# EXMOUTH DEVON TOWN AREA

## The Place Survey

### Area Definition

In this report the Exmouth Devon Town Area (DTA) comprises the main parish of Exmouth, the two centres of Budleigh Salterton and Woodbury along with four other parishes. The other parishes will be known as the remaining parishes.

Crown Copyright. All rights reserved. Devon County Council. 100019783 2006

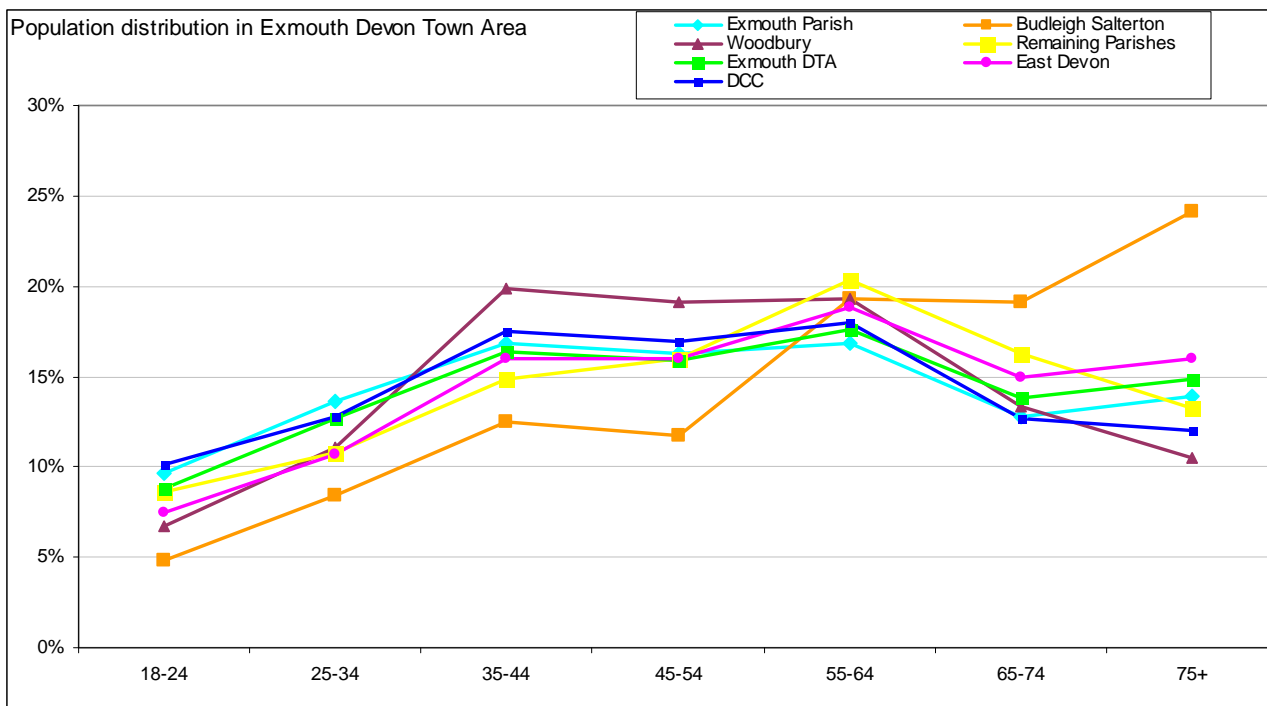

This table shows the population over 18 (those eligible to complete the Place Survey). Exmouth Parish is the most populated parish accounting for 74% of the total population.

Overall in the Exmouth DTA the largest group of adult residents is the 55-64 age range followed by the 35 to 44 and 45 to 54 age ranges.

Whilst the Exmouth parish profile is quite similar to the county, Budleigh Salterton is noticeably more aged and Woodbury is more middle aged.

Parish	18 to 24	25 to 34	35 to 44	45 to 54	55 to 64	65 to 74	75+	Total Population 18 plus	% total population
Exmouth Parish	10%	14%	17%	16%	17%	13%	14%	28654	74%
Budleigh Salterton	5%	8%	13%	12%	19%	19%	24%	4451	12%

## Exmouth DTA Place Survey Respondents compared with the underlying Devon Town Area

This section looks at how similar the respondents are to the underlying Exmouth DTA population in terms of lifestyle, age, deprivation, tenure and occupation. In doing this it is hoped the results of the survey will be given more credence as representing the underlying population.

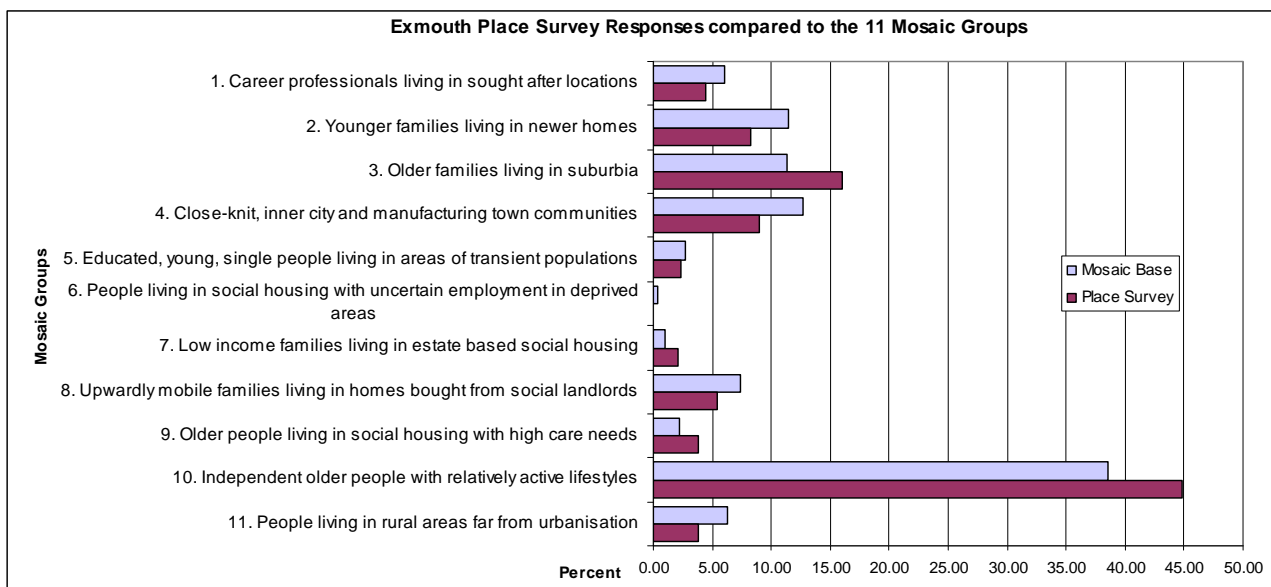

To summarise, the people who responded to the Place Survey in the Exmouth DTA are compared with the underlying population of the Exmouth DTA:

- The proportion of respondents is similar in some Mosaic Groups in terms of lifestyle (Mosaic).
- There is a bias towards older age ranges of 55 plus and away from the 18 to 34 age ranges.
- Respondents are biased towards the least deprived areas.
- A bias exists to those who own their properties outright at the expense of those who have mortgages.
- There is also a bias towards the retired at the expense of those in full time employment.

### Mosaic (Experian)

Mosaic classifies people in terms of lifestyle. There are 11 Lifestyle Groups and 61 Lifestyle Types. For more information please see the Devon Town profiles ([http://www.devon.gov.uk/Exmouth\\_mosaic\\_profile.pdf](http://www.devon.gov.uk/Exmouth_mosaic_profile.pdf)) or (<http://www.devon.gov.uk/appendix.pdf>)

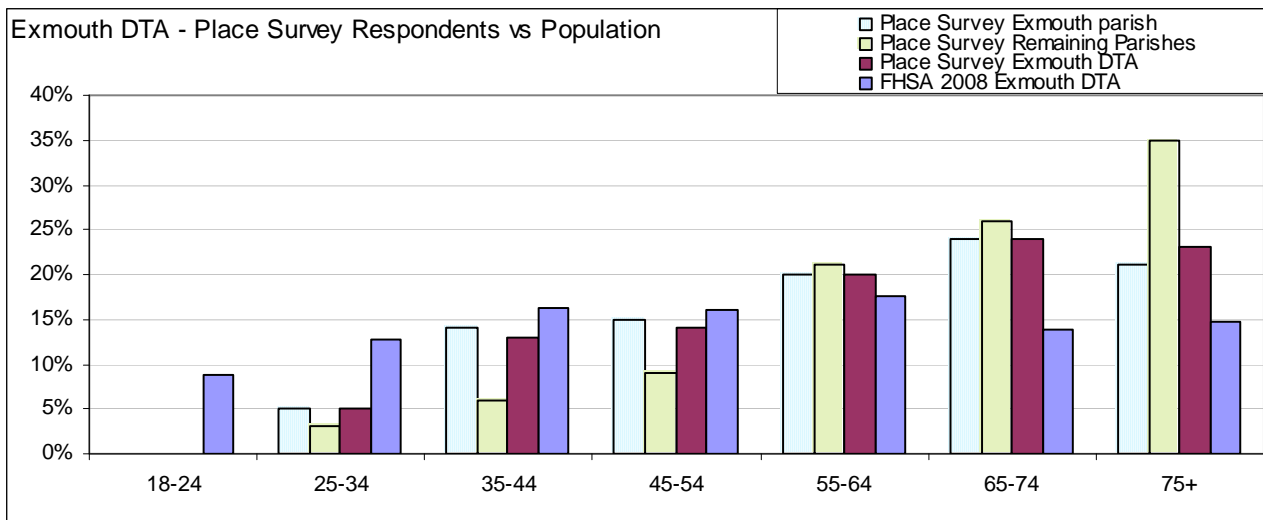

The graph below illustrates that in terms of Mosaic Groups the Place survey respondents from the Exmouth DTA reflect the population structure of Exmouth DTA in most categories. There are the exceptions with group 3 being over-represented along with group 11 and group 4 and 2 seeing a notable under-representation.

## Age

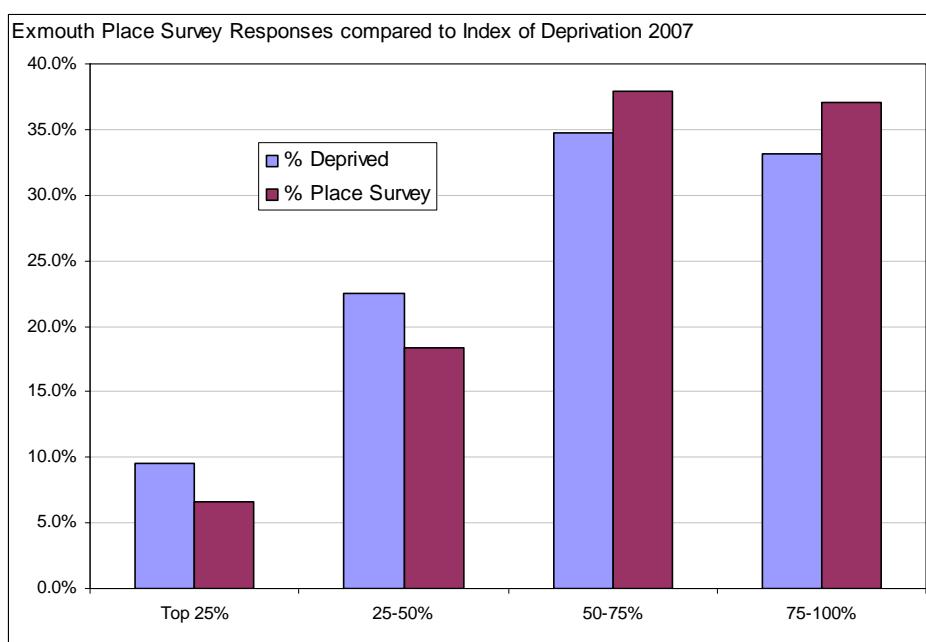

The table and graph below show how the Exmouth DTA Place survey respondents tend to be biased towards the older population. From the age ranges of 55 years old and upwards the proportion of respondents is much greater than the underlying population whereas there is an under-representation of the younger respondents particularly 18 to 34 year olds.

