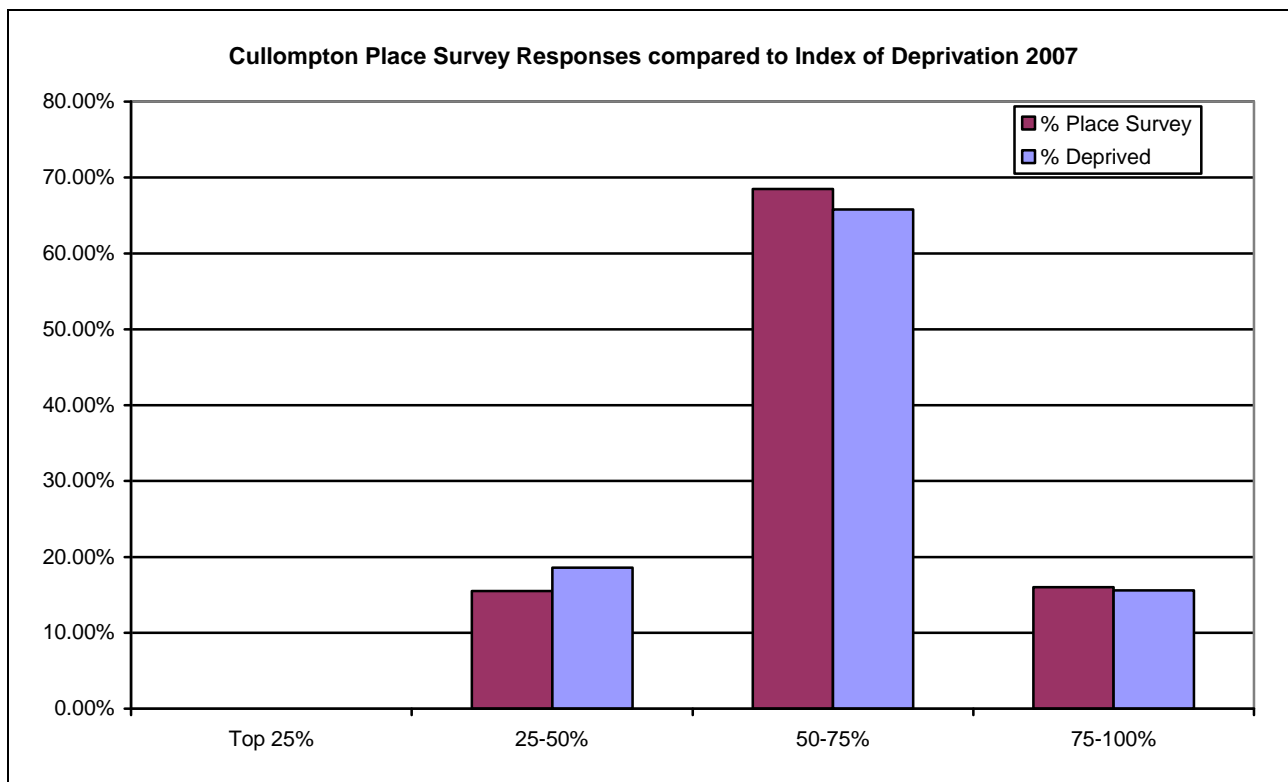

The table (below) and graph (overleaf) show how the Cullompton Place survey respondents tend to be biased towards the older population. From the age ranges of 55 years old and upwards the proportion of respondents is much greater than the underlying population whereas there is an under-representation of the younger respondents particularly 18 to 24 year olds.

	18-24	25-34	35-44	45-54	55-64	65-74	75+
Place Survey Cullompton DTA(2008)	1%	7%	16%	16%	22%	19%	18%
Population Cullompton DTA (FHSA 2008)	9%	13%	20%	18%	18%	11%	10%

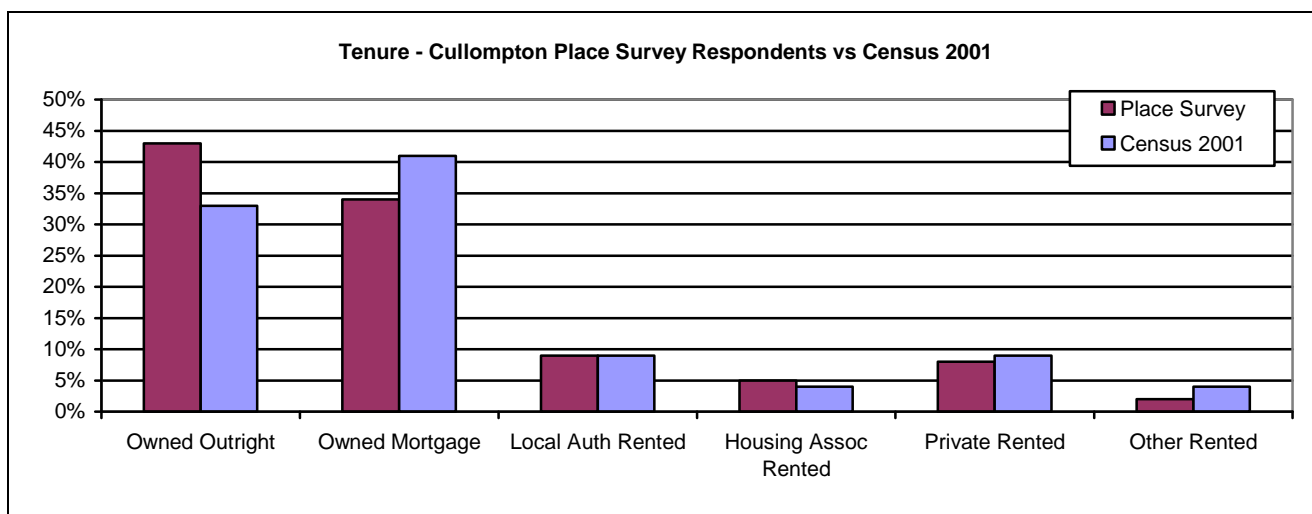

Deprivation (ID 2007)

The Place Survey has been completed by similarly deprived groups which reflect the population.

Tenure

The graph below compares the tenure of Place Survey respondents with the underlying population's tenure (census 2001). One notable difference is that more respondents own property outright with fewer Owning with a Mortgage when compared to the underlying population.

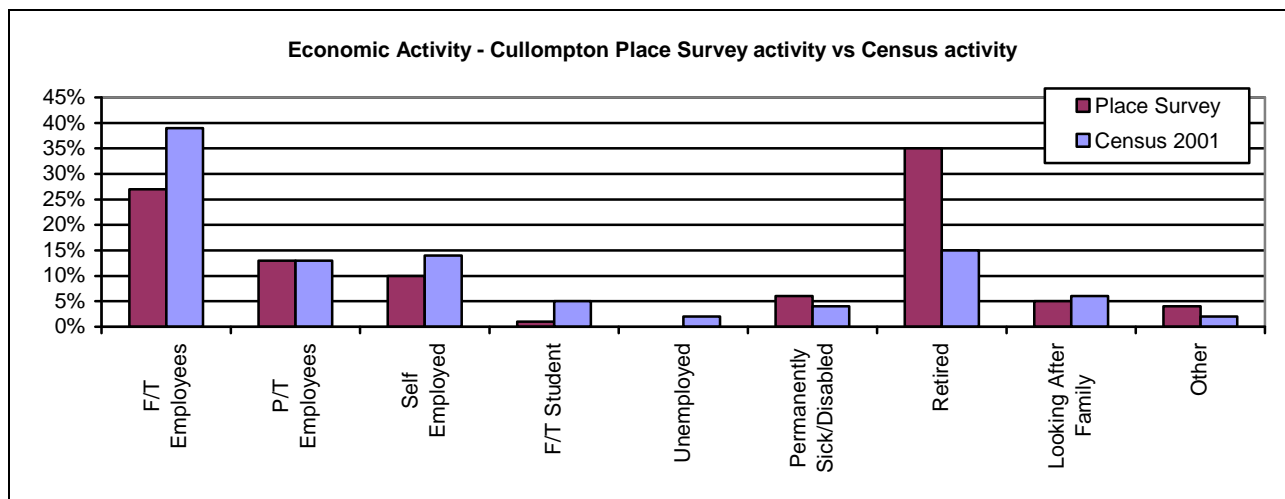

Note that Census information comes from a population aged 16 to 74 whereas the place survey comes from an age range from 18 and above.

Occupation

The current activities of Cullompton Place Survey respondents have been compared to the activities described by the underlying population in the 2001 census. A higher proportion of retired people have responded than expected compared with lower proportions of full-time employees.

Note that Census information comes from a population aged 16 to 74 whereas the place survey comes from an age range from 18 and above.

The Place Survey & Devon's Sustainable Community Strategy 2008 to 2018

The Sustainable Community Strategy is the overarching plan for improving the quality of life of everyone in Devon. It is the long term vision for Devon with key priorities and outcomes for the next ten years.

It aims to achieve the vision of Devon as:

England's greenest county with strong local communities that are prosperous and welcoming with an excellent quality of life and a sustainable future.

In order to achieve this vision the following priorities have been set:

- **A World Class Environment**
- **Homes and Housing**
- **A Safer Devon**
- **Strong and Inclusive Communities**
- **Health and Wellbeing**
- **Inspiring Young People**
- **A Growing Economy** – (not represented by questions in the Place Survey)

The Place Survey covers various aspects but not all of the above Sustainable Community Strategy's priorities as well as other questions. The Place survey results in this report have been organised loosely around the above priorities.

Cullompton Devon Town Area

The results published for District Council areas and above have been weighted by the DCLG. As it would not have been possible to replicate their weighting system for smaller areas, such as Devon Towns and hinterlands, the results used in this report have not been weighted.

Overall, Devon performs strongly against most other local authorities in England for most of the questions asked in the Place Survey and any low positions for Cullompton within Devon may not be as serious as they appear, and this is borne out by the comparisons with national results.

To enable comparison of results each Town has been placed into one of four quartiles each comprising seven/ eight Towns. The upper and lower quartiles have been coloured and numbered 'yellow (1) – best' and 'red (4) – worst' with the other two middle quartiles being referred to as 'blue (2)' and 'orange (3)'. The worst and best are related to performance or involvement etc. dependent on the question.

Overview of performance against priority areas

Compared with other Devon Town Areas, Cullompton ranks well below average in the questions looked at with 50% appearing mostly in the **red** quartile and a further 25% in the **orange**. Only 25% of questions fell into the upper two quartiles.

Looking at the priority areas, Cullompton fared better than average in the 'Health and Wellbeing' section but comparatively poorly in 'A safer Devon' and 'Inspiring young people'.

The following table illustrates where the questions fall in terms of both priority area and quartile:

Priority Area	No. questions	Quartile into which question falls			
		Worst	Orange	Blue	Best
A world class environment	8	2	4	1	1
Homes and Housing	2	1	1		
A safer Devon	12	8	3	1	
Strong and Inclusive communities	9	5	1	2	1
Health and Well being	4		1		3
Inspiring young people	5	4		1	
Total	40	20	10	5	5
Percentage	100%	50%	25%	12.5%	12.5%

Summary and results table

With respect to the areas which the Cullompton DTA sees as important and in need of improvement there are comparatively few priority area. Activities for teenagers, road and pavement repairs, levels of traffic congestion are viewed as more in need of improvement than being important.

The Cullompton DTA shows a comparatively low level of satisfaction (A World Class Environment) with its living environment when compared with other DTAs. Most satisfaction questions such as those which make the area cleaner greener/ keep land free of litter and rubbish/ collect refuse/ perform recycling and local tips all fall into the **orange** and **red** quartiles On a more positive note Cullompton respondents were happier with local transport information (blue quartile) and local bus services (**yellow** quartile).

With regard to '**Homes and Housing**', satisfaction with the both the local area (**red** quartile) and home (**orange** quartile) were both comparatively poor.

Questions that fall under a ‘**Safer Devon**’ priority indicate that Cullompton respondents have a comparatively high degree of dissatisfaction. Satisfaction with Devon & Cornwall Constabulary and Devon & Somerset Fire and Rescue Service both fell into the **red** quartile. In addition perceptions of antisocial behaviour (ASB), drunk and rowdy behaviour, teenagers hanging around the streets, vandalism and graffiti as problems along with safety after dark also fell into the **red** quartile. Falling into the **orange** quartile were opinions that local public services were working to make the area safer, dealing with concerns about antisocial behaviour and drug use/ dealing as problem. The only positive in the section was that an above average proportion of people (**blue** quartile) thought that there was some understanding about anti social behaviour and crime.

‘**Strong and Inclusive Communities**’ is a priority area that looks at community cohesion. Compared with other DTAs, a lower proportion (**red** quartile) of Cullompton respondents felt that people from different backgrounds got on well and that they belonged to their neighbourhood and that people treated each other with respect and consideration. A lower proportion were also involved and wanted to be involved in local decision making. On a more positive note a greater proportion of respondents felt that local services treated all types of people equally (**yellow** quartile) and that local public services acted on the concerns of residents and that they (the residents) could influence local decision (**blue** quartile).

With respect to ‘**Health and Wellbeing**’, the overall perception lies in the **yellow** quartile. Satisfaction with GPs has the worst perception (**orange** quartile) whereas satisfaction with dentists and the local hospital (**yellow** quartile) is much higher.

Cullompton has mostly low levels of satisfaction in areas that fall under the ‘**inspiring young people**’ priority. User satisfaction with sport/ leisure facilities appear in the **blue** quartile. Satisfaction with all other facilities looked at i.e. libraries, museums/galleries, theatres/ concert halls and park/ open spaces all fall into the **red** quartile.

The table below shows the position of the Cullompton Devon Town Area in relation to the other 28 Town Areas.

Q8k	How satisfied are you with parks/ open spaces (users)?	

