

BOUNDARY COMMITTEE REVIEW OF LOCAL GOVERNMENT STRUCTURES IN NORFOLK
SUFFOLK AND DEVON

REVIEW TO TEST WHETHER AFFORDABILITY CRITERIA ARE
MET

Certification by S 151 officer

Title of Unitary Submission

Devon Two Unitary Pattern

'I have provided base data as required relating to my authority for the completion of the *specified* data collection workbook, and I have checked the base data already included in that workbook, and I am satisfied that these have been properly incorporated.

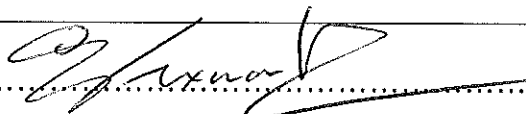

I have been consulted on relevant issues in the calculation of the figures for the transitional plan shown in the data collection workbook where they affect my authority, and find the figures to be not unreasonable.'

(If the figures were found to be unreasonable, then a comment as to which figures and why should be provided in the box below)

Please provide details here or cross reference to a supporting document

I am broadly content with the assumptions in the model but feel that the ICT and Change Management costs might be inadequate to cover the costs of what will be a difficult period of transition.

I also recognise that this is a Government Financial Model and that the forecast results may not materialise and the new Unitary Council will not be bound by these figures when it is formed in 2010.

Certification by 

S151 Officer for West Devon Borough Council.....