	18-24	25-34	35-44	45-54	55-64	65-74	75+
Place Survey Exmouth Parish	0%	5%	14%	15%	20%	24%	21%
Place Survey Remaining Parishes	0%	3%	6%	9%	21%	26%	35%
Place Survey Exmouth DTA	0%	5%	13%	14%	20%	24%	23%
FHSA 2008 Exmouth DTA	9%	13%	16%	16%	18%	14%	15%

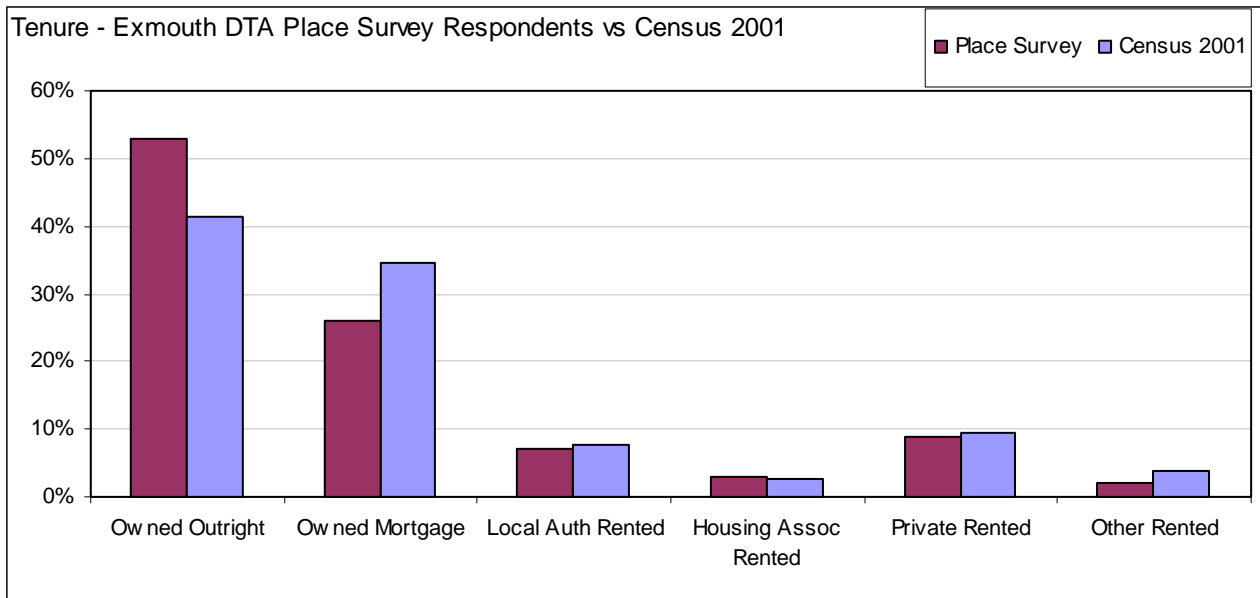

## Deprivation (ID 2007)

The Place Survey has been completed by a greater proportion of respondents who fall into the more affluent areas.

## Tenure

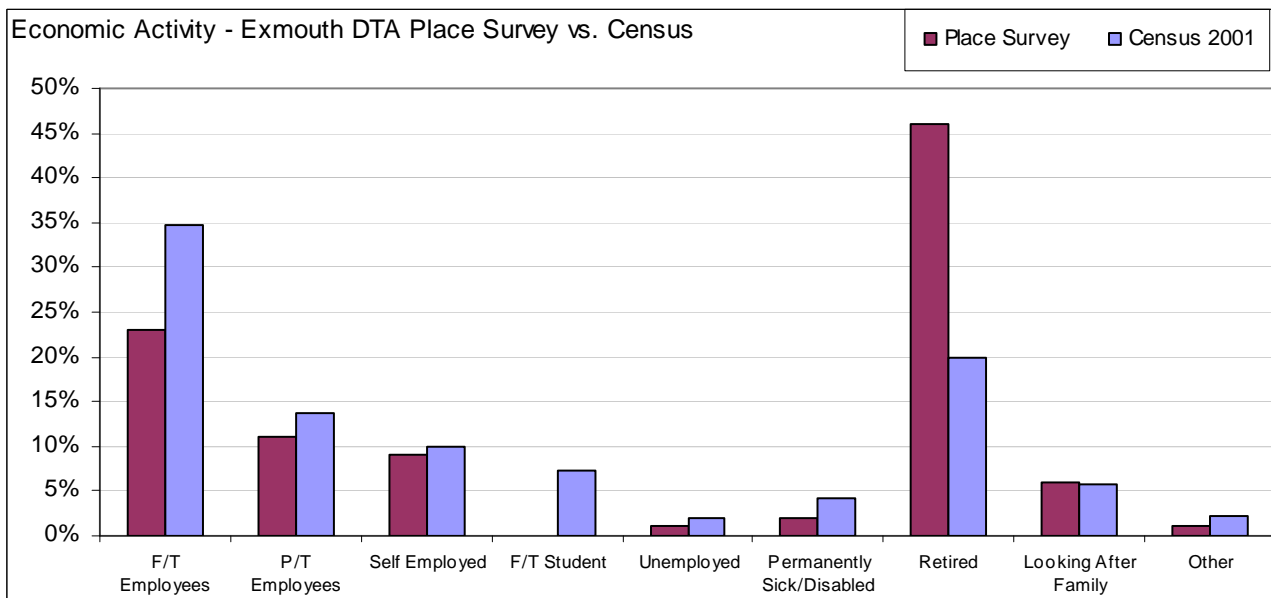

The graph below compares the tenure of Place Survey respondents with the underlying population's tenure (census 2001). One notable difference is that more respondents own their property outright with fewer having a mortgage when compared to the underlying population.

Note that Census information comes from a population aged 16 to 74 whereas the place survey comes from an age range from 18 and above.

## Occupation

The current activities of the Exmouth DTA Place Survey respondents have been compared to the activities described by the underlying population in the 2001 census. A higher proportion of retired people responded than expected compared with lower proportions of full-time employees.

Note that Census information comes from a population aged 16 to 74 whereas the place survey comes from an age range from 18 and above.

# The Place Survey & Devon's Sustainable Community 2008 to 2018

The Sustainable Community Strategy is the overarching plan for improving the quality of life of everyone in Devon. It is the long term vision for Devon with key priorities and outcomes for the next ten years.

It aims to achieve the vision of Devon as:

***England's greenest county with strong local communities that are prosperous and welcoming with an excellent quality of life and a sustainable future.***

In order to achieve this vision the following priorities have been set:

- **A World Class Environment**
- **Homes and Housing**
- **A Safer Devon**
- **Strong and Inclusive Communities**
- **Health and Wellbeing**
- **Inspiring Young People**
- A Growing Economy – (not represented by questions in the Place Survey)

The Place Survey covers various aspects but not all of the above Sustainable Community Strategy's priorities as well as other questions. The Place survey results in this report have been organised loosely around the above priorities.

## Exmouth Devon Town Area

The results published for District Council areas and above have been weighted by the Department of Communities and Local Government (DCLG). As it would not have been possible to replicate their weighting system for smaller areas, such as Devon Towns and hinterlands, the results used in this report have not been weighted.

Overall, Devon performs strongly against most other local authorities in England for most of the questions asked in the Place Survey, and any low positions for the Exmouth DTA within Devon may not be as serious as they appear, this is borne out by the comparisons with national results.

To enable comparison of results each Town has been placed into one of four quartiles each comprising seven/ eight Towns. The upper and lower quartiles have been coloured and numbered 'yellow (1) – best' and 'red (4) – worst' with the other two middle quartiles being referred to as 'blue (2)' and 'orange (3)'. The worst and best are related to performance or involvement etc. dependent on the question.

### Overview of performance against priority areas

Compared with other Devon Town Areas, the Exmouth DTA ranks well below average in the questions looked at with 72% appearing in the lower two quartiles. Most results fall into the orange quartile (52%) which indicates a comparatively low level of satisfaction followed by eight questions (20%) in the red quartile. Four (10%) out of the 40 questions considered fell into the blue quartile with the remaining seven in the best performing yellow quartile.

Looking at priority areas, the Exmouth DTA fared better than average in the 'A World Class Environment, however in most other areas particularly 'A safer Devon and 'Strong and inclusive communities' the Exmouth DTA fared comparatively poorly.

The following table illustrates where the questions fall in terms of both priority area and quartile:

Priority Area	No. questions	Quartile into which each question falls			
		Worst			Best
A world class environment	8	2	1	2	3
Homes and housing	2		1	1	
A safer Devon	12	1	9	1	1
Strong and inclusive communities	9	3	6		
Health and well being	4		2		2
Inspiring young people	5	2	2		1
Total	40	8	21	4	7
Percentage	100%	20%	52%	10%	18%

### Summary and results table

With respect to the areas that Exmouth DTA sees as important and in need of improvement, affordable decent housing followed by clean streets appear to be the top priorities.

The Exmouth DTA shows a slightly higher level of satisfaction (**A World Class Environment**) with its living environment when compared to other DTAs. Satisfaction with local tips/ household waste recycling centres, local transport information and bus services all fell into the **yellow** quartile followed by satisfaction with public service refuse collection and public services which keep the land clear of litter/ refuse which both fell into the **blue** quartile. In the lower quartiles the problem of rubbish and litter lying around was in the **orange** quartile followed by the perception of the extent to which local public services are working to make the area cleaner and greener and satisfaction with doorstep recycling which both fell into the **red** quartile.

With regard to **‘Homes and Housing’**, satisfaction with the local area as a place to live fared comparatively well falling into the **blue** quartile whilst satisfaction with homes fell into the **orange** quartile.

Questions that fall under a **‘Safer Devon’** priority indicate that the Exmouth DTA respondents have comparatively much lower satisfaction. Ten out of the 12 results fell into the lower quartiles; in the **red** quartile was the perception that local concerns about ASB and crime are understood and following this in the **orange** quartile were satisfaction with Devon and Cornwall Constabulary and Devon and Somerset Fire. Also in the **orange** quartile were perceptions that local services are dealing with local concerns about antisocial behaviour along with perceptions of anti social behaviour, drunk or rowdy behaviour, teenagers hanging around and perceptions of drug use or dealing as a problem as well as feelings of safety after dark. On a positive note the extent to which parents take responsibility for their children fell into the **yellow** quartile followed by the extent to which local public services are working to make the area safer in the **blue** quartile

**‘Strong and Inclusive Communities’** is a priority area that looks at community cohesion. Compared with other DTAs, the Exmouth DTA respondent perceptions were poor. All questions fell into the lower quartiles; in the **red** quartile were the proportion of people feeling they belong to their neighbourhood along with the extent to which local public services promote the interests/ act on the concerns of local residents. All other questions fell into the **orange** quartile and these included the belief that people from different backgrounds get on well in the local area along with the desire to be involved/ actual involvement in decision making within the previous 12 months and the ability of respondents to influence decisions which affect the local area. Also in this quartile is the extent to which local public services treat all types of people equally.

With respect to **‘Health and Wellbeing’**, the overall perception lies in the **orange** quartile along with satisfaction with dentists. Satisfaction with GPs and the local hospital however lies in the **yellow** quartile.

The Exmouth DTA has again comparatively low levels of satisfaction in areas that fall under the **‘inspiring young people’** priority. User satisfaction with parks/ open spaces is the exception lying the **yellow** quartile. In the **orange** quartile however is satisfaction with sport/ leisure facilities along with theatres/ concert halls. 8#.

## Devon Town Area Detailed Results

When comparing each of the Devon Town Areas in the charts below, care should be taken with the results for all questions relating to Moretonhampstead and Lynton & Lynmouth DTAs. Compared with other areas, these two DTAs contain very small numbers of households, and consequently numbers of responses are too low to provide reliable comparisons. Given this, Place Survey reports on these two DTAs have not been published.

The scatter graph illustrates the results for questions 1 and 2. It gives an overall impression of how the Exmouth DTA respondents feel about the facilities/ services and other factors influencing everyday life as a resident in Exmouth DTA.

Those areas that are seen as most important (in making somewhere a good place to live), and in need of improvement (in the Exmouth DTA) appear in the upper right hand section of the scatter graph. Affordable decent housing followed by clean streets appear to be the top priorities for Exmouth DTA.

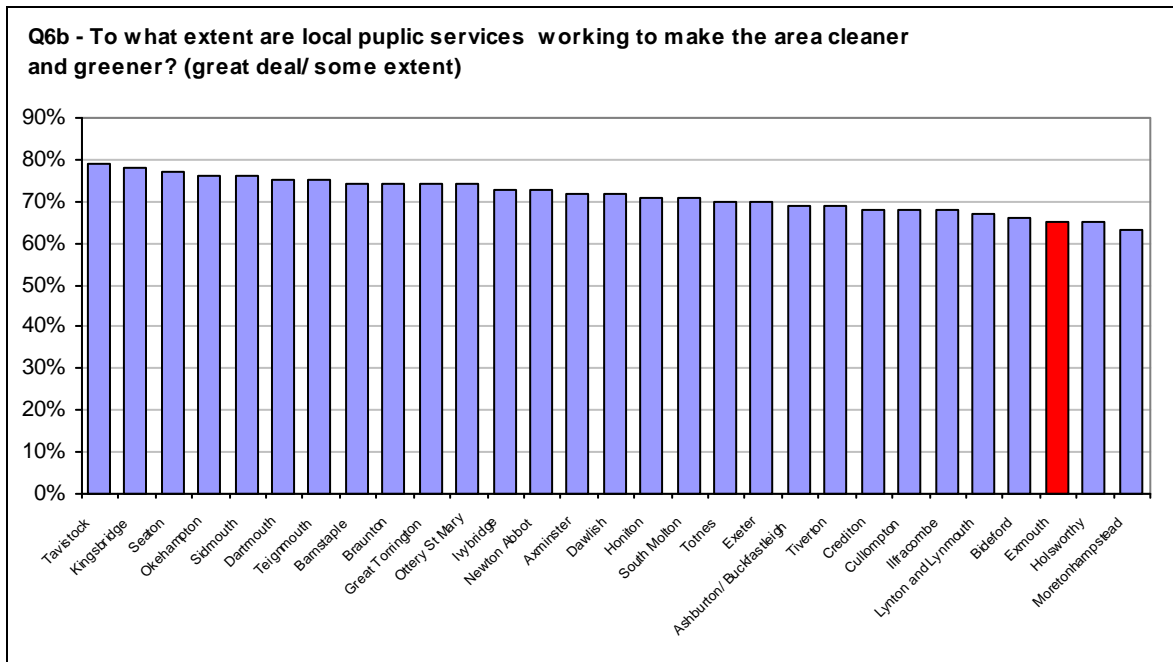

The bottom left hand corner shows the areas that are of comparatively low importance (in making somewhere a good place to live) and in comparatively less need of improvement (in the Exmouth DTA).