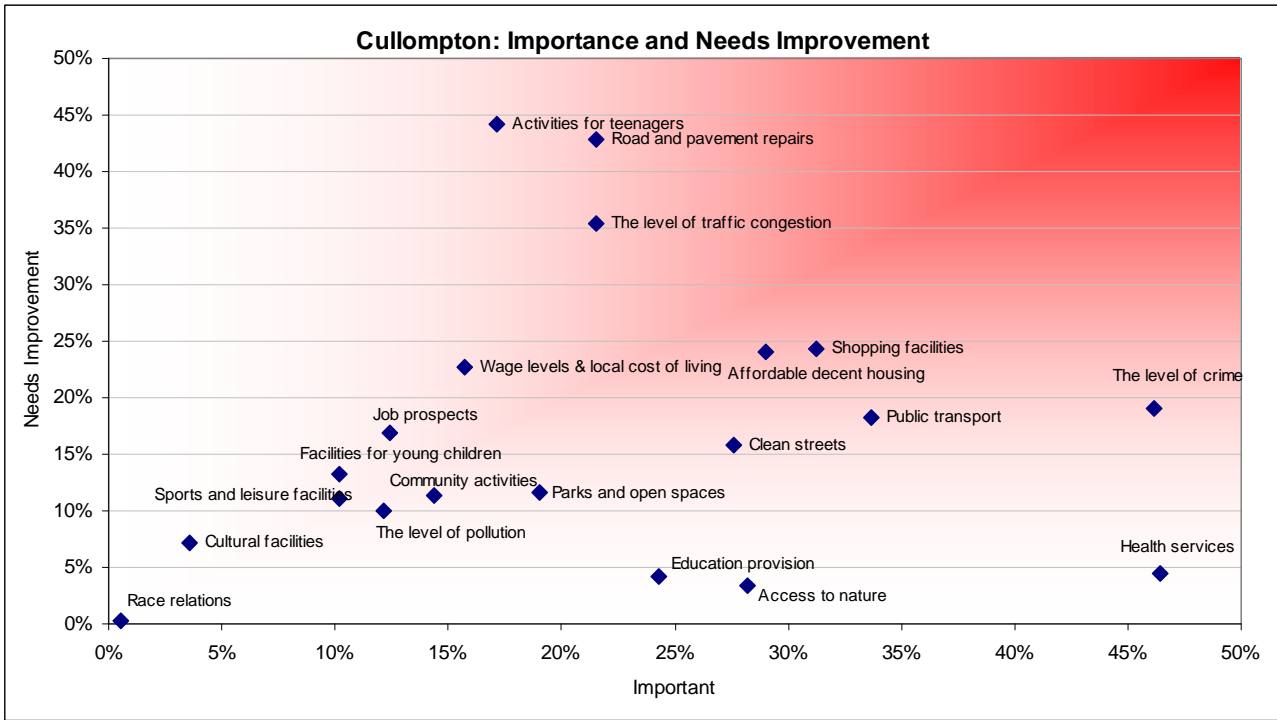

Cullompton Devon Town Area Detailed Results

When comparing each of the Devon Town Areas in the charts below, care should be taken with the results for all questions relating to Moretonhampstead and Lynton & Lynmouth DTAs. Compared with other areas, these two DTAs contain very small numbers of households, and consequently numbers of responses are too low to provide reliable comparisons. Given this, Place Survey reports on these two DTAs have not been published.

The scatter graph overleaf illustrates the results for questions 1 and 2. It gives an overall impression of how the Cullompton DTA respondents feel about the facilities/ services and other factors influencing everyday life as a resident in Cullompton DTA.

Those areas that are seen as most important (in making somewhere a good place to live), and in need of improvement (in the Cullompton DTA) appear in the upper right hand section of the scatter diagram below.

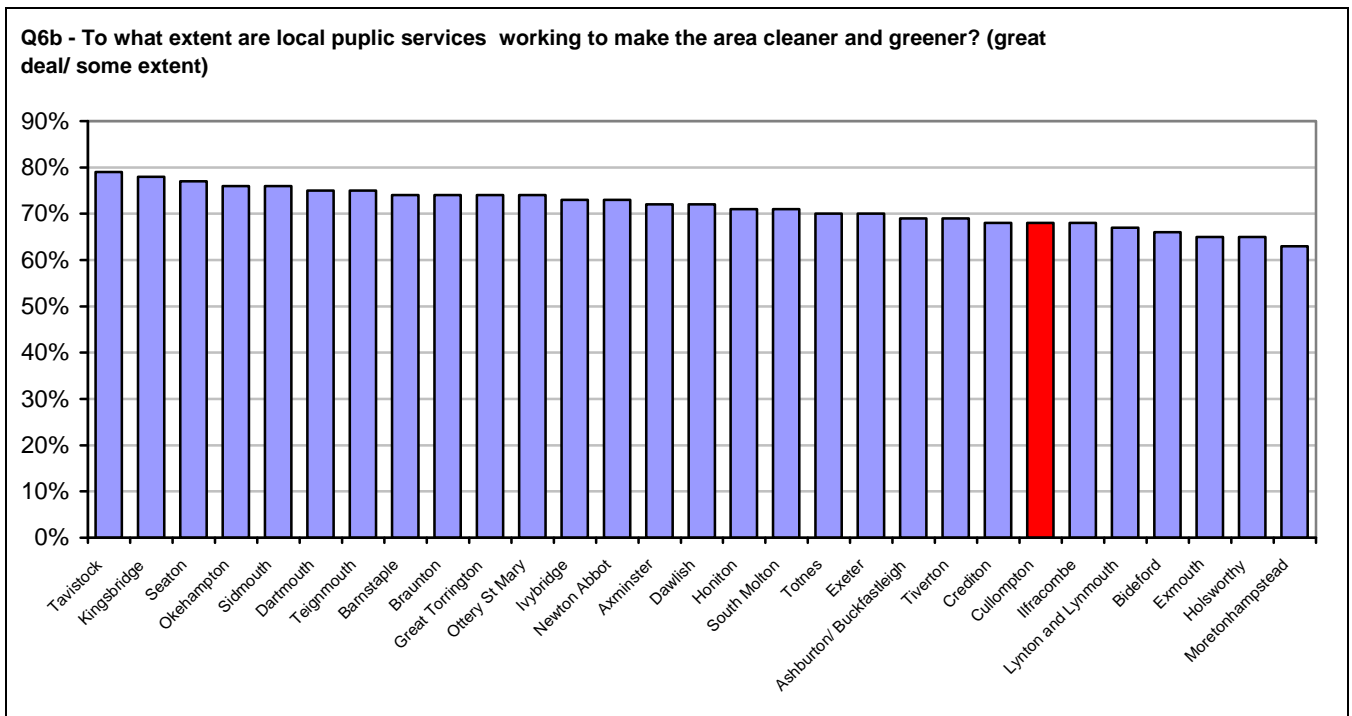

The bottom left hand corner shows the areas that are of comparatively low importance (in making somewhere a good place to live) and in comparatively less need of improvement (in the Cullompton DTA).

A World Class Environment

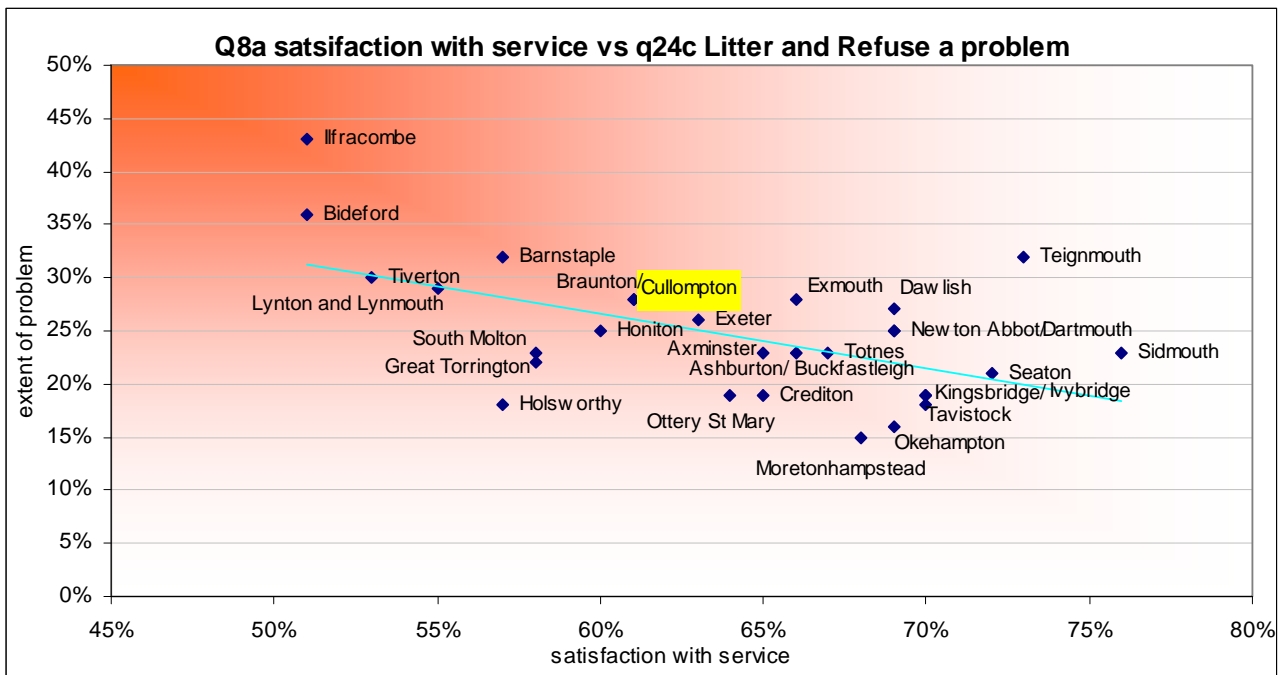

Q6b To what extent are local public services working to make the area greener and cleaner? (a great deal/ to some extent)

The Cullompton DTA appears in the **red** quartile with 68% of respondents thinking that public services are working to achieve this (max 79%; min 63%).

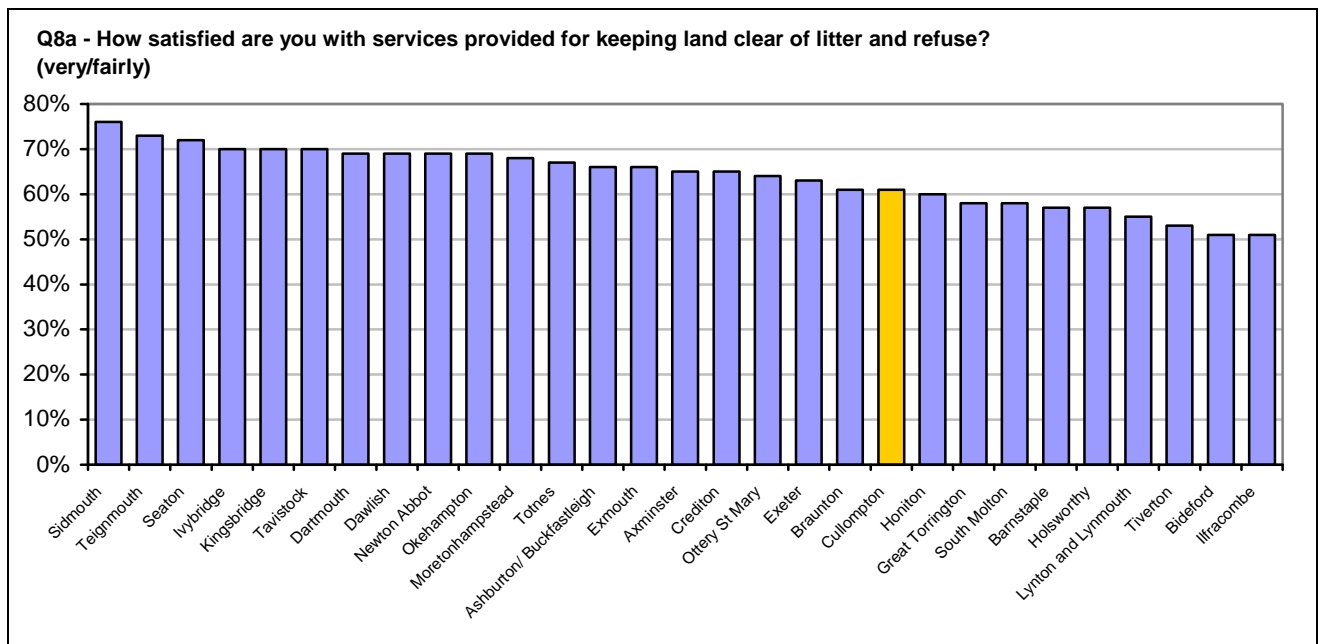

Q8a How satisfied are you with local public services that work to make the area greener and cleaner? (very/ fairly satisfied)

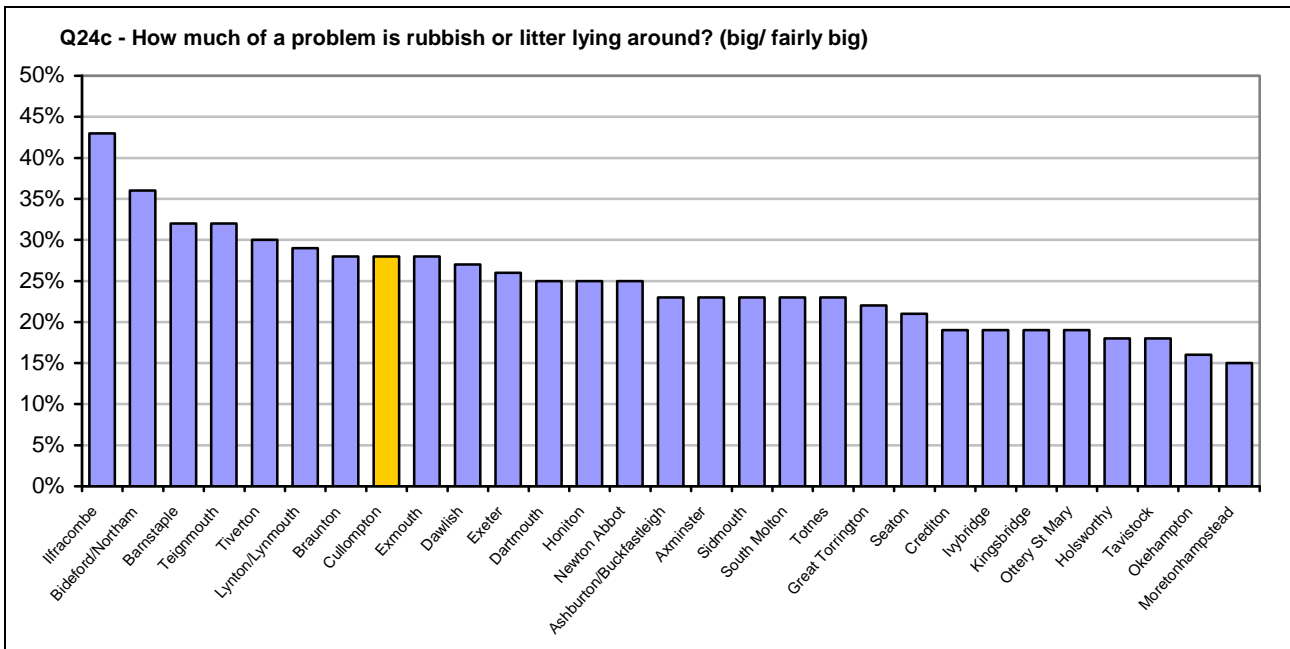

Q24c How much of a problem in your local area is rubbish and litter lying around? (a very big/ fairly big problem)

The Cullompton DTA falls in the **orange** quartile for Q8a with 61% of respondents being very/ fairly satisfied with services which keep the land clear of litter and refuse (max 86%; min 51%; national average 58%).

