Notes:

- Faith groups cover a wide range of groupings, the most common of which are Muslims, Buddhists, Jews, Christians, Sikhs and Hindus. Consider faith categories individually and collectively when assessing positive and negative impacts.
- The categories relating to ethnicity include those used in the 2001 census. Consideration should be given to the needs of specific communities within the broad categories such as Bangladeshi people and to the needs of other communities such as Turkish/Turkish Cypriot, Greek/Greek Cypriot and Polish that do not appear as separate categories in the census.

- An adverse impact does not necessarily require action to be taken. Actions must remain in proportion with the benefits that could be achieved and resources available to complete them. If adverse impacts are identified and actions for improvement are not proportionate, the reasons for not taking action should be detailed and open to challenge.

7. If you have indicated there is a negative impact on any group, is that impact:		
Legal?	YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>
<i>(i.e. it is not discriminatory under anti-discriminatory legislation – refer to the Council's website or your Directorate Equality Representative if guidance is needed)</i>		
Intended?	YES <input type="checkbox"/>	NO <input checked="" type="checkbox"/>
Level of impact	HIGH <input type="checkbox"/>	LOW <input checked="" type="checkbox"/>
If the negative impact is possibly discriminatory and not intended and/or of high impact you must complete section two of this form. If not, complete the rest of section one below and consider if completing section two would be helpful in making a thorough assessment.		
8. a) Could you minimise or remove any negative impact that is of low significance? Explain how: Engage with the Gypsy/Traveller Liason Officer, (x1113)		
b) Could you improve the strategy, project or policy's positive impact? Explain how: as in a) <i>You may wish to use the action sheet at the end of Section Two.</i>		
9. If there is no evidence that the strategy, policy or project promotes equality, equal opportunities or improved relations – could it be adapted so that it does? How? Some positive BME work is included in the plan		

Please sign and date this form. Keep one copy, send a copy to your Directorate Equality Representative and publish the results on the Council's website.