# A World Class Environment

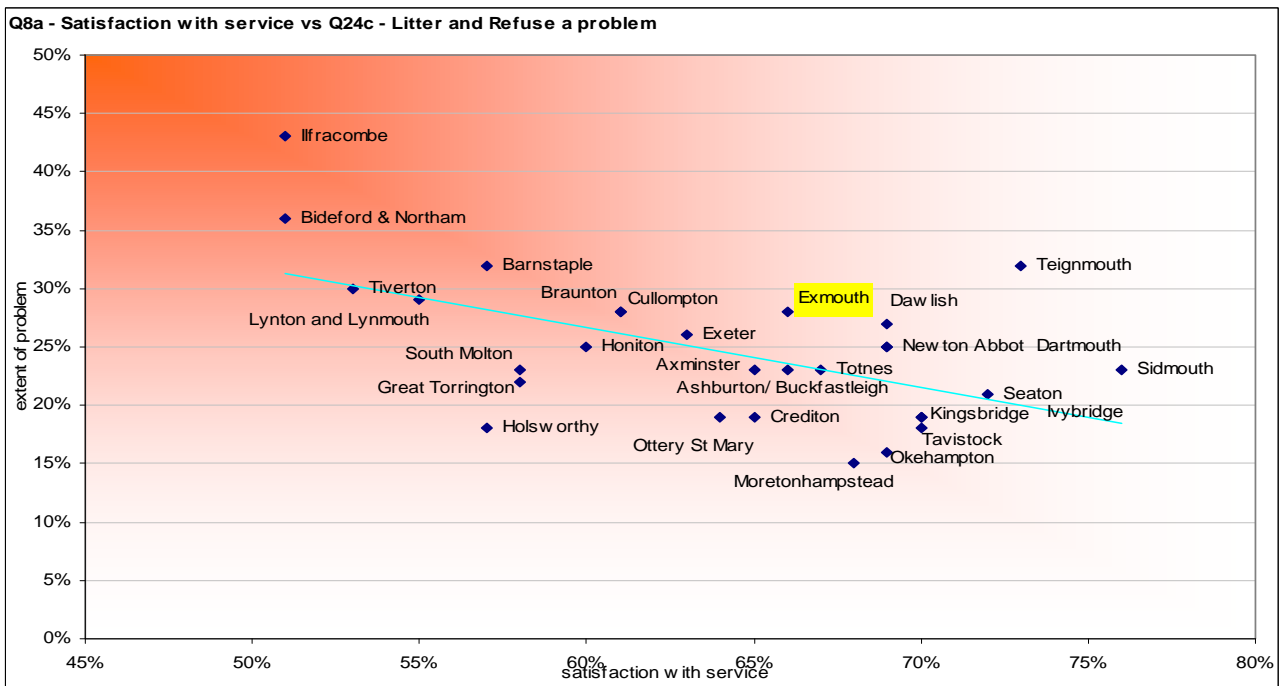

**Q6b To what extent are local public services working to make the area greener and cleaner? (a great deal/ to some extent)**

The Exmouth DTA appears in the **red** quartile with 65% of respondents thinking that public services are working to make the area greener and cleaner (max 79%; min 63%).

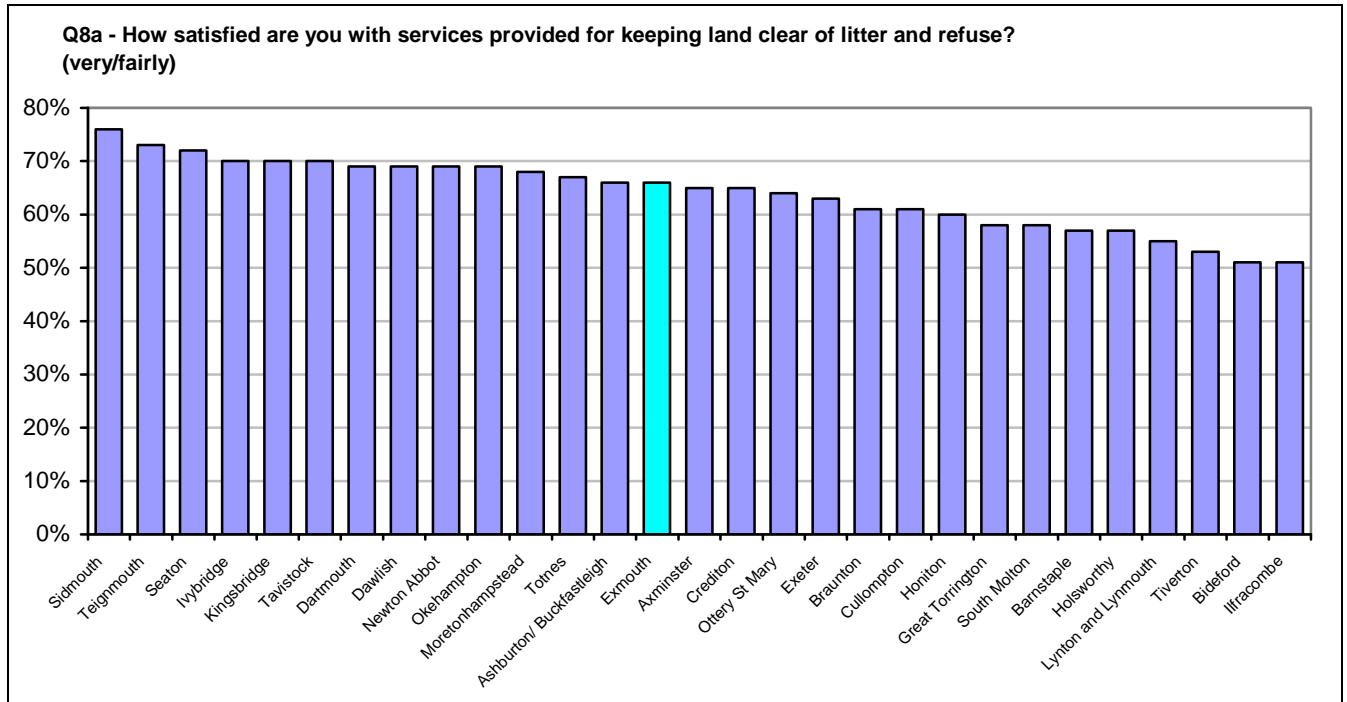

**Q8a How satisfied are you with local public services that work to make the area greener and cleaner? (very/ fairly satisfied)**

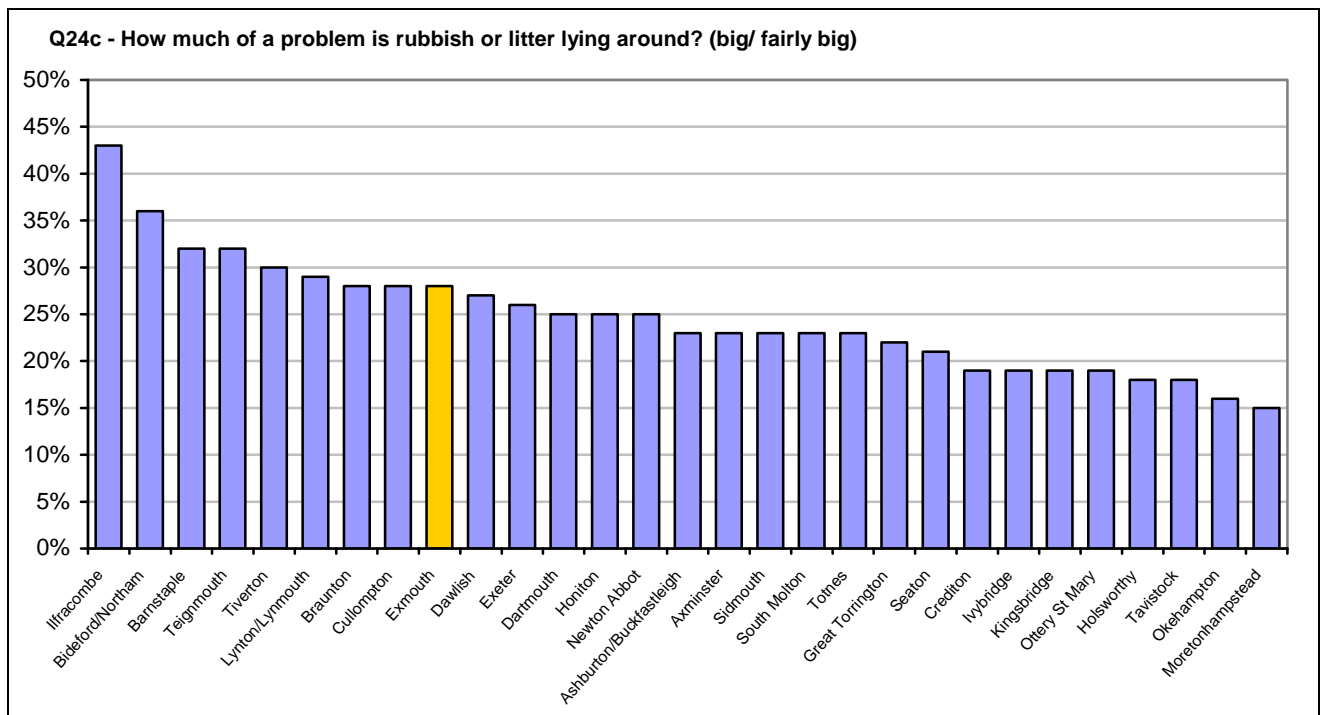

**Q24c How much of a problem in your local area is rubbish and litter lying around? (a very big/ fairly big problem)**

Exmouth DTA falls in the **blue** quartile for Q8a with 66% of respondents being very/ fairly satisfied (max 86%; min 51%; national average 58%).

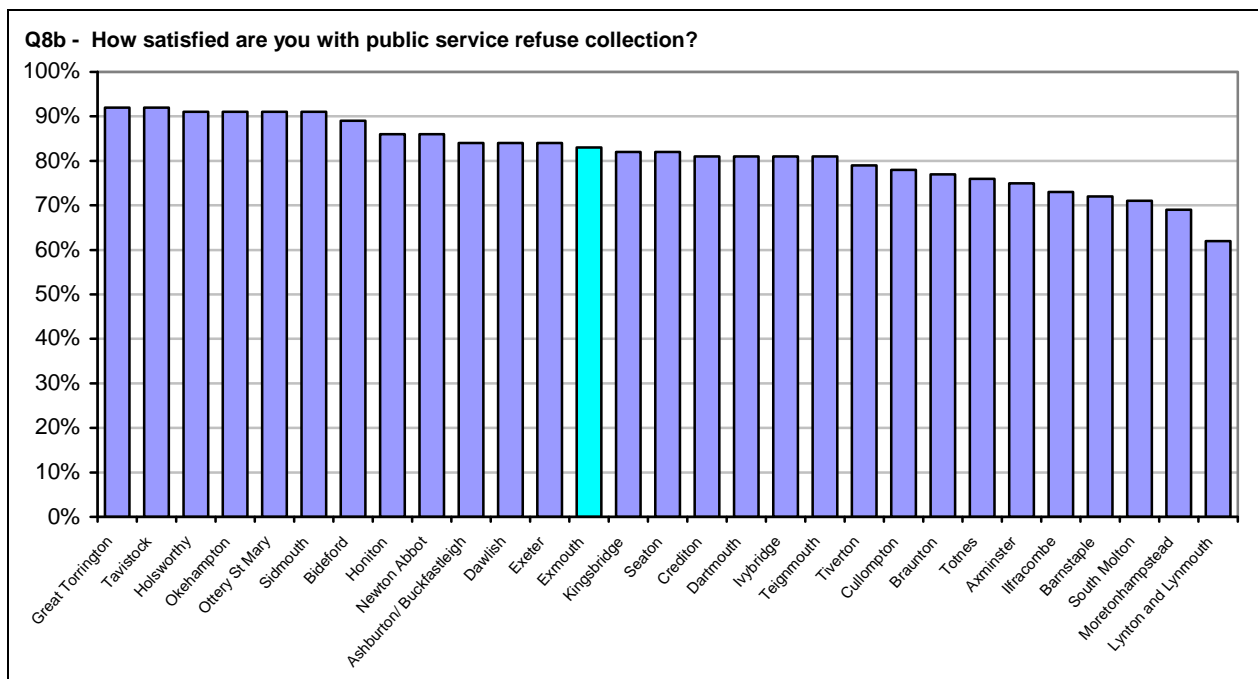

28% of the Exmouth DTA respondents saw the problem of rubbish or litter lying around as a big/ fairly big problem which when compared with responses from other areas puts the Exmouth DTA in the **orange** quartile for Q24c ( max; 43%; min: 15%).