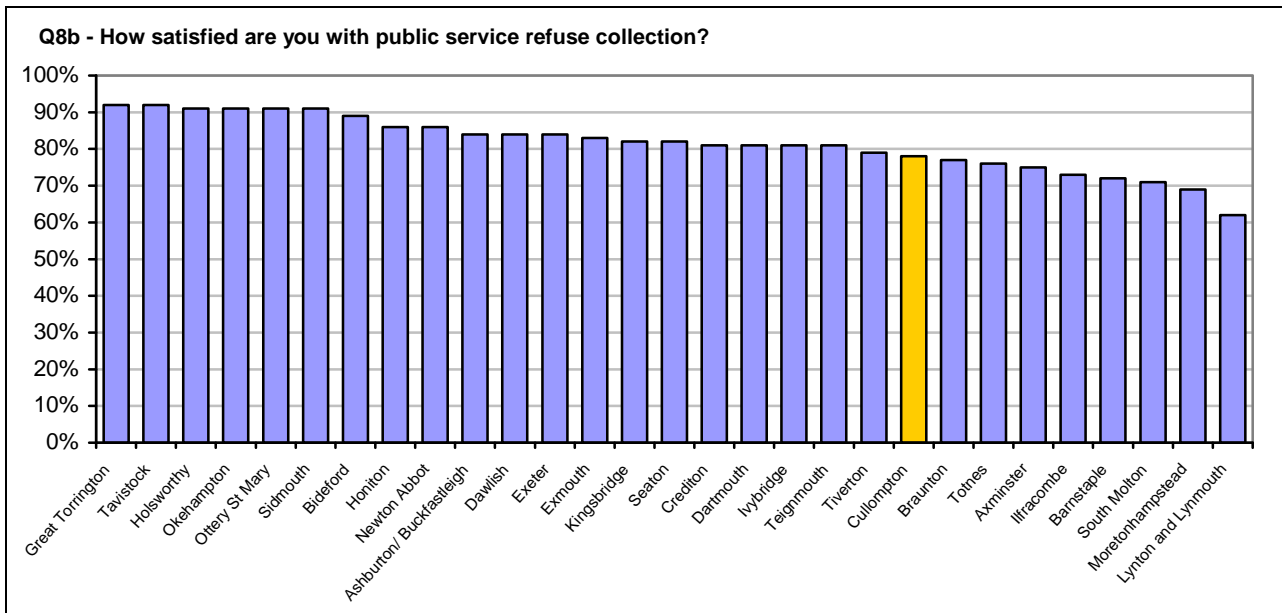

28% of the Cullompton DTA respondents saw the problem of rubbish or litter lying around as a big/ fairly big problem which when compared with responses from other area puts the Cullompton DTA on the threshold of the **orange** quartile for Q24c (max; 43%; min: 15%).

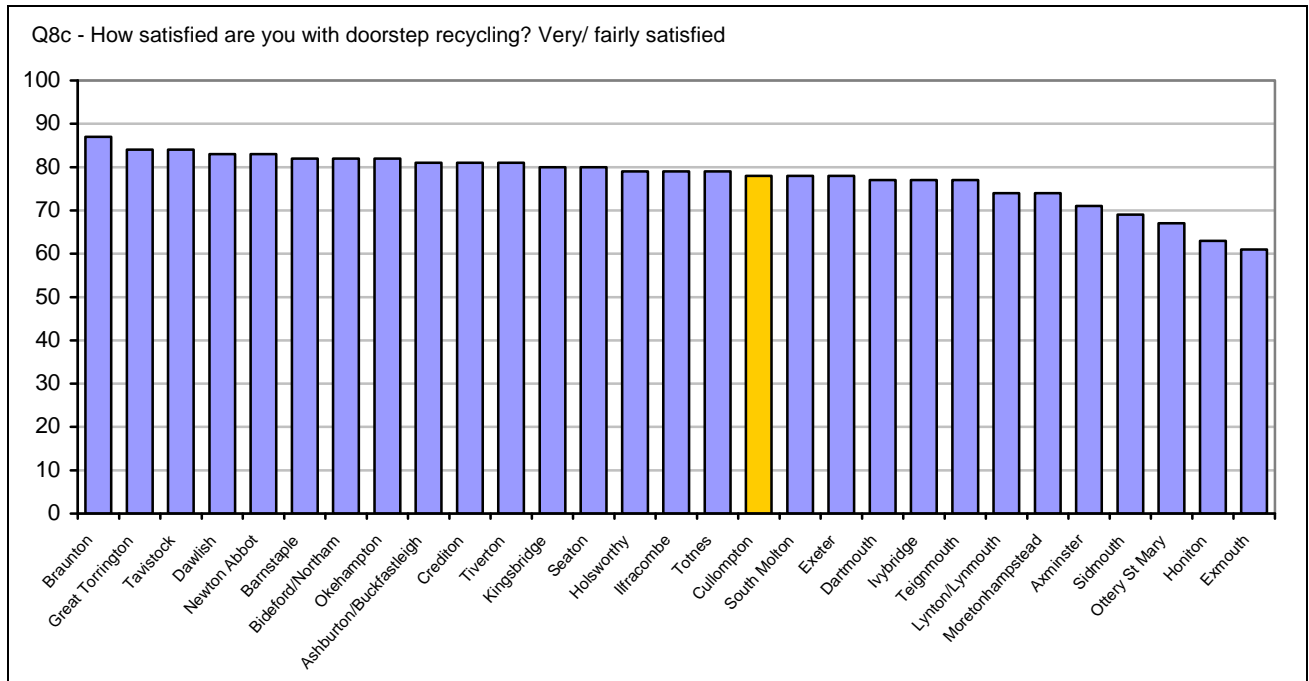

Q8b How satisfied are you with local public services responsible for refuse collection? (very/ fairly satisfied)

The Cullompton DTA is in the orange quartile with 78% of respondents being very/ fairly satisfied with refuse collection. (max 92%; min 62%; national average 77%).

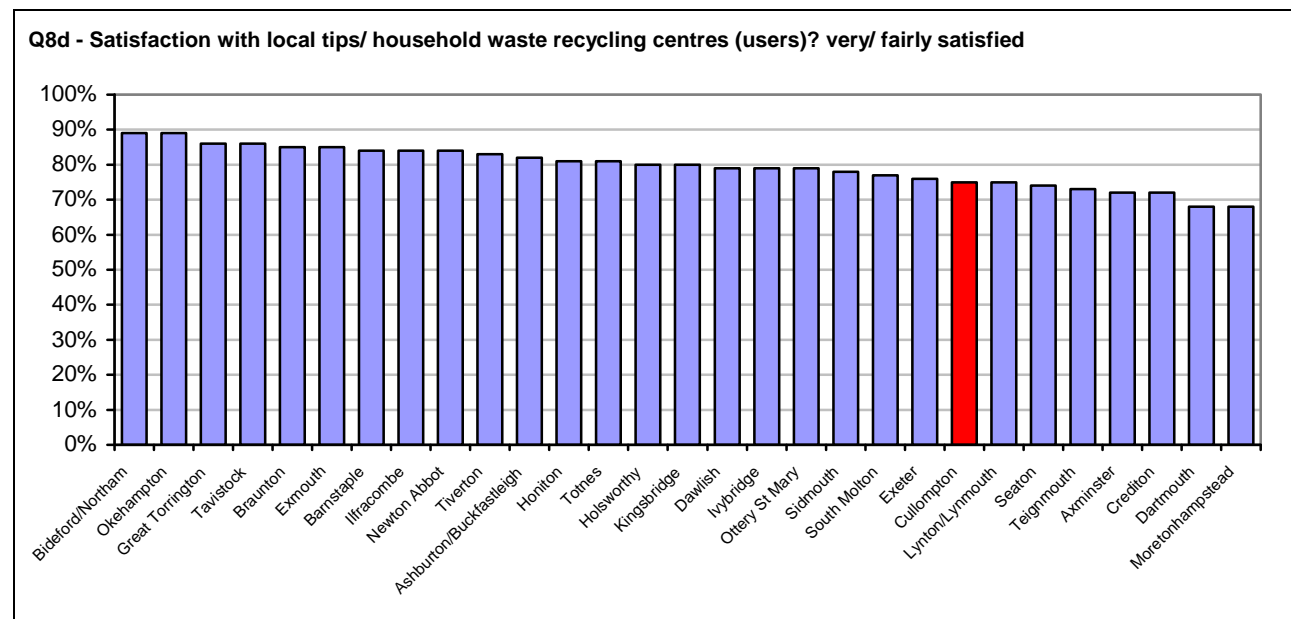

Q8c How satisfied are you with local public services responsible for doorstep recycling? (very/ fairly satisfied)

The Cullompton DTA is in the **orange** quartile with 78% of respondents being very/ fairly satisfied with doorstep recycling. (max 87%; min 61%; national average 70%).

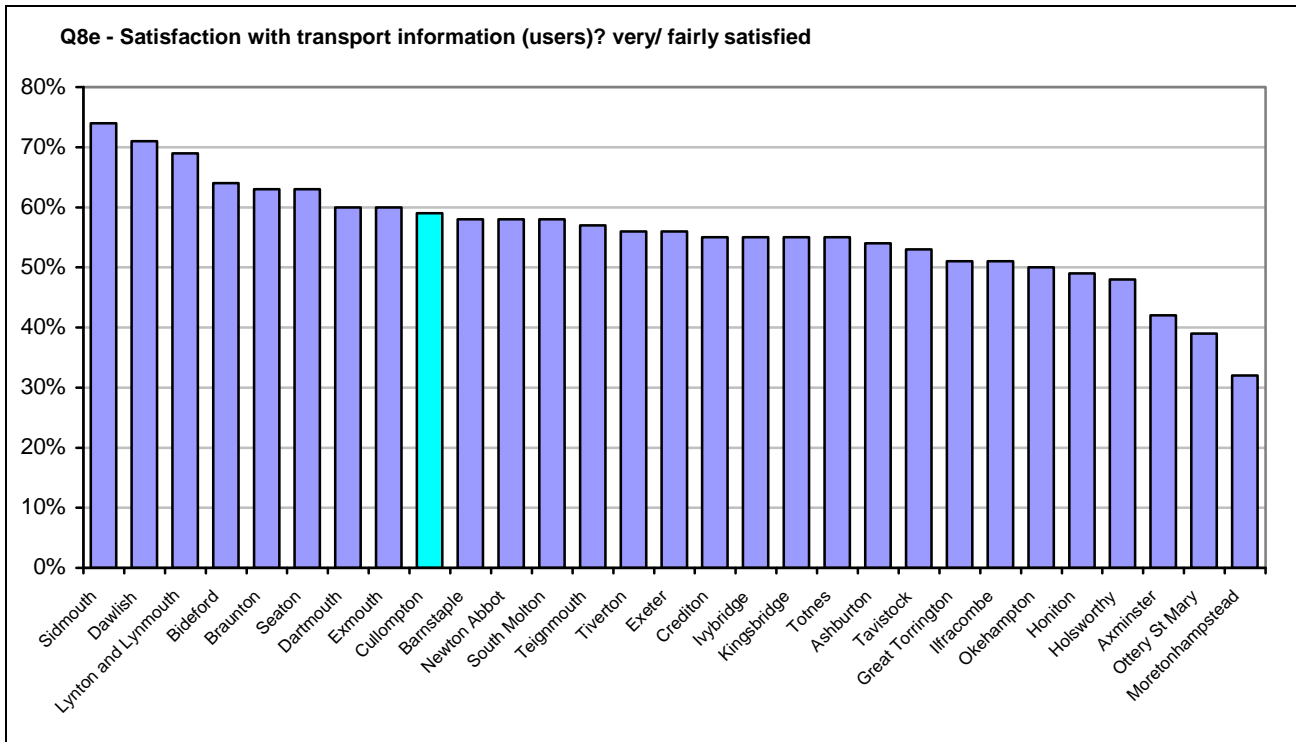

Q8d How satisfied are users with local public services responsible for local tips/ household waste recycling centres? (very/ fairly satisfied)

The Cullompton DTA is in the **red** quartile with 75% of respondents who use the service being very/ fairly satisfied with local tips and household waste recycling centres (max 89%; min 68%; national average 72%).