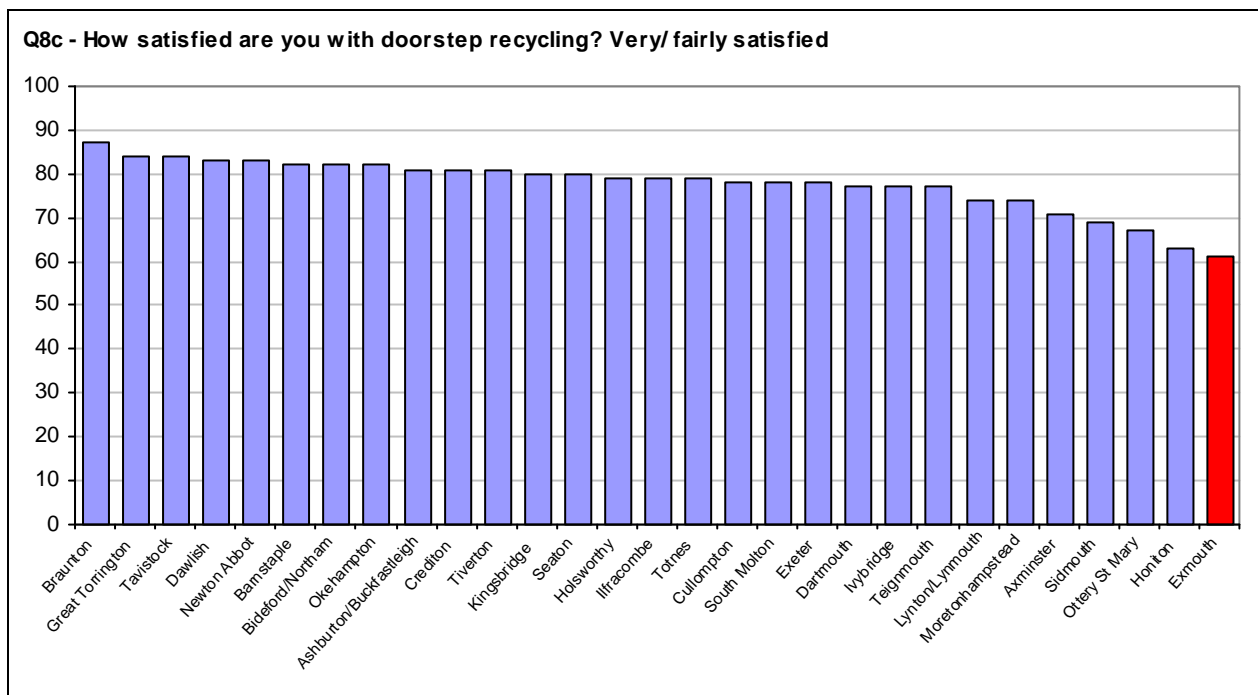

**Q8b How satisfied are you with local public services responsible for refuse collection? (very/ fairly satisfied)**

The Exmouth DTA is in the **blue** quartile with 83% of respondents being very/ fairly satisfied with refuse collection. (max 92%; min 62%; national average 77%).

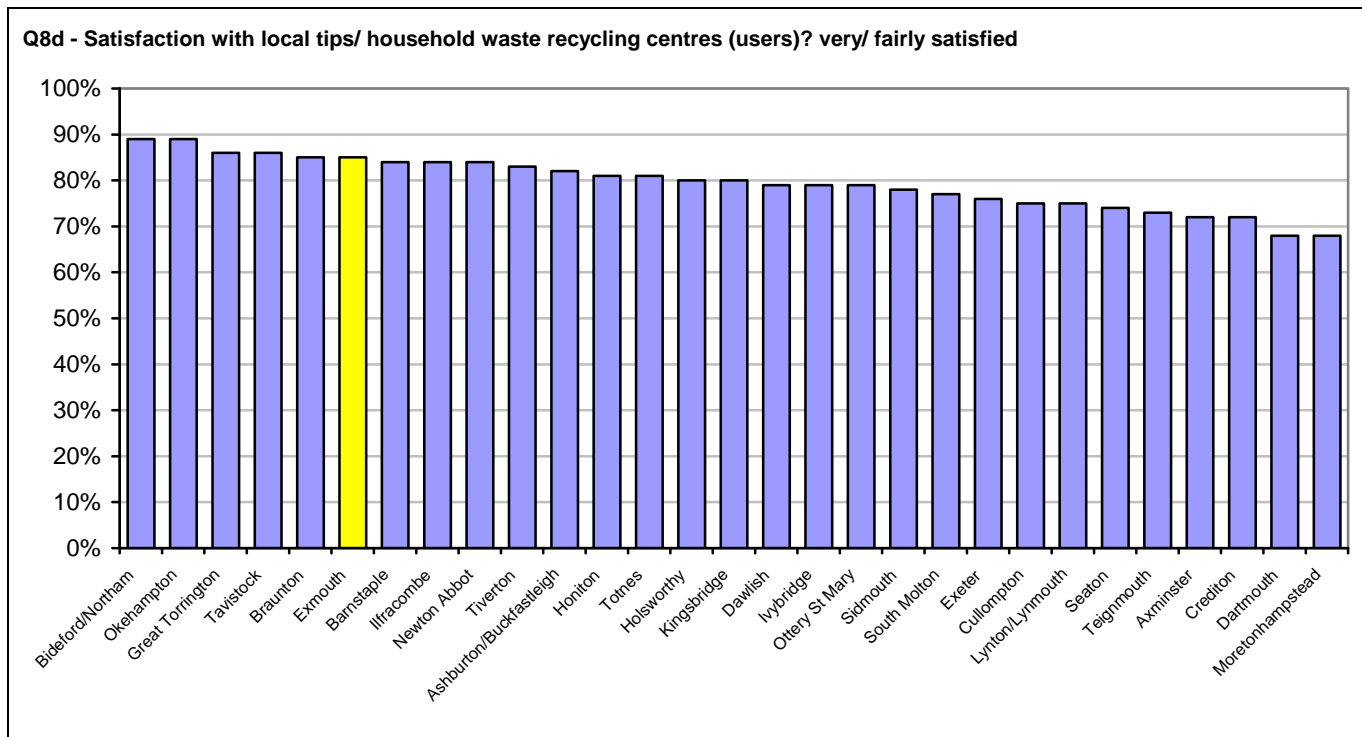

**Q8c How satisfied are you with local public services responsible for doorstep recycling? (very/ fairly satisfied)**

The Exmouth DTA is in the **red** quartile with 61% of respondents being very/ fairly satisfied with doorstep recycling. (max 87%; min 61%; national average 70%). This is the least satisfied area in the county.

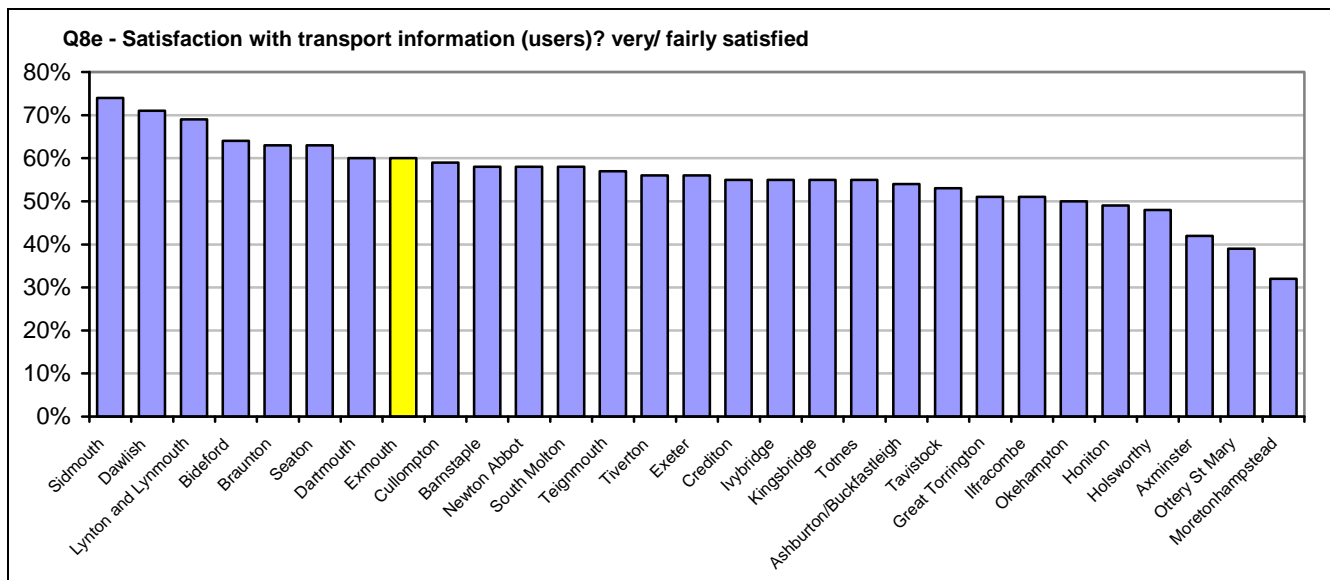

**Q8d How satisfied are users with local public services responsible for local tips/ household waste recycling centres? (very/ fairly satisfied)**

The Exmouth DTA is in the **yellow** quartile with 85% of respondents who used the service being very/ fairly satisfied with local tips and household waste recycling centres (max 89%; min 68%; national average 72%).

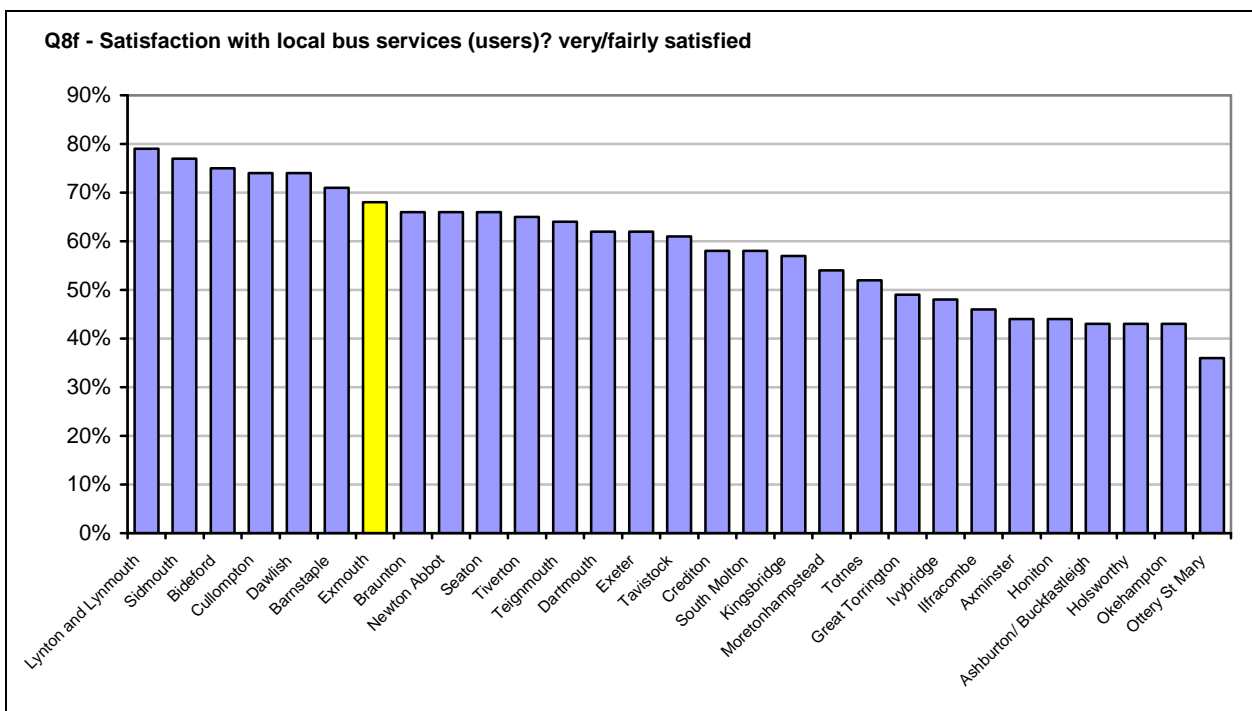

**Q8e How satisfied are users with transport information? (very/ fairly satisfied)**

The Exmouth DTA is in the **yellow** quartile with 60% of respondents who used the service being very/ fairly satisfied with transport information. (max 74%; min 32%)

**Q8f - How satisfied are users with local bus services? (very/ fairly satisfied)**

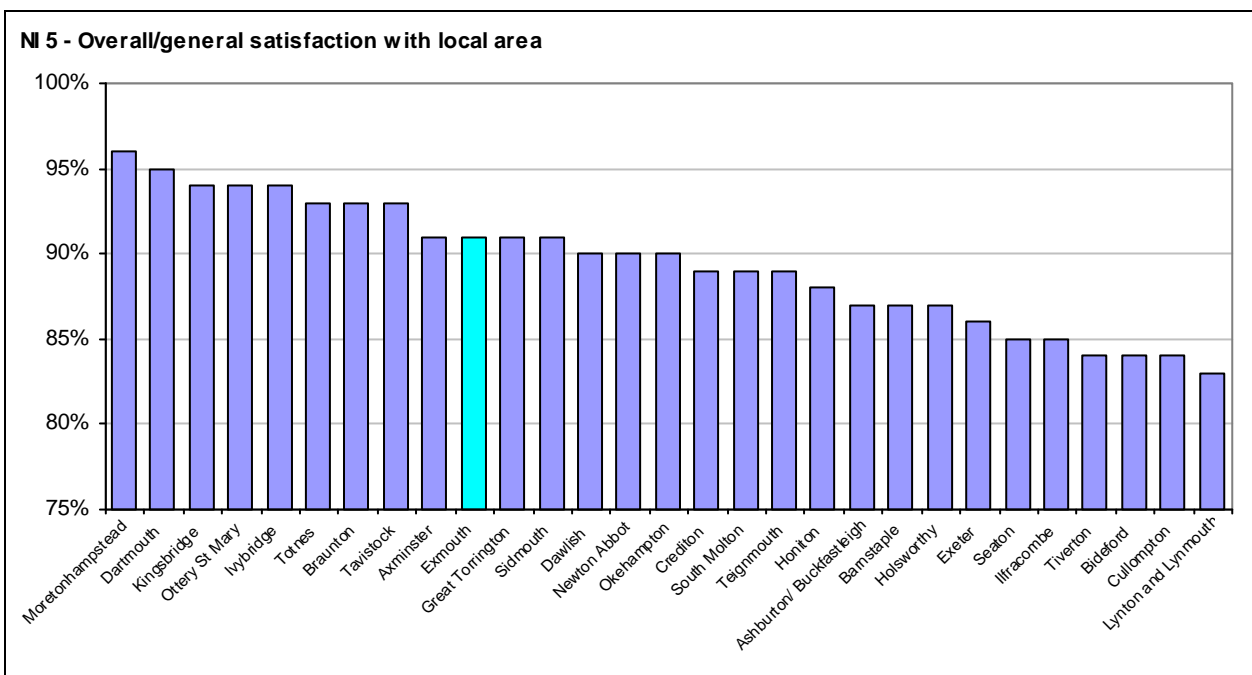

The Exmouth DTA is in the **yellow** quartile with 68% of respondents who used the service being very/ fairly satisfied with local bus services. (max 79%; min 36%).

**Homes and Housing**

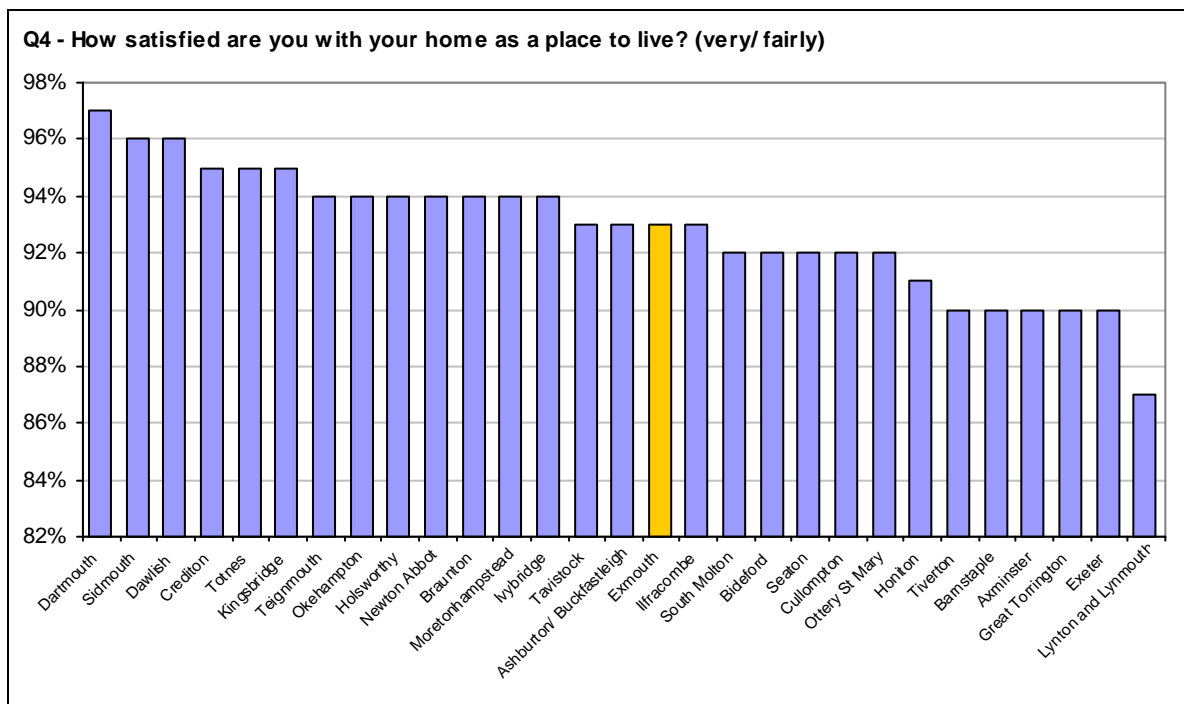

**Q3 (NI 5) Overall, how satisfied are you with your local area as a place to live? (very/ fairly)**

The graph below shows the Exmouth DTA falling in the **blue** quartile with 91% of respondents being very/ fairly satisfied with their local area as a place to live (max 96%; min 83%; national average 81%). The other parishes in some cases show similar results: Exmouth (82%), Woodbury (91%), Budleigh Salterton (87%) and the hinterlands (94%).

**Q4 – How satisfied are you with your home as a place to live? (very/ fairly satisfied)**

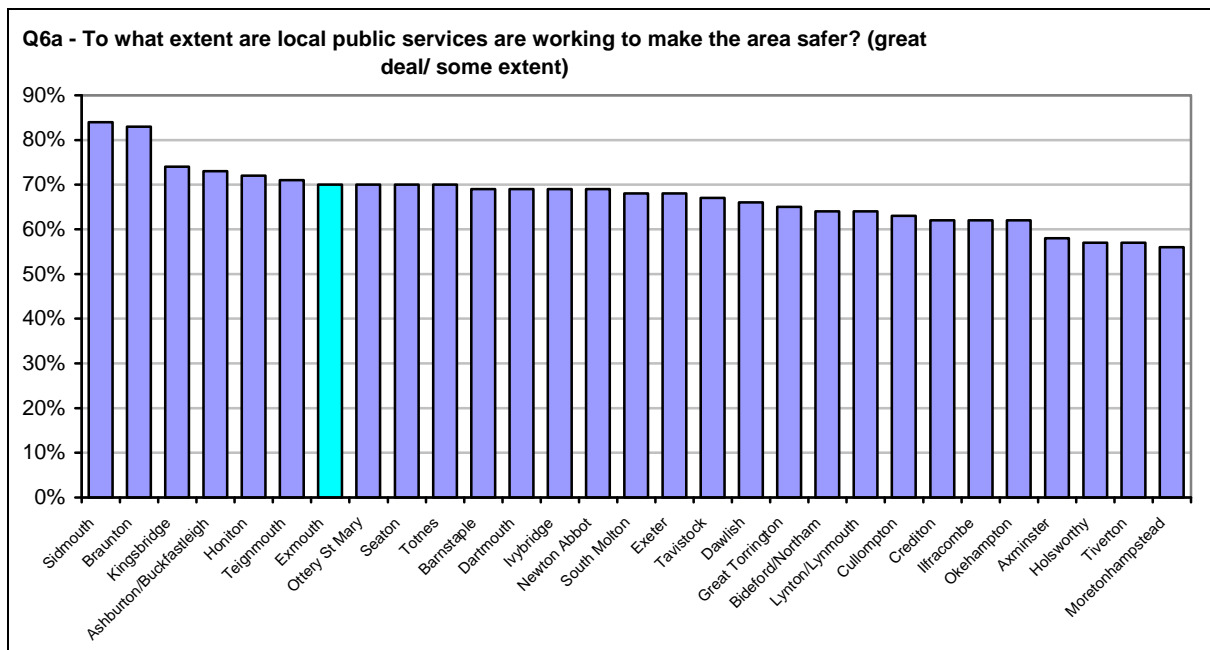

The Exmouth DTA had one of the highest rates of satisfaction in the county and appeared in the orange quartile. 93% of respondents were very /fairly satisfied with their home as a place to live (max 97%; min 87%). The other parishes in some cases show similar results: Exmouth (87%), Woodbury (95%), Budleigh Salterton (83%) and the hinterlands (94%).

## A Safer Devon

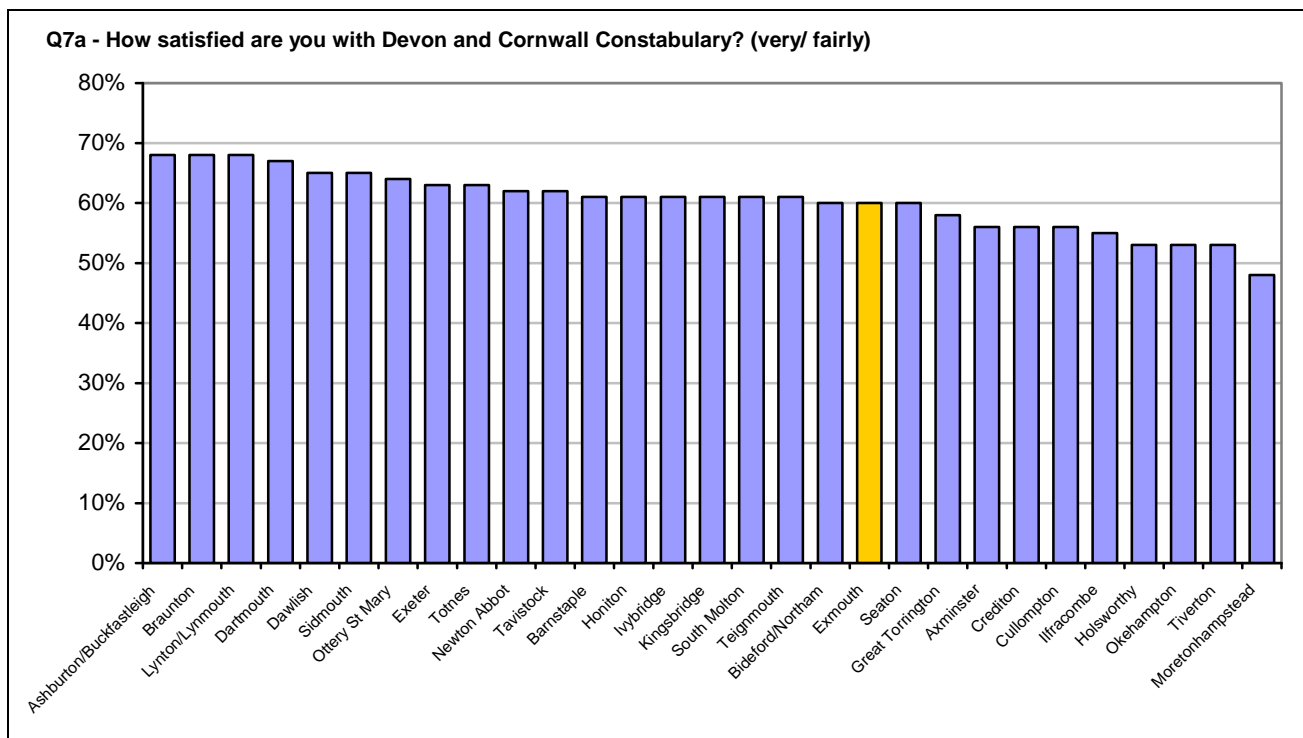

**Q6a To what extent are local public services working to make the area safer? (a great deal/ to some extent)**

The graph below highlights the Exmouth DTA in the blue quartile. 70% of respondents think that think public services are working a great deal/ to some extent to make Exmouth DTA a safer place. (max 84%; min 56%)

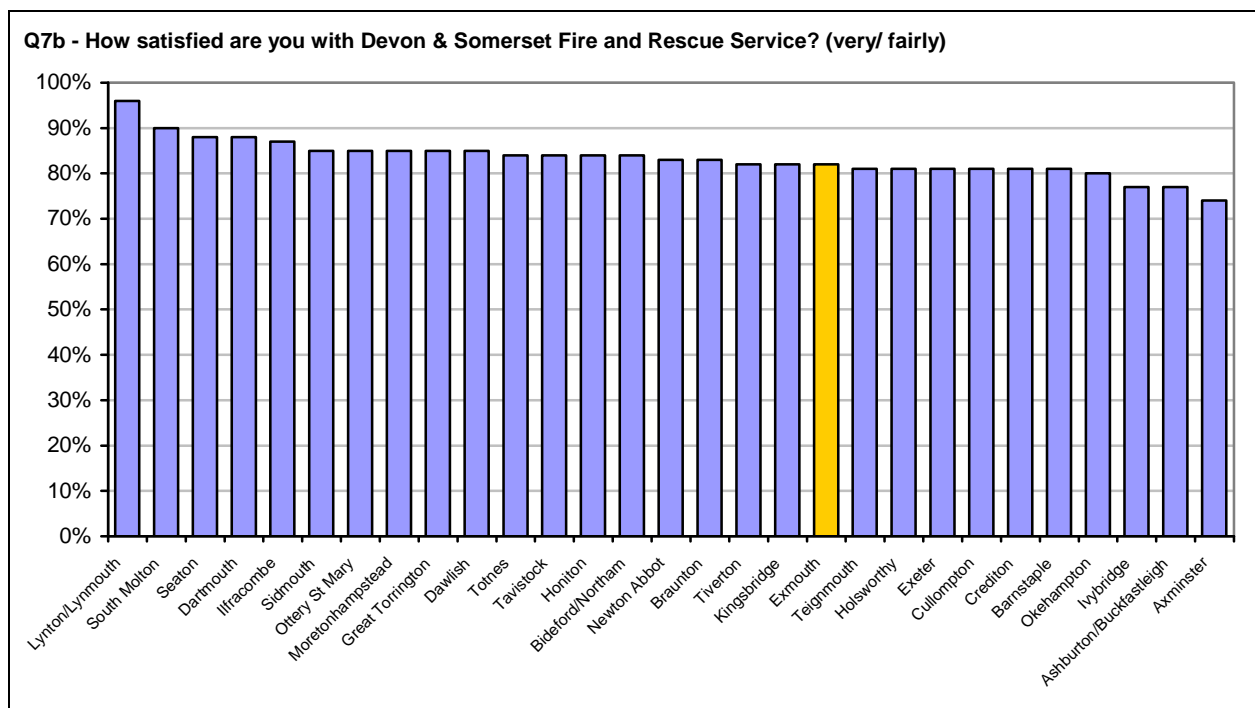

**Q7a How satisfied are you with Devon & Cornwall Constabulary? (very/ fairly satisfied)**

The Exmouth DTA appears in the **orange** quartile with 60% of respondents very/ fairly satisfied with Devon & Cornwall Constabulary (max 68%; min 48%).