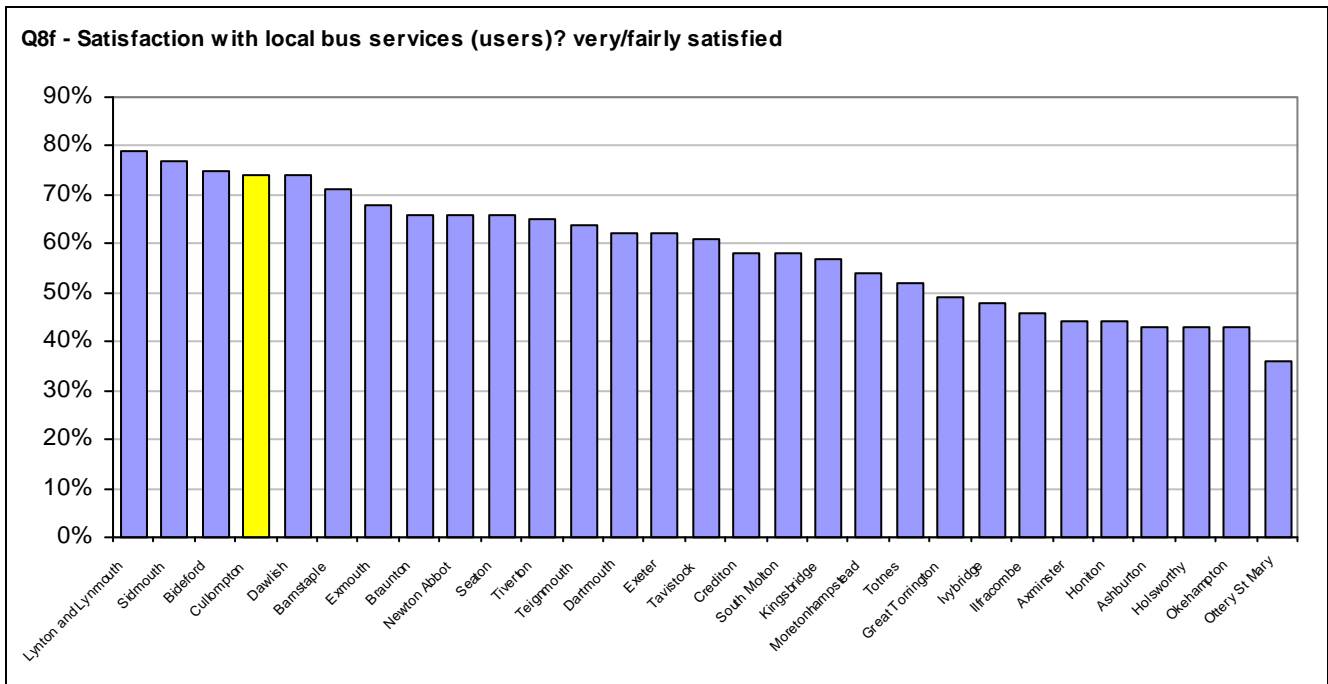

Q8e How satisfied are users with transport information? (very/ fairly satisfied)

The Cullompton DTA is in the **blue** quartile with 59% of respondents who used the service being very/ fairly satisfied with transport information. (max 74%; min 32%)

Q8f How satisfied are users with local bus services? (very/ fairly satisfied)

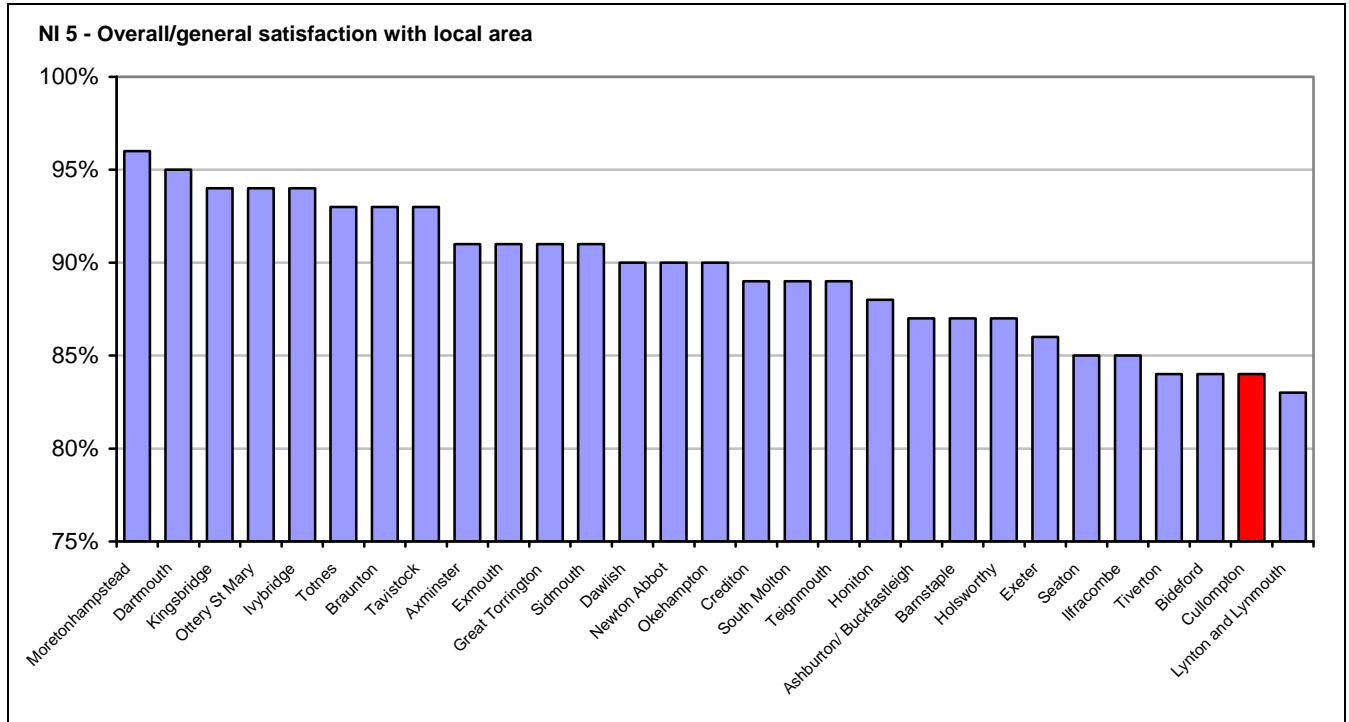

The Cullompton DTA is in the **yellow** quartile with 74% of respondents who used the service being very/ fairly satisfied with local bus services. (max 79%; min 36%).

Homes and Housing

Q3 (NI 5) Overall, how satisfied are you with your local area as a place to live? (very/ fairly)

The graph below shows the Cullompton DTA falling in the **red** quartile with 84% of people being very/ fairly satisfied with their local area as a place to live (max 96%; min 83%; national average 81%). There is a wide difference between Cullompton Parish (71%) and the hinterlands (91%).

Q4 – How satisfied are you with your home as a place to live? (very/ fairly satisfied)

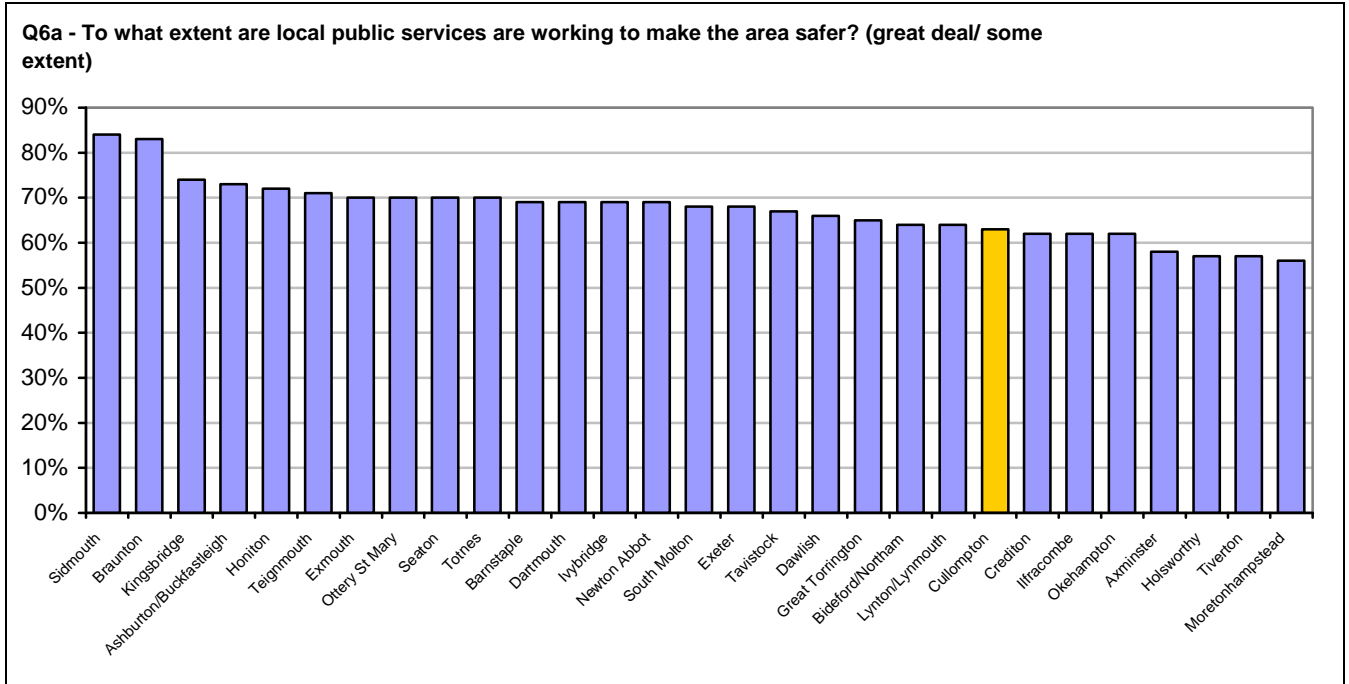

Although the Cullompton DTA did not have the highest rates of satisfaction in the county and appeared in the **orange** quartile 92% of respondents were very /fairly satisfied with their home as a place to live (max 97%; min 87%).

A Safer Devon

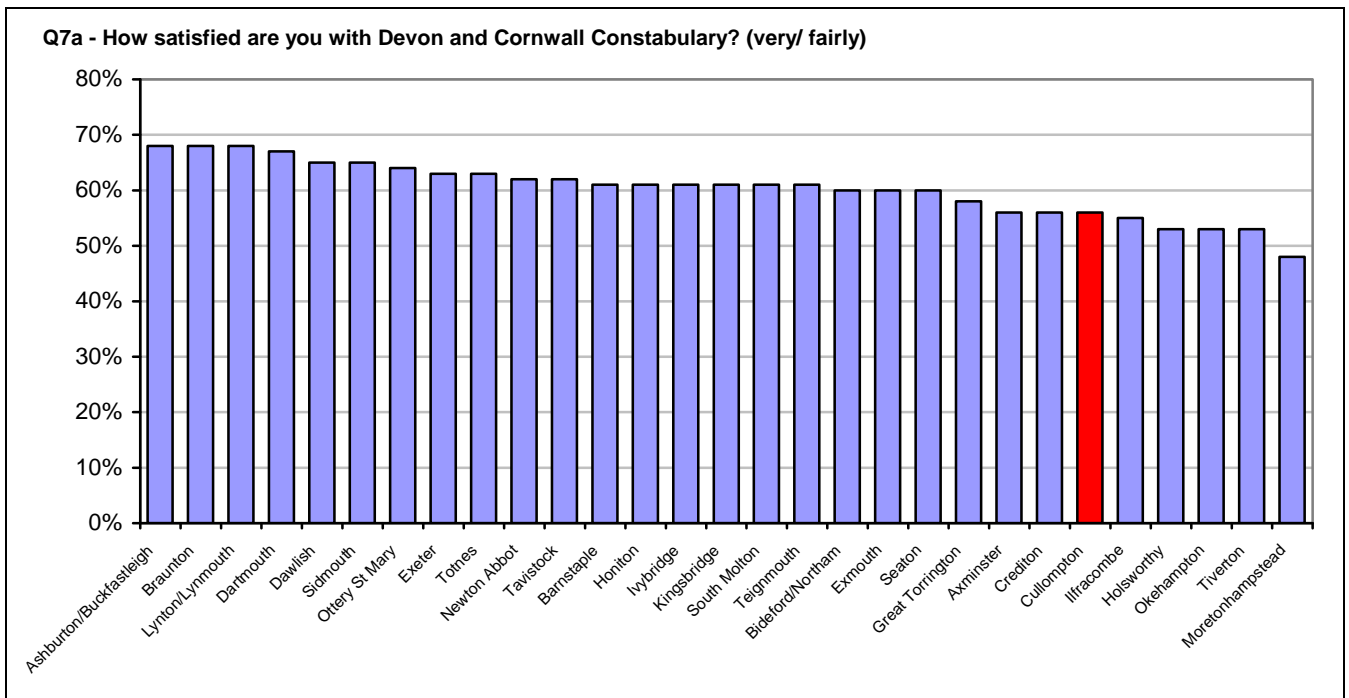

Q6a To what extent are local public services working to make the area safer? (a great deal/ to some extent)

The graph below highlights the Cullompton DTA as appearing in the **orange** quartile (63%) as regards whether people think public services are working to make the Cullompton DTA a safer place. (max 84%; min 56%)

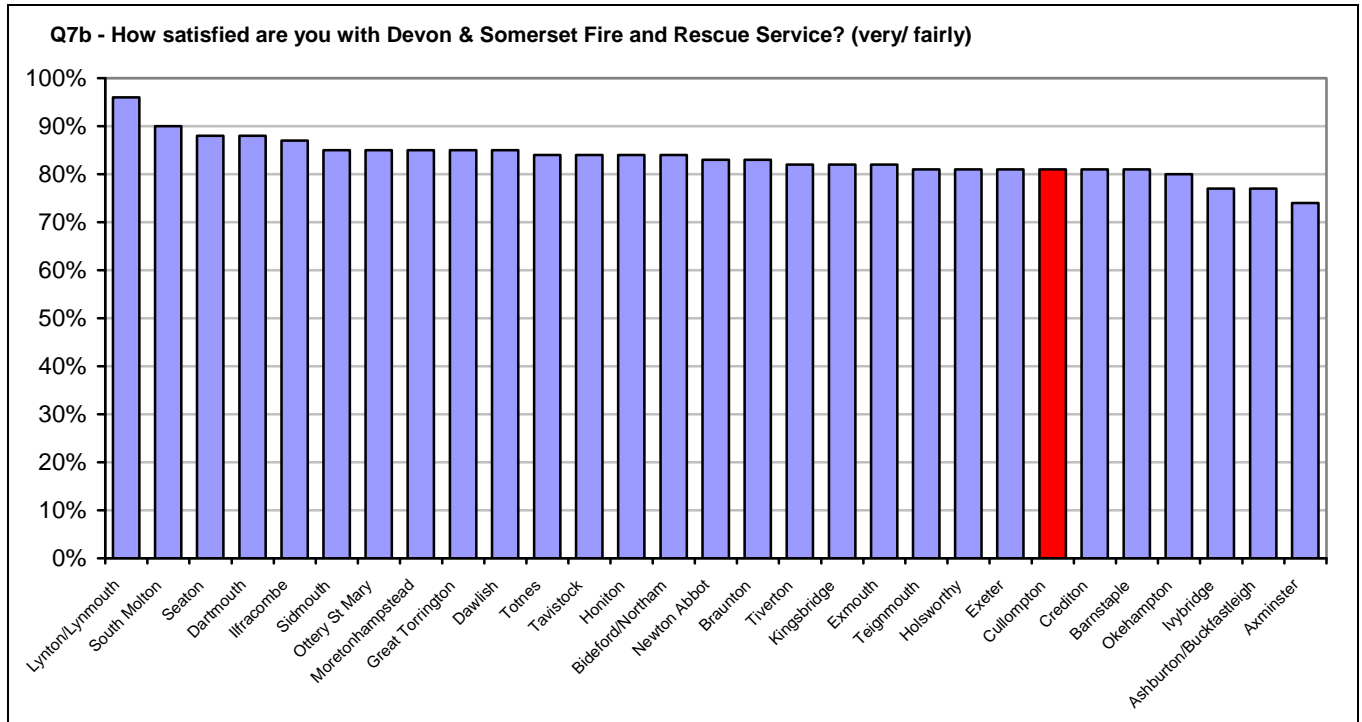

Q7a How satisfied are you with Devon & Cornwall Constabulary? (very/ fairly satisfied)

The Cullompton DTA appears in the **red** quartile with 56% of respondents very/ fairly satisfied (max 68%; min 48%).

Q7b How satisfied are you with Devon & Somerset Fire and Rescue Service? (very/fairly satisfied)

The Cullompton DTA appears in the **red** quartile with 81% of respondents very/fairly satisfied. (max 96%; min 74%)

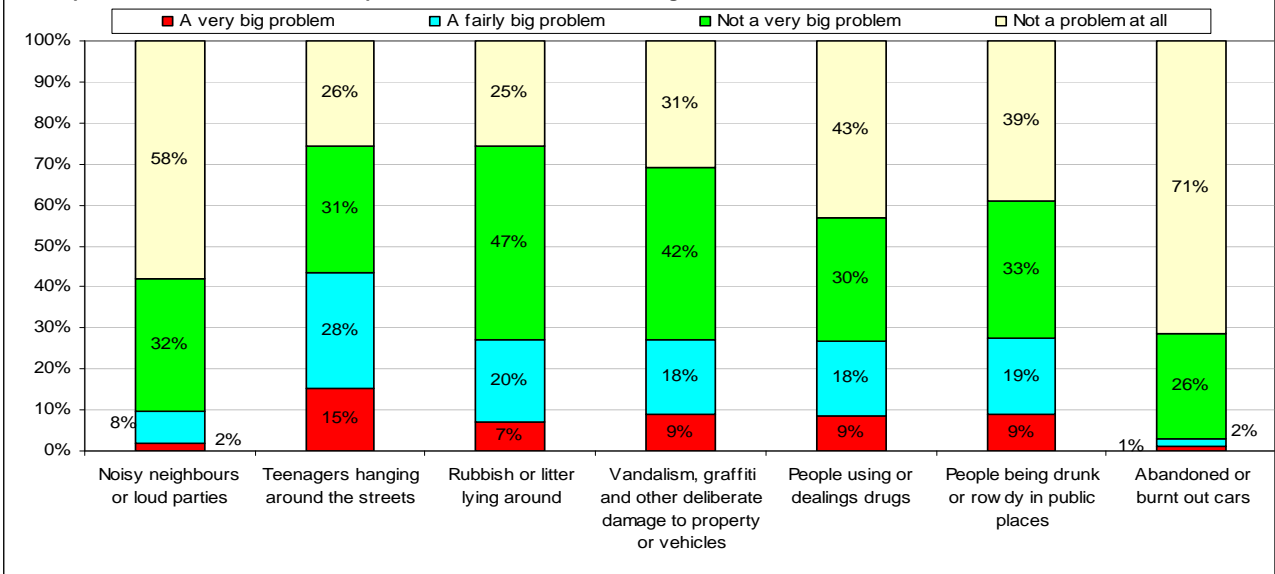

NI 17 – Perceptions of antisocial behaviour

This national indicator combines several types of ASB (see labels on second graph below) to give a combined result for the indicator. The Cullompton DTA falls into the **red** quartile with 17% of respondents seeing antisocial behaviour as a very/ fairly big problem. (max 23%; min 2%; national average 19%). There is a considerable variation between Cullompton Parish (33%) and the hinterlands (8%).

NI 17 - Perceptions of Antisocial Behaviour as a problem

Cullompton DTA : Q24 - How much of a problem are each of the following

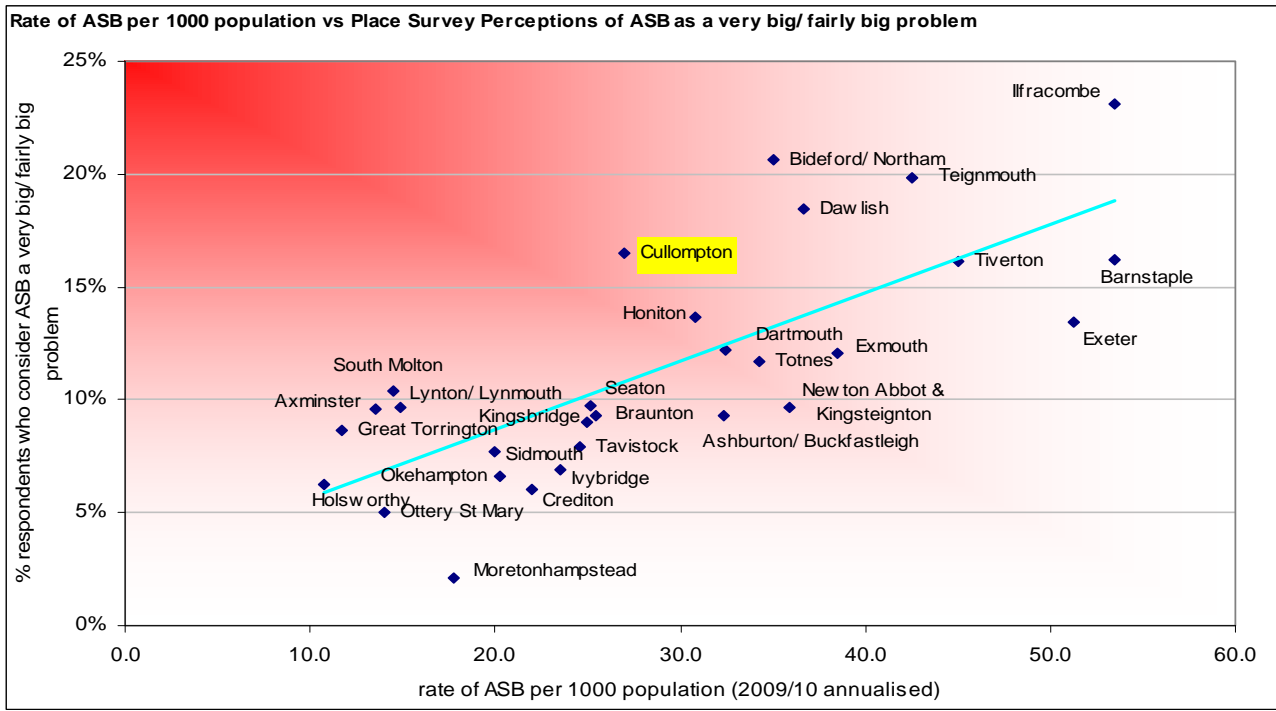

Perceptions of ASB and rates of ASB incidents

The following scatter chart shows the annualised 2009/10 rate (per 1000 people) of antisocial behaviour in each DTA against the proportion of Place Survey respondents for each DTA who consider ASB to be a very / fairly big problem.

The chart shows a comparatively strong relationship between the rate of ASB and perception of ASB as a problem. In general lower rates of ASB corresponded with comparatively lower proportions of respondents seeing ASB as a problem. None of the DTAs fall into the upper left or lower right quadrants which would indicate comparatively large discrepancies between the real life situation of ASB (as reported to the Police) and their perceptions of ASB.

Cullompton DTA lies in the upper centre of the chart. Compared with other DTAs it has both an above average (orange quartile) rate of ASB and perception (red quartile) of it as a problem. Other DTAs with similar rates of ASB perceive it as considerably less of a problem.

* based on January to June 2009 Police primary qualifier

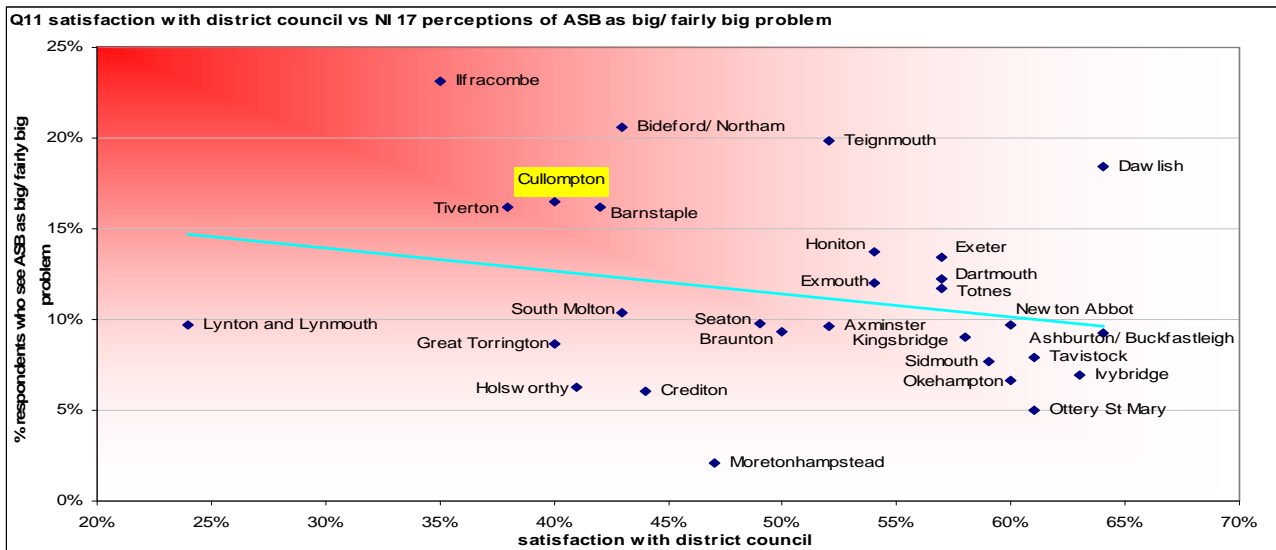

Perceptions of ASB and satisfaction with the district council

The following scatter graph shows the proportion of Place Survey respondents for each DTA who consider ASB to be a very / fairly big problem against the proportion of the DTA who were either very/ fairly satisfied with their district council.

The chart shows that as satisfaction increases the perception of ASB as a problem falls. Most DTAs however fall into the bottom right quadrant which shows comparatively high satisfaction with their district council and comparatively low perception of ASB as a problem.

Cullompton DTA falls into the upper left quadrant of the chart indicating comparatively low satisfaction (40% - red quartile) with Mid Devon District Council and a comparatively high proportion of respondents believing ASB to be a big/ fairly big problem (17% - red quartile).