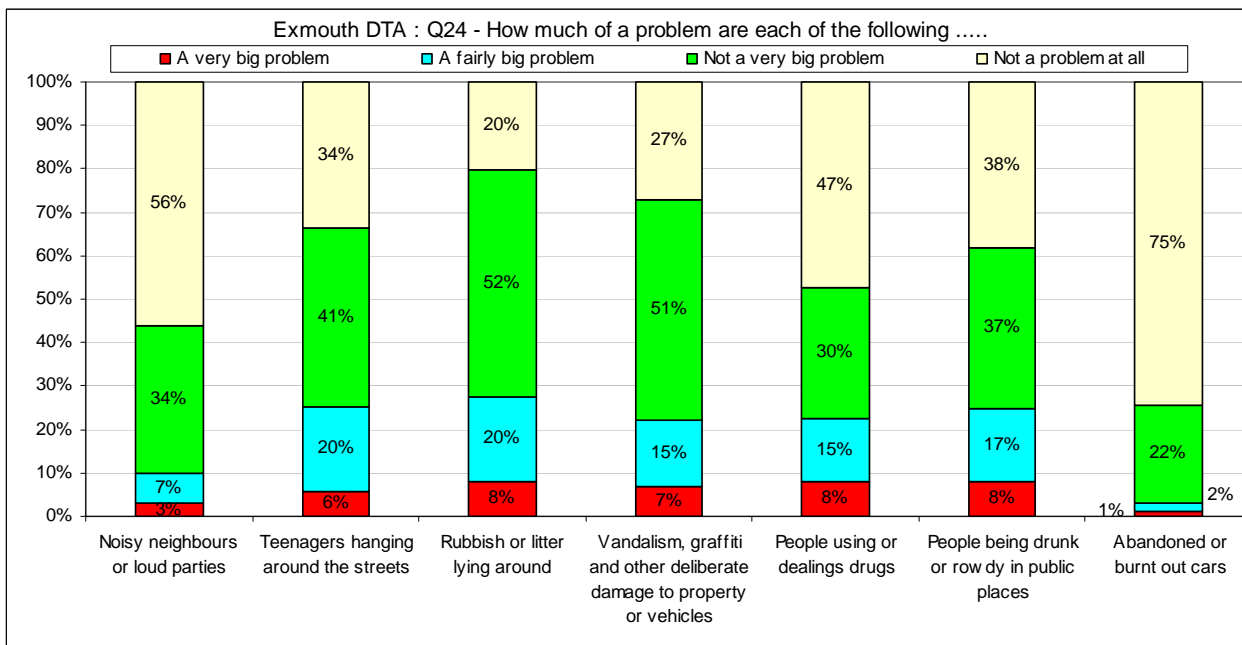

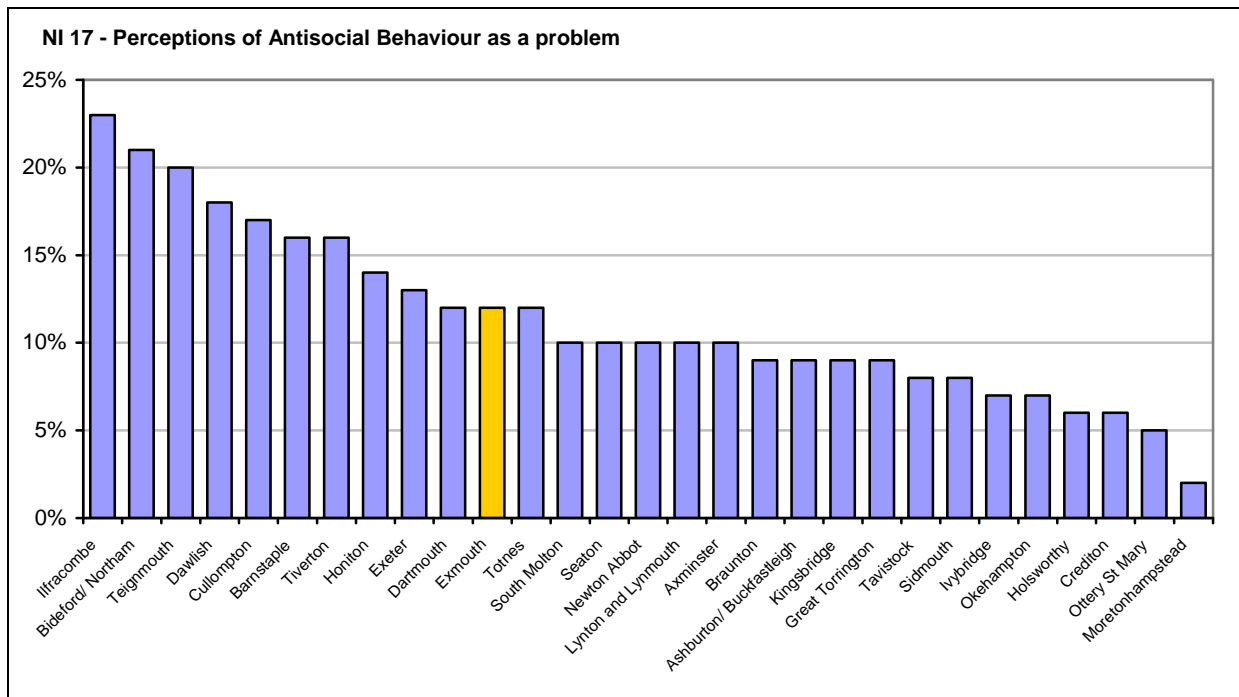

**Q7b How satisfied are you with Devon & Somerset Fire and Rescue Service? (very/fairly satisfied)**

The Exmouth DTA appears in the **orange** quartile with 82% of respondents very/fairly satisfied with Devon & Somerset Fire and Rescue Service. (max 96%; min 74%)

## NI 17 – Perceptions of antisocial behaviour as a very big/ fairly big problem

This national indicator combines several types of antisocial behaviour (ASB) (see labels on second graph below) to give a combined result for the indicator. The Exmouth DTA falls into the **orange** quartile with 12% of respondents seeing ASB as a very big/ fairly big problem (max 23%; min 2%; national average 19%).

Whilst none of the above factors of antisocial behaviour is perceived as a serious problem in the area the worst factor is “rubbish or litter lying around”.

## Perceptions of ASB and rates of ASB incidents

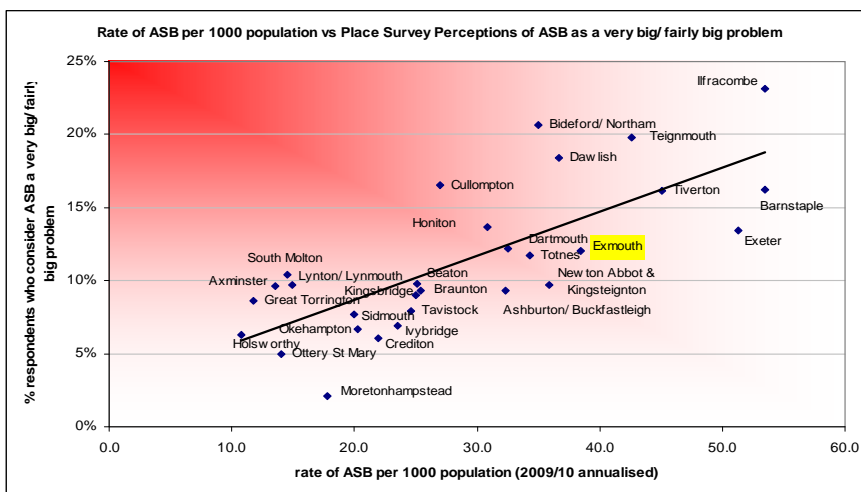

Strategic Intelligence, Devon County Council

statistics@devon.gov.uk

The scatter graph overleaf shows the annualised 2009/10 rate (per 1000 people) of ASB in each DTA against the proportion of Place Survey respondents for each DTA who consider ASB to be a very / fairly big problem.

The chart shows a comparatively strong relationship between the rate of ASB and perception of ASB as a problem. In general lower rates of ASB corresponded with comparatively lower proportions of respondents seeing ASB as a problem. None of the DTAs fall into the upper left or lower right quadrants which would indicate comparatively large discrepancies between the real life situation of ASB (as reported to the Police) and their perceptions of ASB.

Exmouth DTA lies just in the lower right quadrant compared with other DTAs indicating a comparatively high rate of ASB (red quartile) but perception (orange quartile) of it as a problem. \* based on January to June 2009 Police primary qualifier for ASB

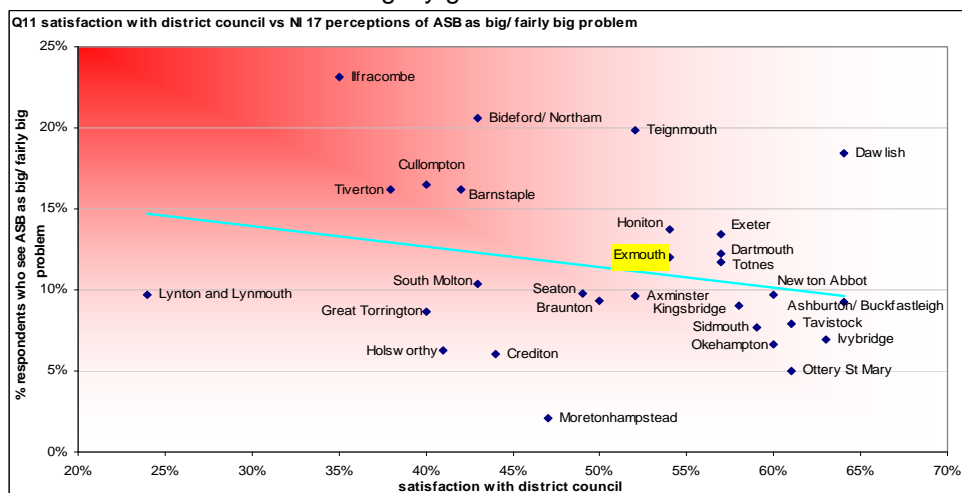

### Perceptions of ASB and satisfaction with the district council

The following scatter graph shows the proportion of Place Survey respondents for each DTA who consider ASB to be a very / fairly big problem against the proportion of the DTA who were either very/ fairly satisfied with their district council.

The chart shows that as satisfaction increases the perception of ASB as a problem falls. Most DTAs however fall into the bottom right quadrant which shows comparatively high satisfaction with their district council and comparatively low perception of ASB as a problem.

Exmouth falls just into the bottom right quadrant of the chart. It lies in blue quartile with 54% respondents being very/ fairly satisfied with East Devon district council. Other DTAs with similar perceptions of ASB as a problem e.g. Dartmouth and Totnes have slightly greater satisfaction with their district council.

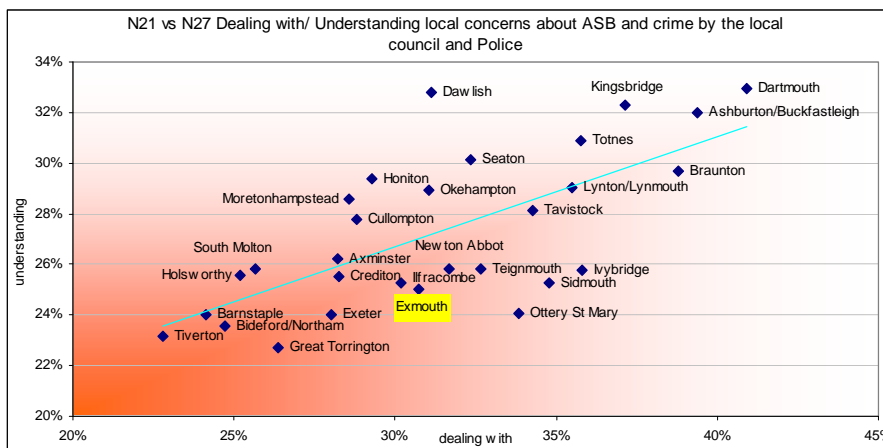

### NI 21 – Dealing with local concerns about anti social behaviour and crime the by the local council and police (strongly agree/ tend to agree)

**NI 27 - Understanding of local concerns about antisocial behaviour and crime by the local council and Police (strongly agree/ tend to agree)**

With respect to NI 21, the Exmouth DTA falls into the **orange** quartile with 31% of respondents strongly/ tending to agree that the local council and Police are dealing with concerns about ASB (max 41%; min 23%; national average 27%).

NI 27 sees the Exmouth DTA falling into the **red** quartile with 25% of respondents strongly/ tending to agree that the local council and Police understand concerns about ASB (max 33%; min 23%; national average 25%).