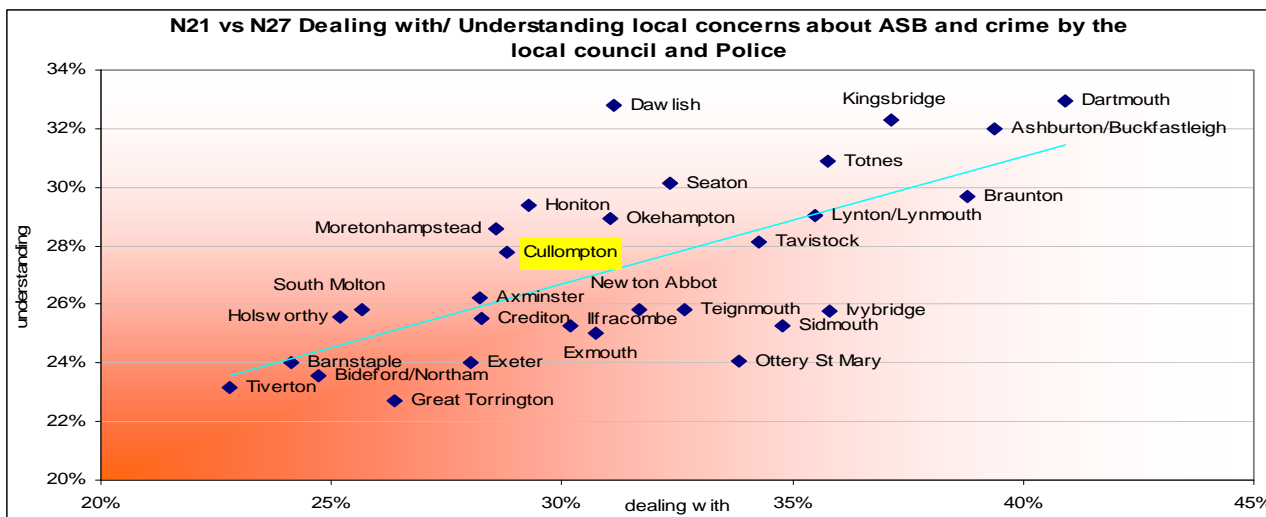

NI 21 – Dealing with local concerns about anti social behaviour and crime the by the local council and police (strongly agree/ tend to agree)

NI 27 - Understanding of local concerns about antisocial behaviour and crime by the local council and Police (strongly agree/ tend to agree)

With respect to NI 21, the Cullompton DTA falls into the orange quartile with 29% of respondents strongly agreeing/ tending to agree that the local council and Police are dealing with concerns about ASB (min 23%; max 41%; national average 27%). Cullompton Parish sees a figure of 24% whereas the hinterlands see 31%.

NI 27 sees the Cullompton DTA falling into the blue quartile with 28% of respondents strongly agreeing/ tending to agree that the local council and Police understand their concerns about ASB (min 23%; max 33%; national average 25%). Cullompton Parish sees a figure of 22% whereas the hinterlands see 31%.

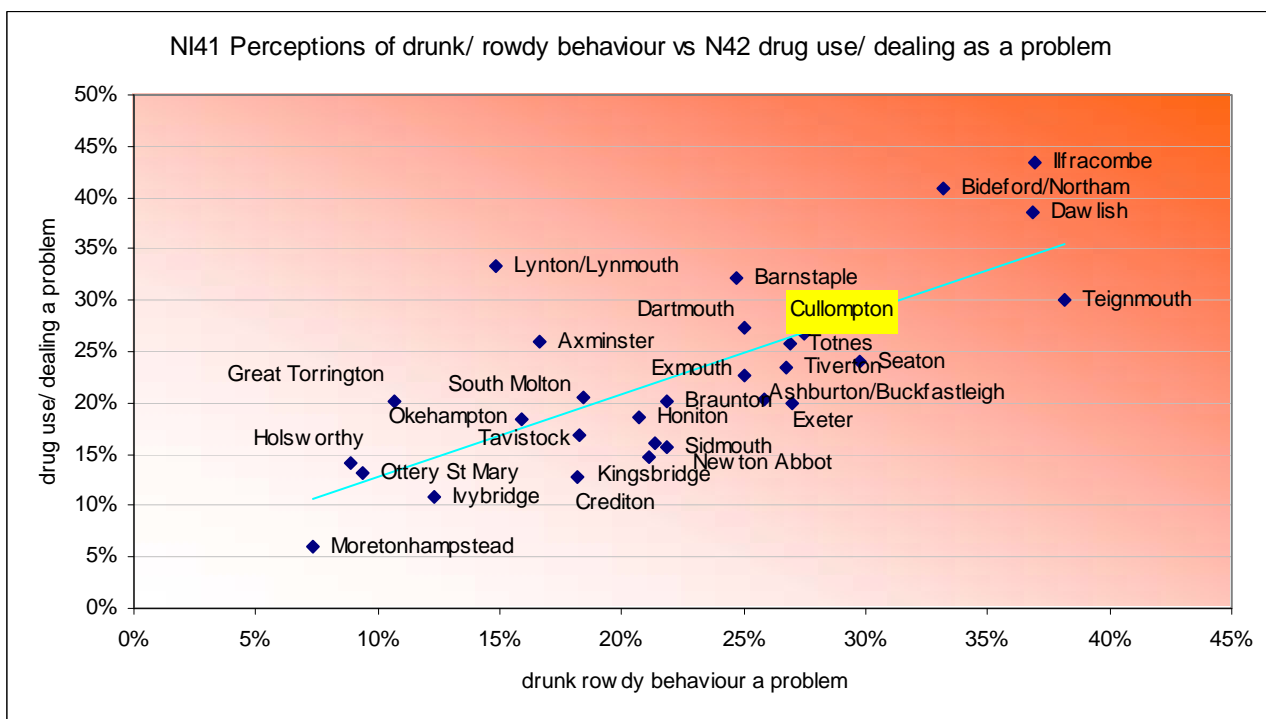

NI 41 – Perceptions of drunk or rowdy behaviour as a problem (very big/ fairly big problem)

NI 42 – Perceptions of drug use or dealing as a problem (very big/ fairly big problem)

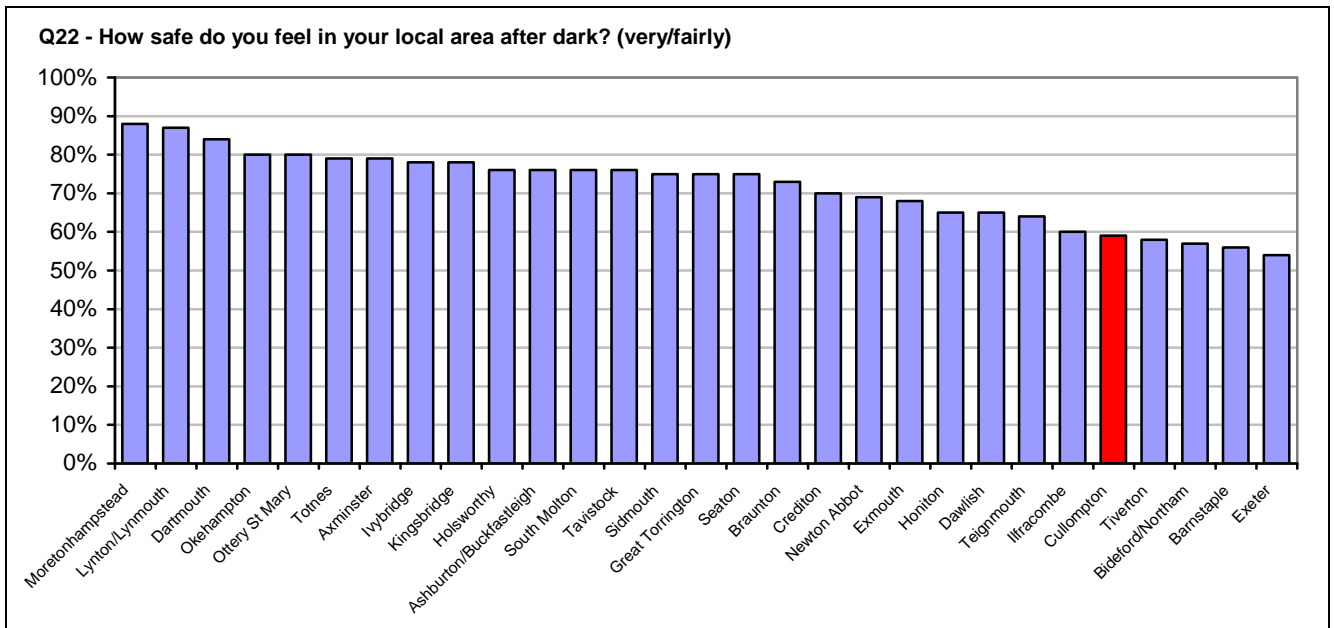

With respect to NI 41, the Cullompton DTA falls into the red quartile with 27% of respondents thinking that drunk or rowdy behaviour is a very big/ fairly big problem in the Cullompton DTA (min 7%; max 38%; national average 28%).

NI 42 sees the Cullompton DTA falling into the orange quartile. 27% of respondents think that drug use or dealing is a very big/ fairly big problem in Cullompton DTA (max 43%; min 7%; national average 29%).

Q22 How safe do you feel in your local area after dark? (very/fairly safe)

Respondents in the Cullompton DTA feel comparatively less safe than in the other DTAs and results placed them in the **red** quartile with 59% (range: 54% to 88%).

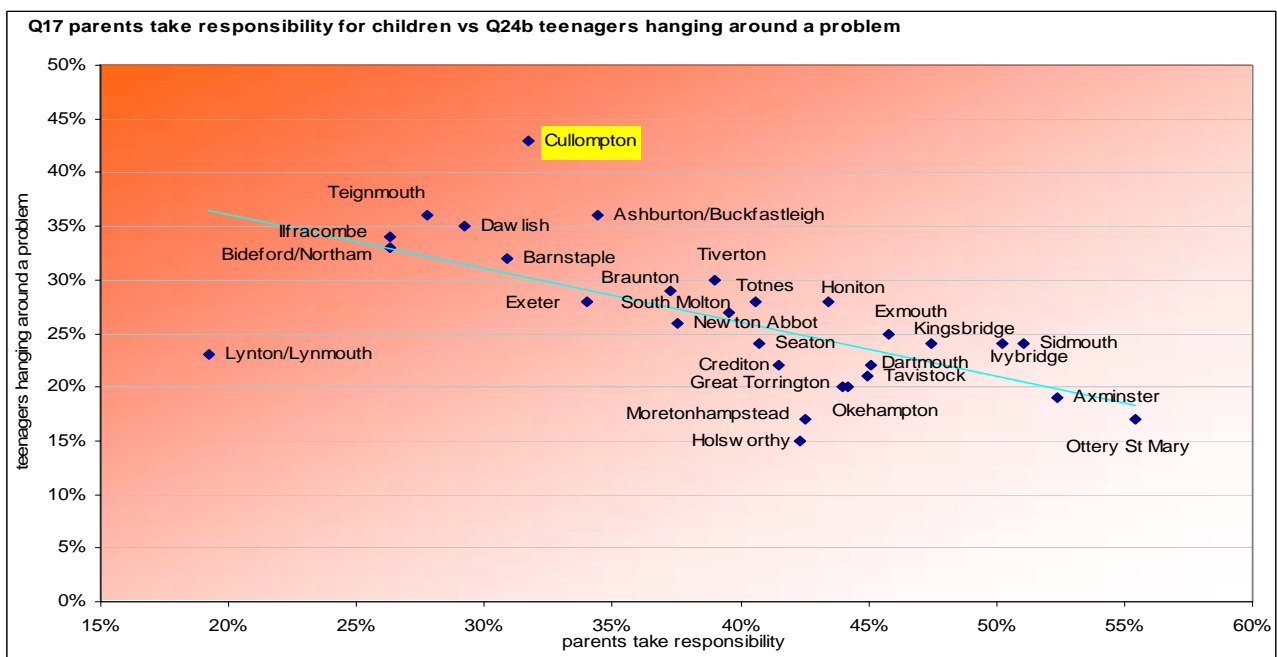

Q 17 – To what extent do you agree that in your local area, parents take enough responsibility for the behaviour of their children? (definitely agree/ tend to agree)

Q 24b – How much of a problem are teenagers hanging around the streets? (a very / fairly big problem)

The scatter graph below shows a correlation between perceptions that parents take responsibility for their children and that teenagers hanging around the street is a problem.

The Cullompton DTA appears in the **red** quartile for both areas. Q17 sees the Cullompton DTA with 32% of respondents definitely/ tending to agree that parents take enough responsibility for their children’s behaviour. (max: 55% min 19%) and Q24b sees the Cullompton DTA with 43% of respondents seeing teenagers hanging around the streets as a very / fairly big problem (max: 43% min 15%).

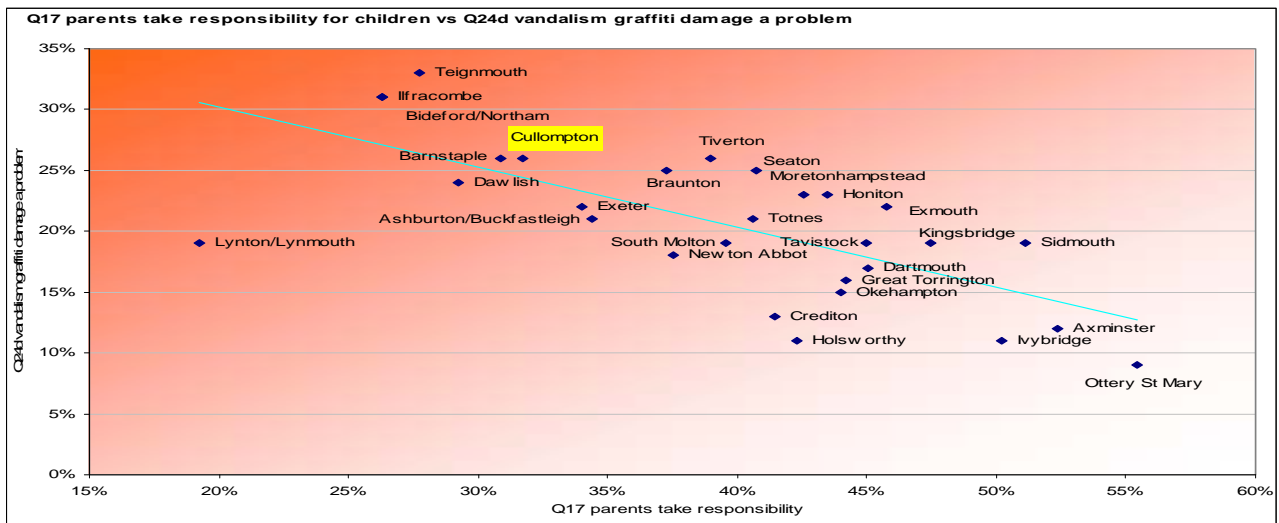

Q 24d – How much of a problem is vandalism, graffiti and other deliberate damage to property or

vehicles? (a very / fairly big problem)

The scatter chart overleaf shows a correlation between perceptions that parents take responsibility for their children and that vandalism, graffiti and other deliberate damage is a problem.

The Cullompton DTA appears in the **red** quartile with 26% of respondents seeing vandalism, graffiti and deliberate damage being a big/ fairly big problem (max: 33% min 9%).

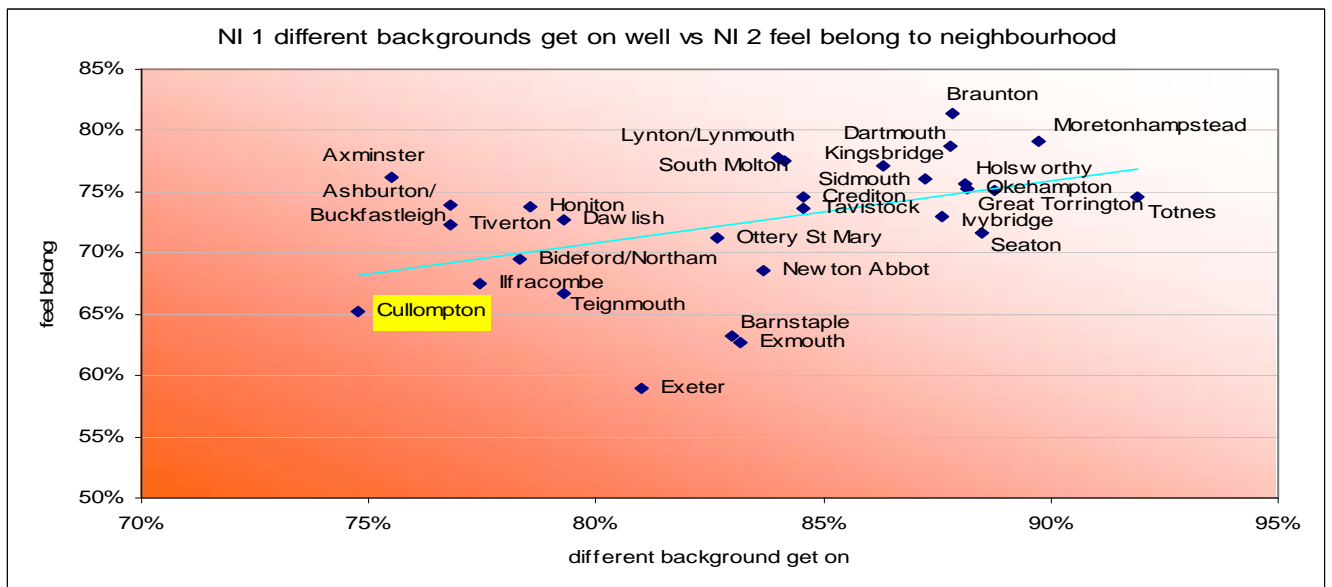

Strong and Inclusive Communities

NI 1 % people who believe that people from different backgrounds get on well together in their local area (definitely agree/ tend to agree).

NI 2 % who feel that they belong to their neighbourhood (very strongly/ fairly strongly).

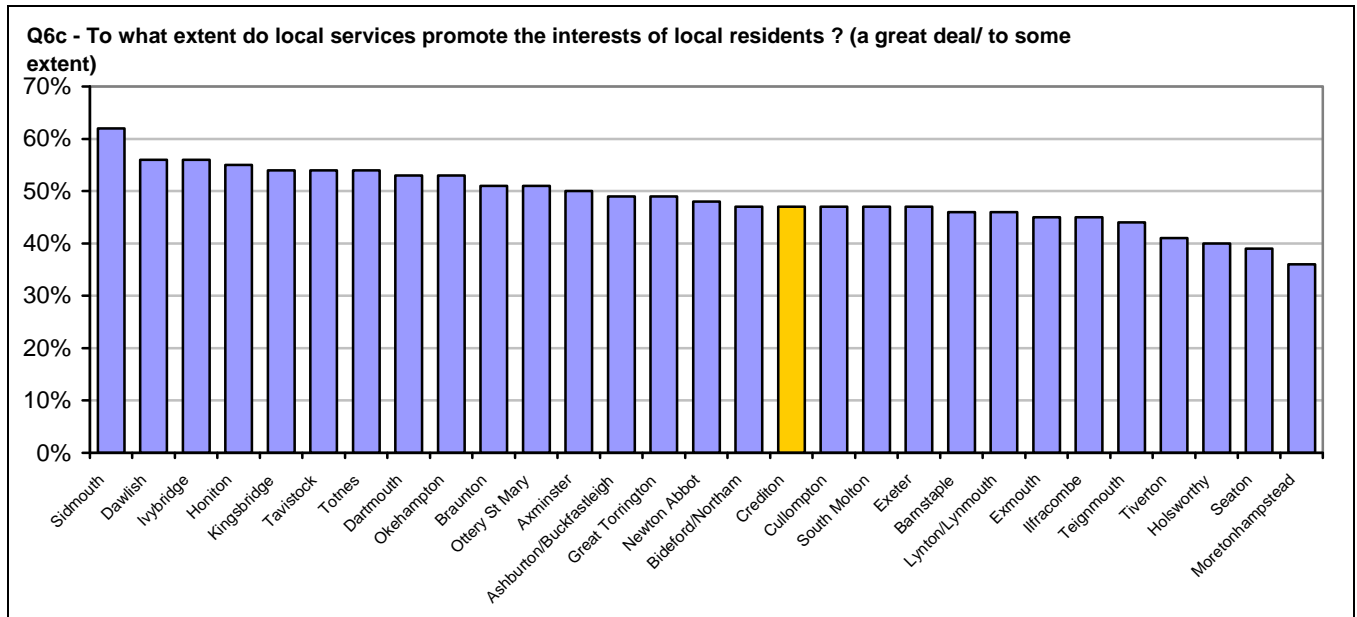

The scatter graph below shows the Cullompton DTA in the **red** quartile for NI 1, with 75% of respondents definitely agreeing/ tending to agree that people from different backgrounds get on well together in their local area (max 92%; min 75%). Cullompton Parish stands at 64% whereas the hinterlands saw 80%.

The Cullompton DTA is also in the **red** quartile for NI 2 with 65% of respondents feeling very/fairly strongly that they belong to their immediate neighbourhood (max 81%; min 59%). The situation is worse in Cullompton Parish at 57% with the hinterlands seeing 70%.

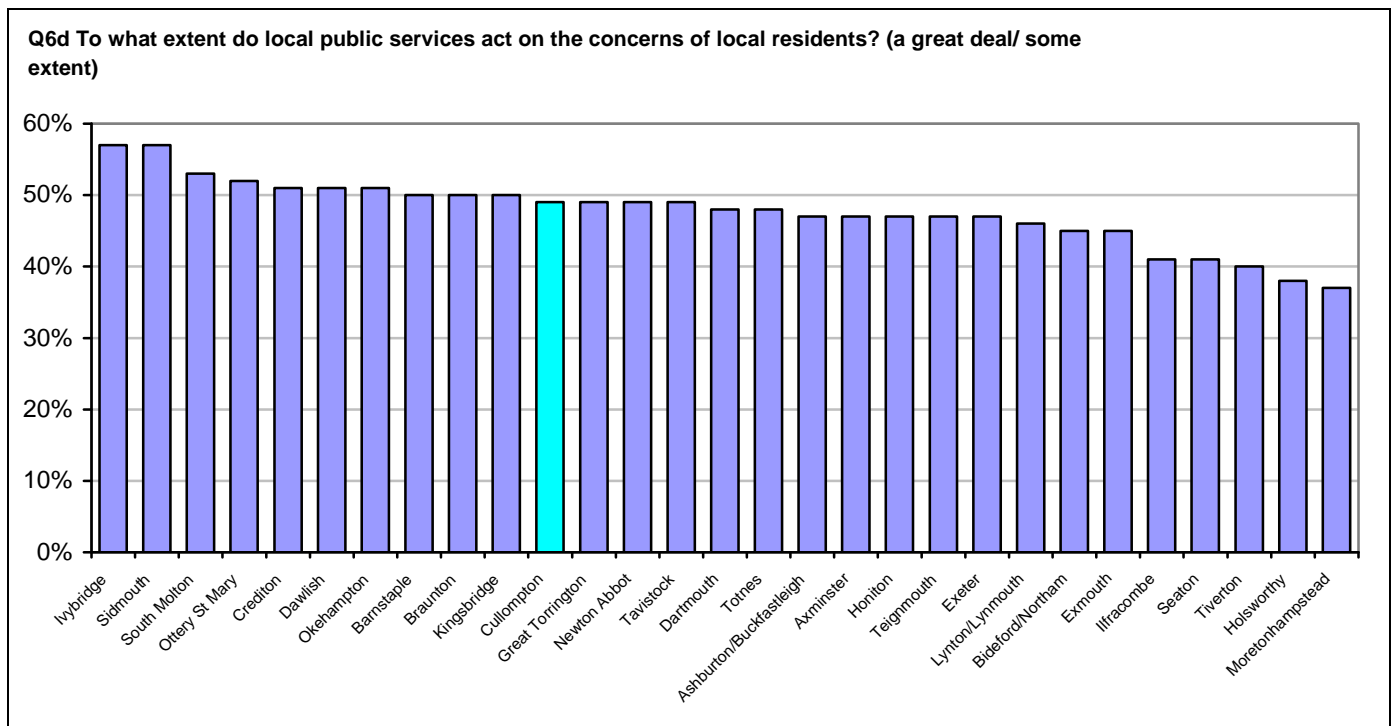

Q6c To what extent do local public services promote the interests of local residents? (a great deal/ to some extent)

The graph below shows the Cullompton DTA falling in the **orange** quartile with 47% of respondents feeling that local public services promote the interests of local residents to a great deal/ to some extent (max 62%; min 36%).

Q6d To what extent do local public services act on the concerns of local residents? (a great deal/ to some extent)

The Cullompton DTA falls in the **blue** quartile having 49% of respondents feeling that local public services act on the concerns of local residents a great deal/ to some extent. (max 57%; min 37%)

Q6e To what extent do local public services treat all types of people equally? (a great deal/ to some extent)

The Cullompton DTA falls in the **yellow** quartile with 78% of respondents feeling that public services treat people equally (max 82%; min 62%).

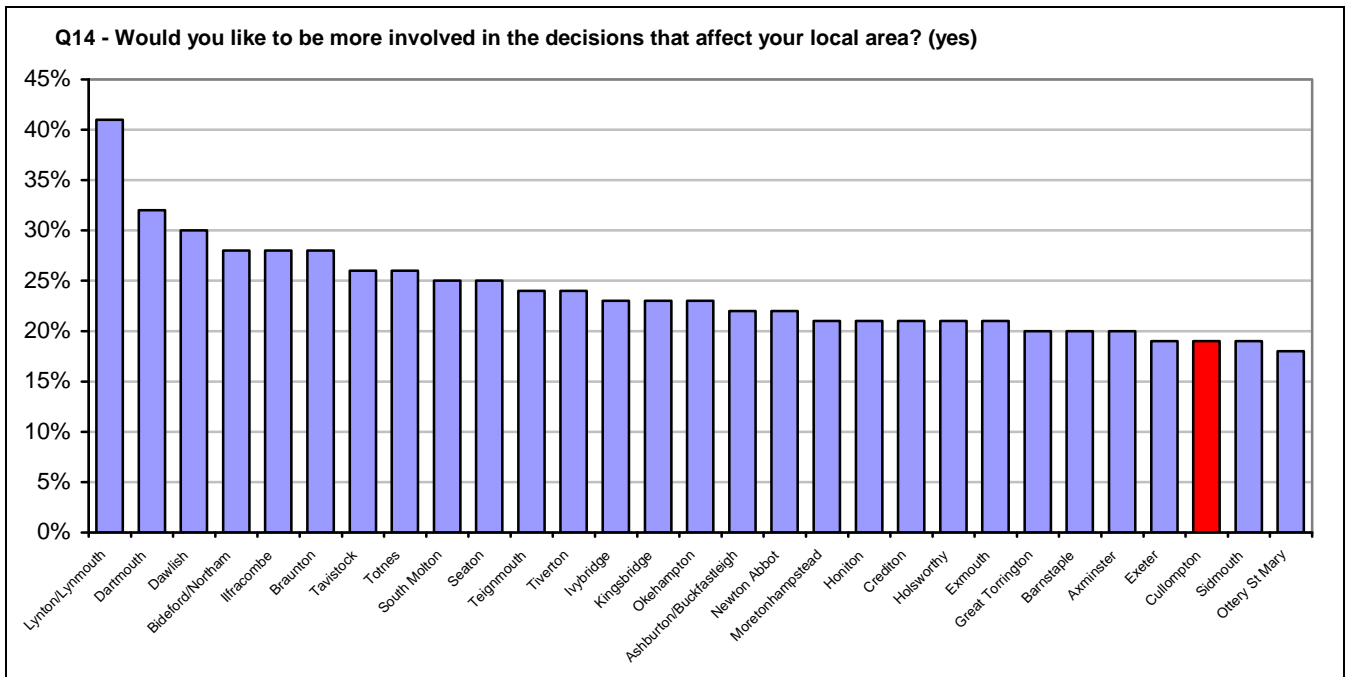

Q13 / NI 4 % people who feel they can influence decisions in their locality (definitely agree/ tend to agree)

The graph below shows the Cullompton DTA falling into the **blue** quartile with 33% of respondents definitely / tending to agree that they feel that they could influence decisions in their locality. (max 38%; min 15%). Cullompton Parish saw 26% whereas the hinterlands saw 37%,