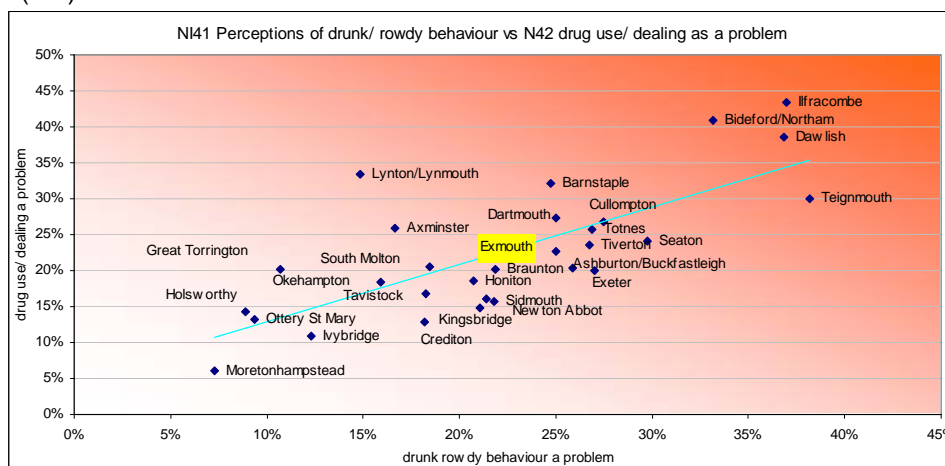

**NI 41 – Perceptions of drunk or rowdy behaviour as a problem (very big/ fairly big problem)**

**NI 42 – Perceptions of drug use or dealing as a problem (very big/ fairly big problem)**

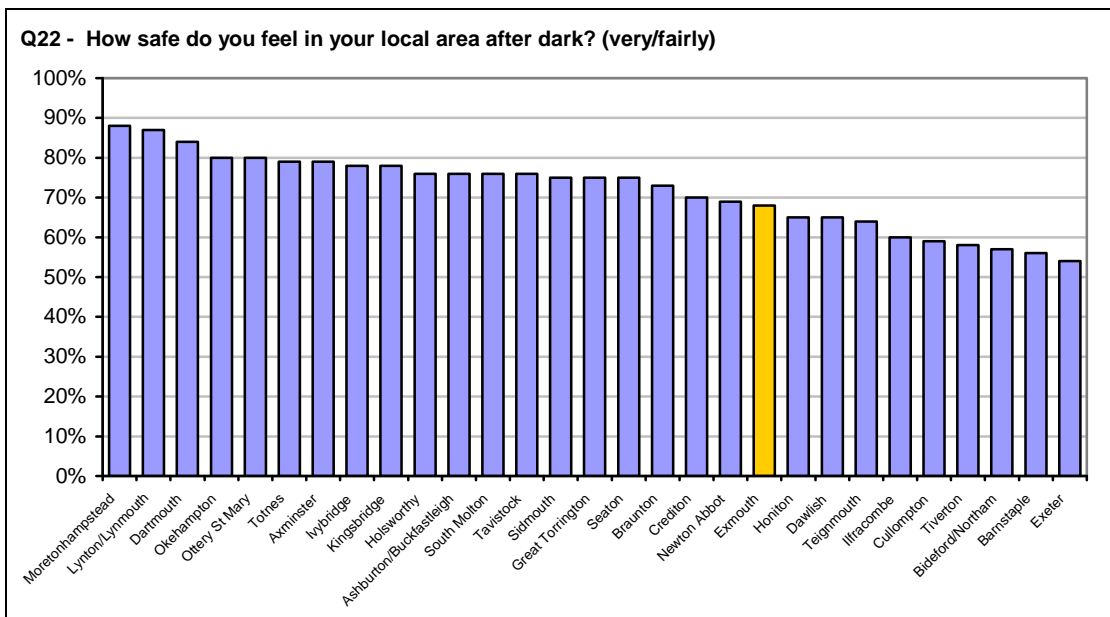

With respect to NI 41, the Exmouth DTA falls into the **orange** quartile with 25% of respondents thinking that drunk or rowdy behaviour is a very big/ fairly big problem in Exmouth DTA (max 38%; min 7%; national average 28%). The other parishes however show a mix of results: Exmouth (34%), Woodbury (0%), Budleigh Salterton (2%) and the hinterlands (0%).

NI 42 sees the Exmouth DTA falling into the **orange** quartile with 23% of respondents thinking that drug use or dealing is a very big/ fairly big problem in Exmouth DTA (max 43%; min 7%; national average 29%). The other parishes however show a mix of results: Exmouth (29%), Woodbury (0%), Budleigh Salterton (8%) and the hinterlands (0%).

**Q22 How safe do you feel in your local area after dark? (very/fairly safe)**

Respondents in the Exmouth DTA feel comparatively less safe than in the other DTA s with results placing them in the **orange** quartile. 68% of respondents felt very/ fairly safe in their local area after dark (max 88%; min 54%). The other parishes however show a mix of results: Exmouth (63%), Woodbury (88%), Budleigh Salterton (79%) and the hinterlands (78%).

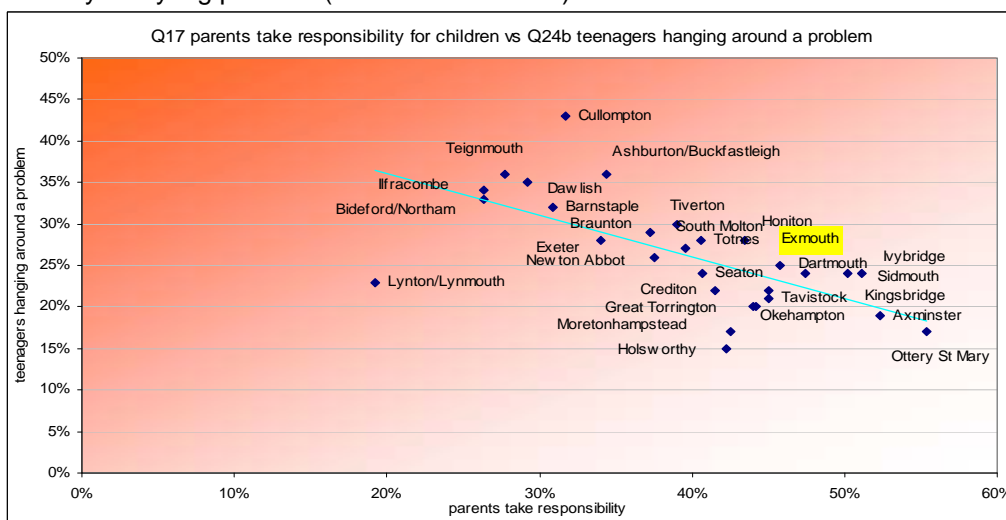

**Q 17 – To what extent do you agree that in your local area, parents take enough responsibility for the behaviour of their children? (definitely agree/ tend to agree)**

**Q 24b – How much of a problem are teenagers hanging around the streets? (a very / fairly big problem)**

The scatter graph below shows a correlation between perceptions that parents take responsibility for their children and that teenagers hanging around the street is a problem.

Q17 sees 46% (yellow quartile) of the Exmouth DTA respondents definitely agreeing/ tending to agree that parents take enough responsibility for their children's behaviour (max: 55% min 19%). The other parishes however show a mix of results: Exmouth (44%), Woodbury (58%), Budleigh Salterton (49%) and the hinterlands (45%).

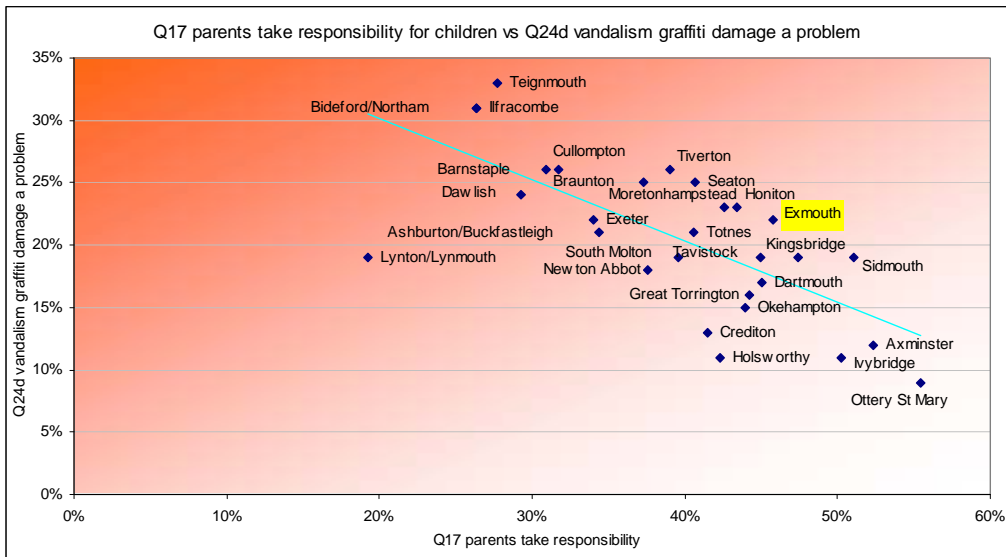

Q24b sees 25% (orange quartile) of the Exmouth DTA respondents thinking that teenagers hanging around the streets is a very/ fairly big problem (max: 43% min 15%).

**Q 24d – How much of a problem is vandalism, graffiti and other deliberate damage to property or vehicles? (a very / fairly big problem)**

The scatter graph below shows a correlation between perceptions that parents take responsibility for their children and that vandalism, graffiti and other deliberate damage is a problem.

The Exmouth DTA appears in the **orange** quartile with 22% of respondents seeing vandalism and graffiti damage being a big/ fairly big problem (max: 33% min 9%).

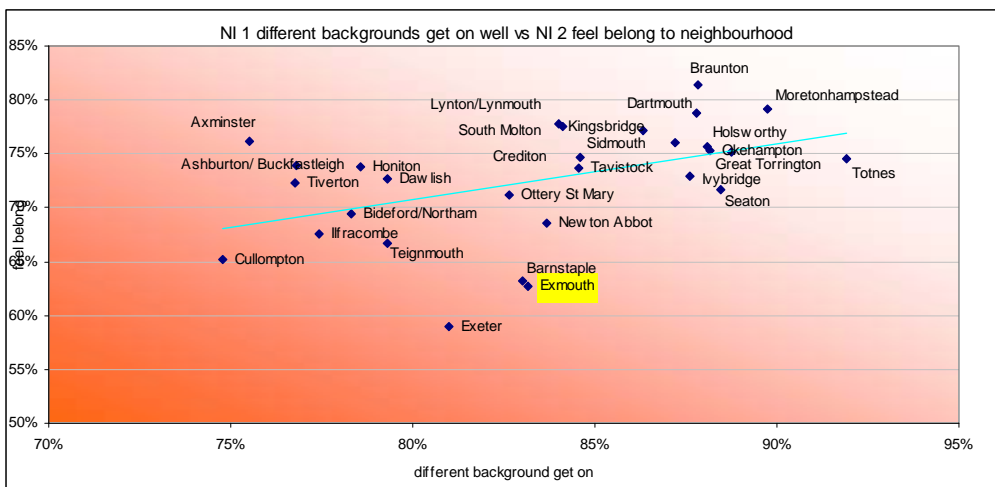

# Strong and Inclusive Communities

**NI 1; % people who believe that people from different backgrounds get on well together in their local area (definitely agree/ tend to agree).**

**NI 2; % who feel that they belong to their neighbourhood (very strongly/ fairly strongly).**

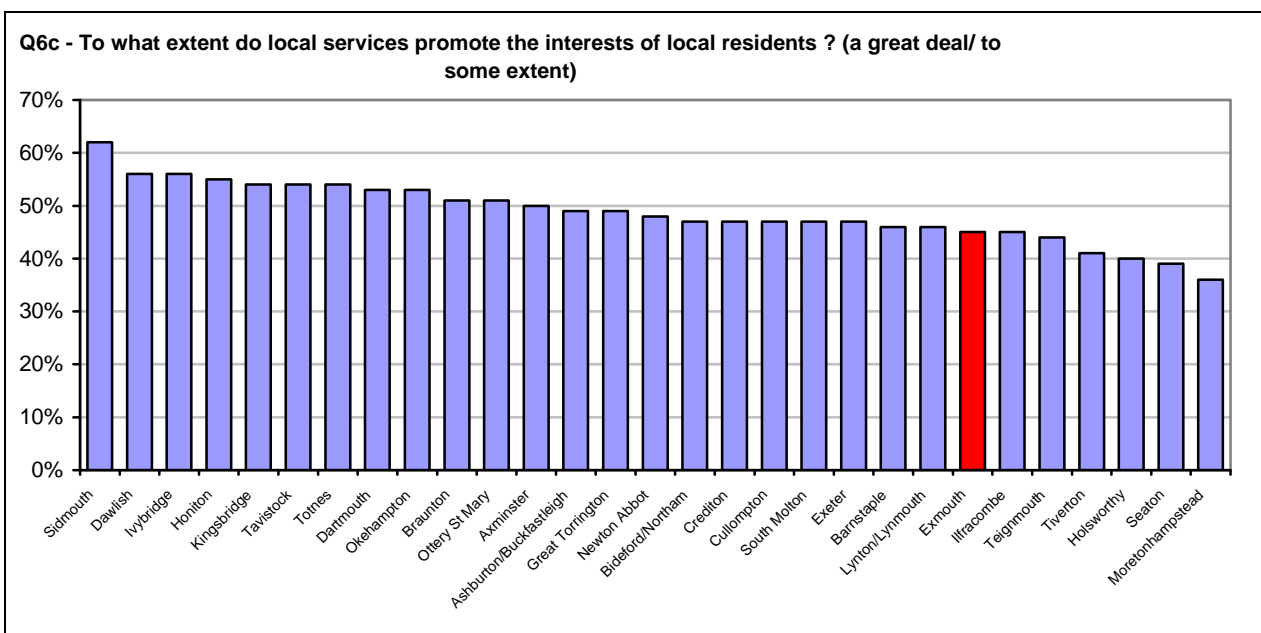

The scatter graph overleaf, shows the Exmouth DTA in the **orange** quartile for NI 1 with 83% of respondents definitely agreeing/ tending to agree that people from different backgrounds get on well together in their local area (max 92%; min 75%). The other parishes in some cases show similar results: Exmouth (81%), Woodbury (80%), Budleigh Salterton (90%) and the hinterlands (89%).