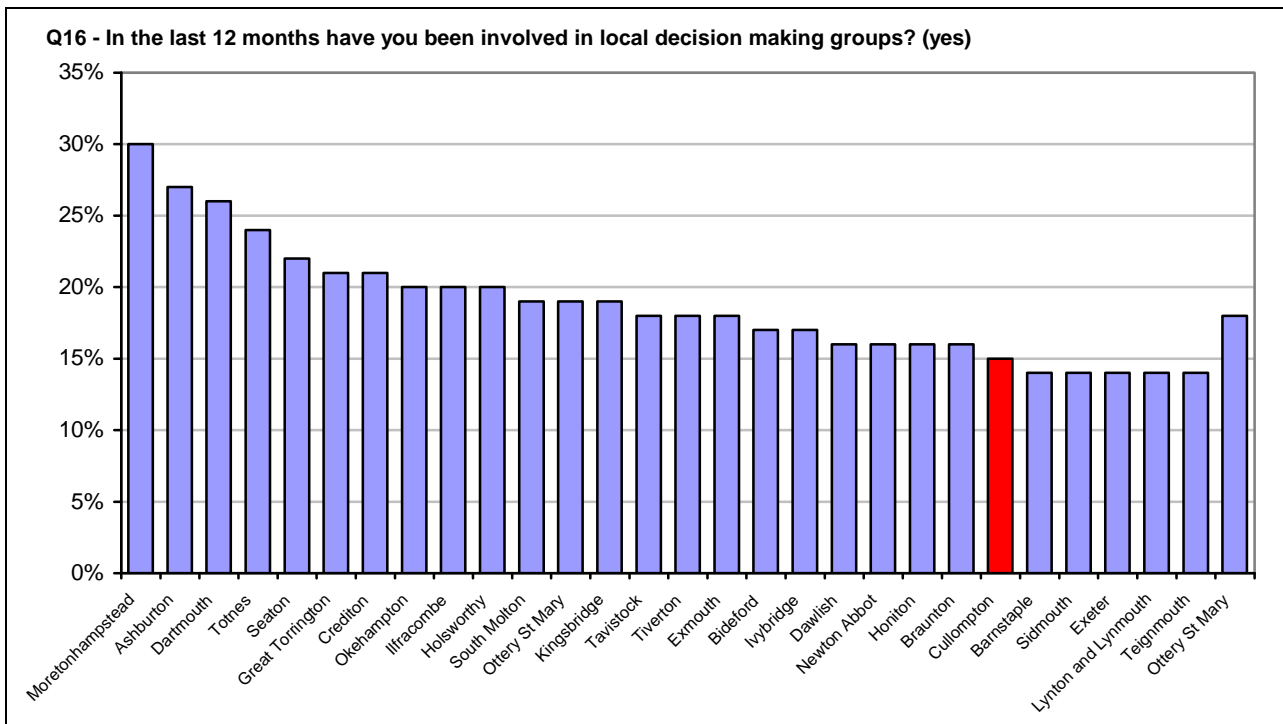

Q14 Would you like to be more involved in the decisions that affect your local area? (yes)

The Cullompton DTA falls in the **red** quartile with 19% of respondents saying they would like to be more involved in decision making. (max 41%; min 18%; national average 26%). Cullompton Parish saw 19% whereas the hinterlands saw 19%,

Q16 In the past 12 months have you been involved in decision making? (yes)

The Cullompton DTA falls in the **red** quartile with 15% of respondents saying they had been involved in decision making within the previous 12 months. (max 30%; min 14%). Cullompton Parish saw 13% whereas the hinterlands saw 16%,

NI 23 Perceptions that people in the area do not treat one another with respect and consideration (a very big problem/ a fairly big problem)

The Cullompton DTA falls in to the **red** quartile with 28% respondents thinking it is a very big/ fairly big problem that people in the area do not treat one another with respect and consideration (max 28%; min 4%; national average 30%). Cullompton Parish saw 46% whereas the hinterlands saw 19%,

NI 23 - Perceptions that people in the area do not treat one another with respect and consideration

Health and Well Being

The following graph is a composite of the satisfaction respondents had with GPs/ the local hospital and dentist.

Satisfaction with GPs was 88% (range 84% to 94%) and the dentist was 82% (range 42% to 83%), local hospital was 89% (range 74% to 93%). Overall satisfaction averaged at 86% which was in the yellow quartile (range 70% to 86%).

Q7 - How satisfied are you with GP/ hospital/ dentist overall?

Inspiring Young People

Q8g How satisfied are you (users) with sport/ leisure facilities? (very/ fairly satisfied)

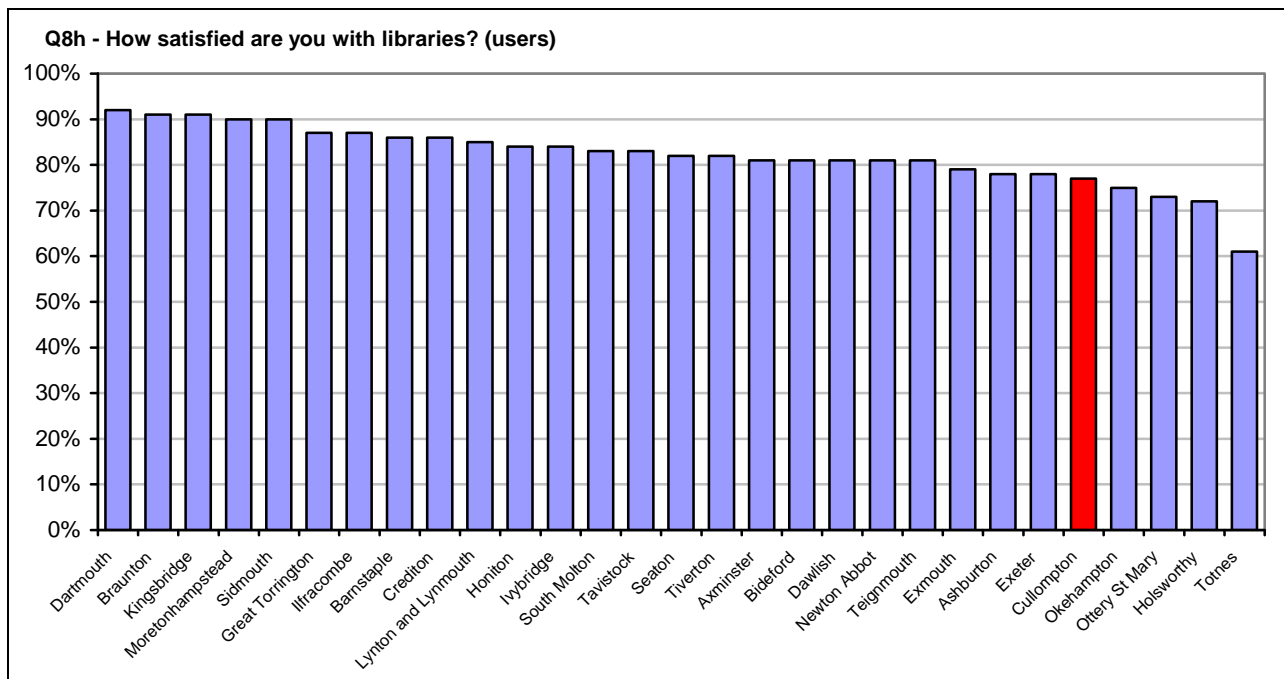

The Cullompton DTA falls in the blue quartile with 62% of respondents who use sport and leisure facilities

being very/ fairly satisfied with sport/leisure facilities. (max 78%; min 26%)

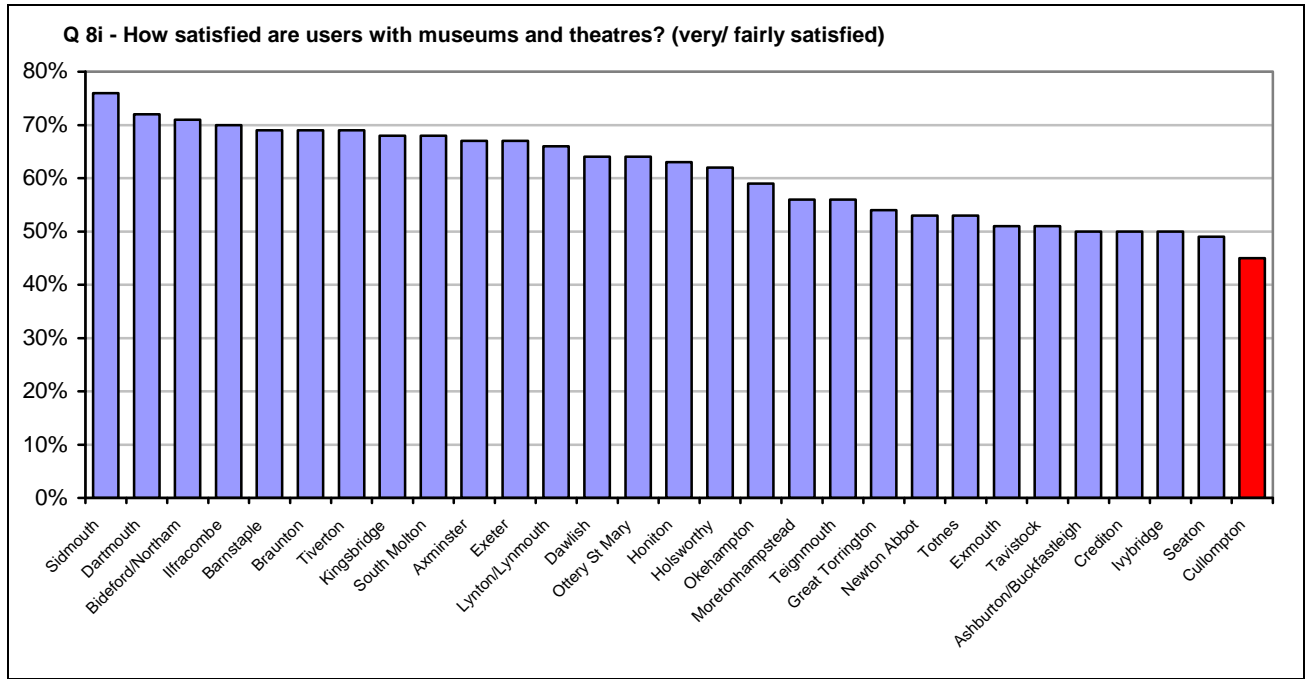

Q8h How satisfied are you (users) with libraries? (very/ fairly satisfied)

The Cullompton DTA falls in the **red** quartile with 77% of respondents who use the libraries being very/ fairly satisfied with the library. (max 92%; min 61%)

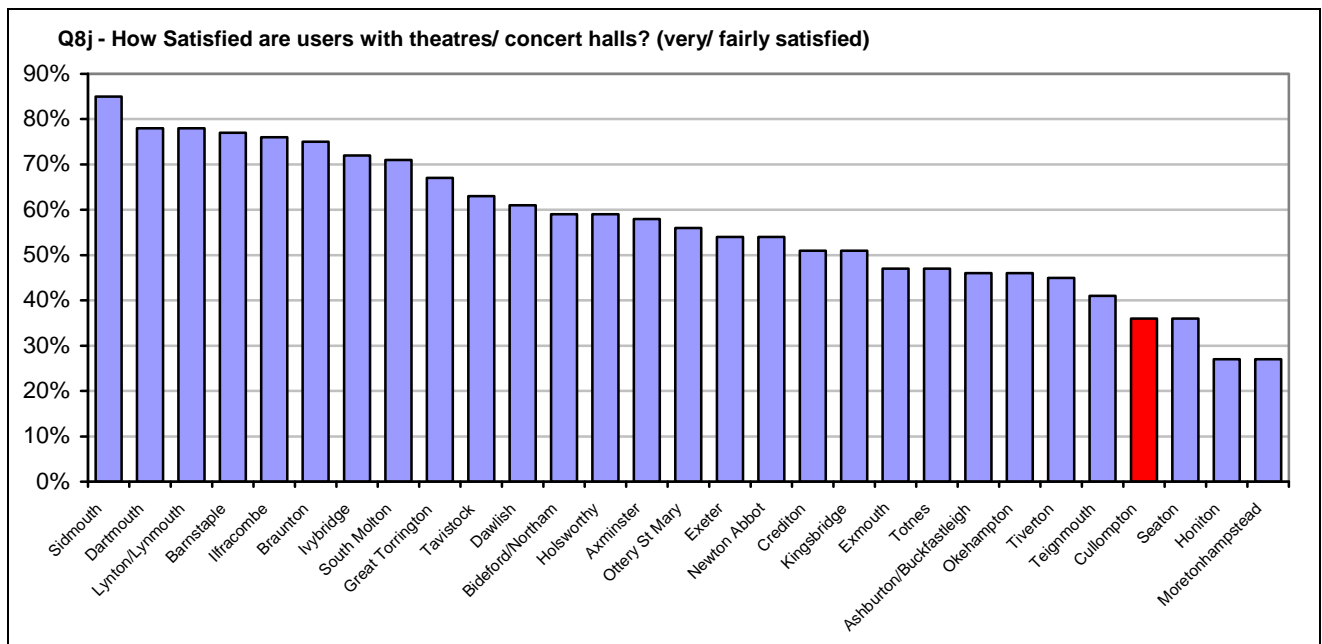

Q8i How satisfied are you (users) with museums/ galleries? (very / fairly satisfied)

The Cullompton DTA is in the **red** quartile with 45% of respondents who use museums/ galleries either very/ fairly satisfied with museums/ theatres (max 76%; min 45%)

Q8j How satisfied are you (users) with theatres/ concert halls? (very/ fairly satisfied)

The chart overleaf shows the Cullompton DTA in the **red** quartile with 36% of users who visit theatres/ concert halls being very/ fairly satisfied with theatre/ concert halls (max 85%; min 27%).

Q8k How satisfied are you (users) with parks and open spaces? (very/fairly satisfied)

The graph below shows the Cullompton DTA in the **red** quartile with 64% of respondents who use parks and open spaces being very/ fairly satisfied with them (max 91%; min 60%).

Q8K - How satisfied are you with parks and open spaces- users? (very/ fairly)