The Exmouth DTA is in the **red** quartile for NI 2 with 63% of respondents feeling very/fairly strongly that they belong to their immediate neighbourhood (max 81%; min 59%). The other parishes again in some cases show similar results: Exmouth (59%), Woodbury (74%), Budleigh Salterton (71%) and the hinterlands (74%).

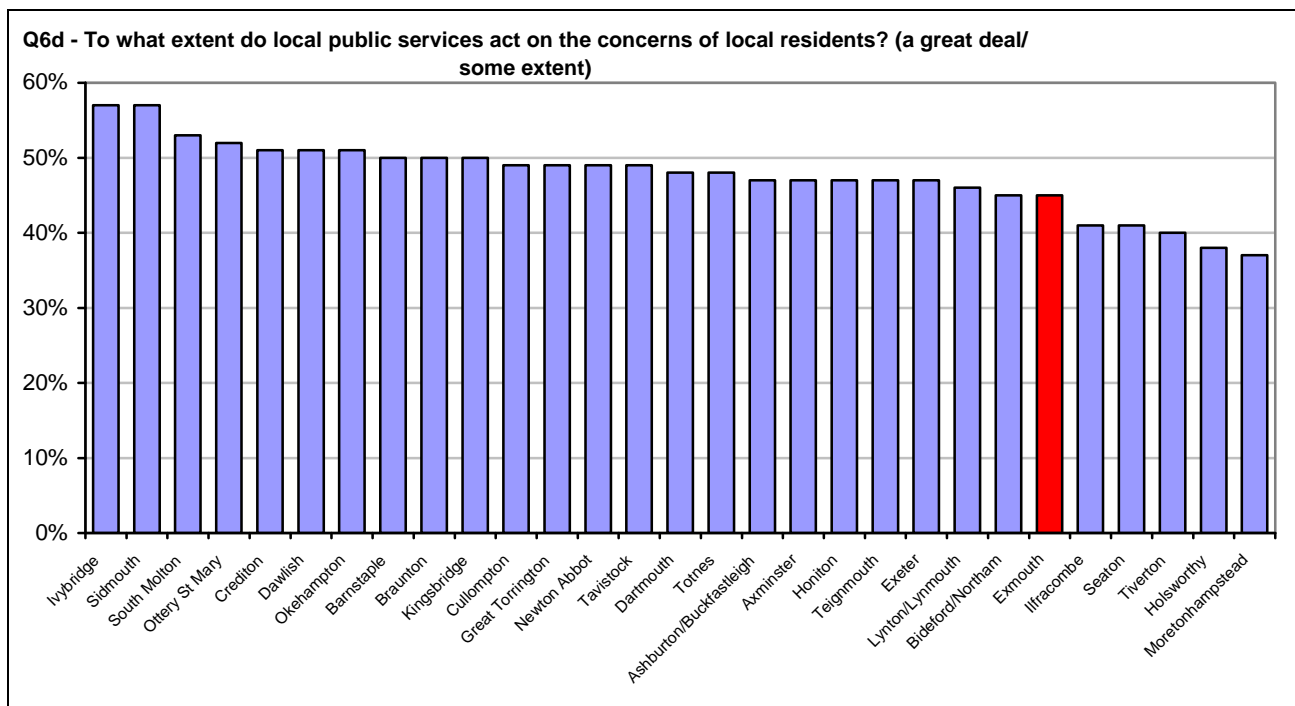

**Q6c To what extent do local public services promote the interests of local residents? (a great deal/ to some extent)**

The graph below shows the Exmouth DTA falling in the **red** quartile with 45% of respondents feeling that local public services promote the interests of local residents to a great deal/ to some extent (max 62%; min 36%).

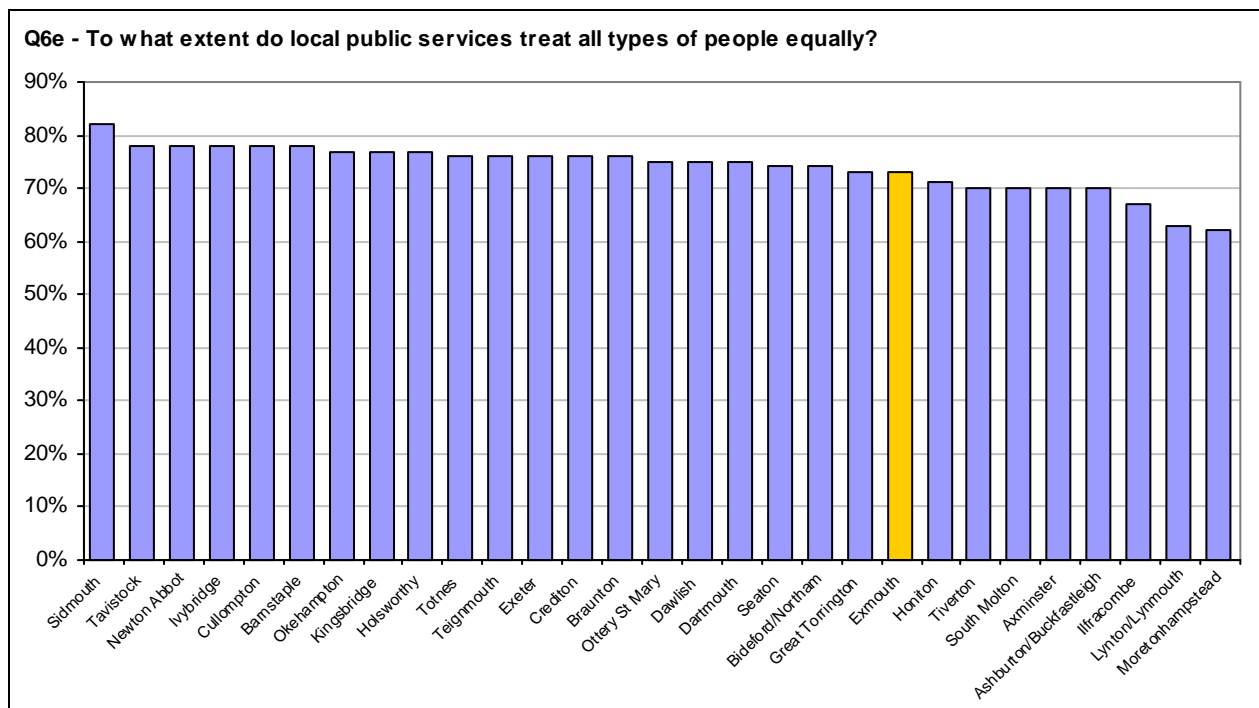

**Q6d To what extent do local public services act on the concerns of local residents? (a great deal/ to some extent)**

The Exmouth DTA falls in the **red** quartile with 45% of respondents feeling that local public services act on the concerns of local residents a great deal/ to some extent. (max 57%; min 37%)

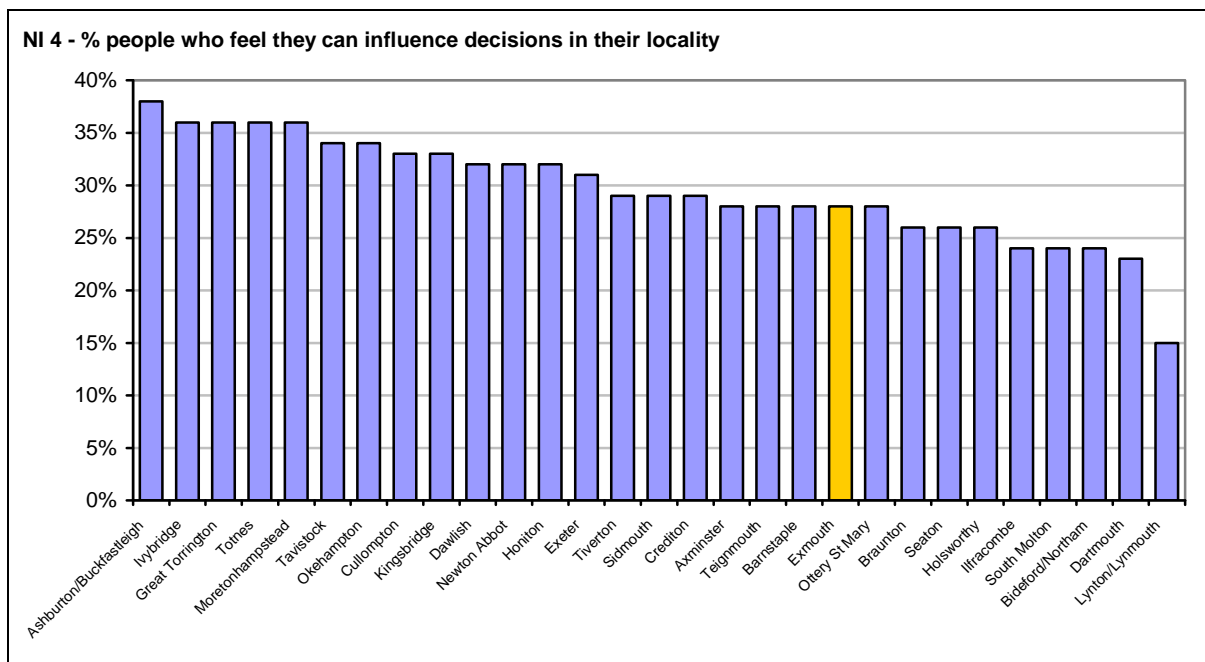

**Q6e To what extent do local public services treat all types of people equally? (a great deal/ to some extent)**

The Exmouth DTA falls in the **orange** quartile with 73% of respondents feeling that public services treat people equally. (max 82%; min 62%)

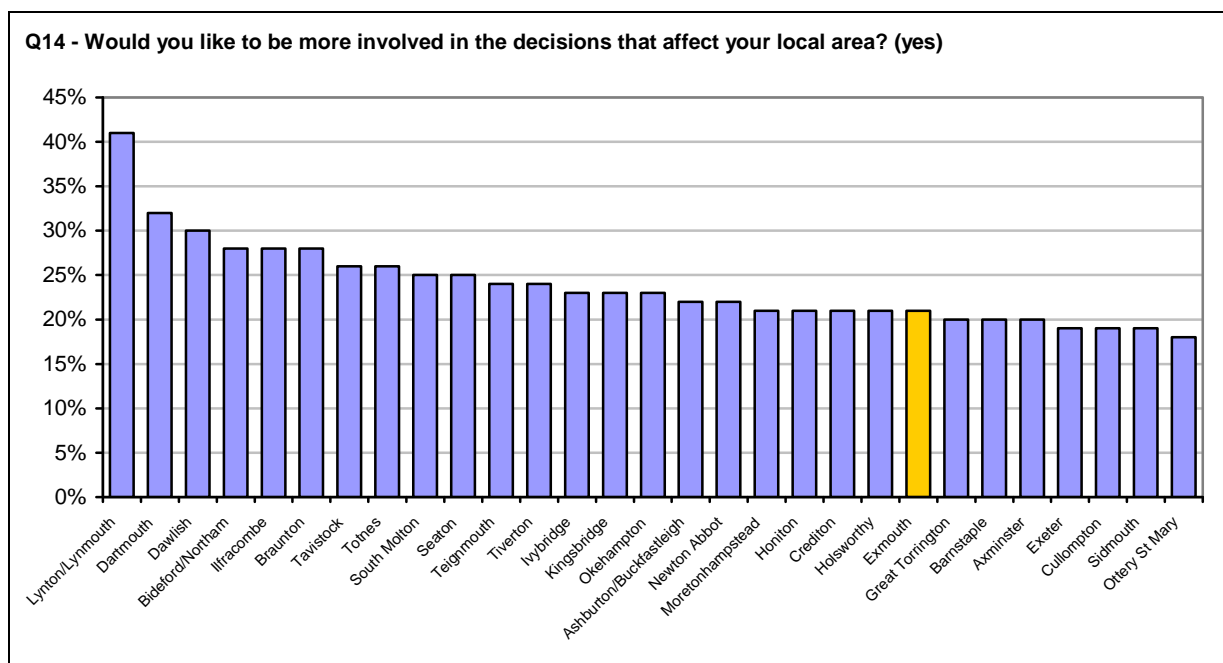

**Q13/NI 4 % people who feel they can influence decisions in their locality (definitely agree/ tend to agree)**

The graph overleaf, shows the Exmouth DTA falling into the **orange** quartile with 28% of respondents definitely/ tending to agree that they feel they could influence decisions in their locality. (max 38%; min 15%). The other parishes in some cases show similar results: Exmouth (27%), Woodbury (21%), Budleigh Salterton (25%) and the hinterlands (42%).

**Q14 Would you like to be more involved in the decisions that affect your local area? (yes)**

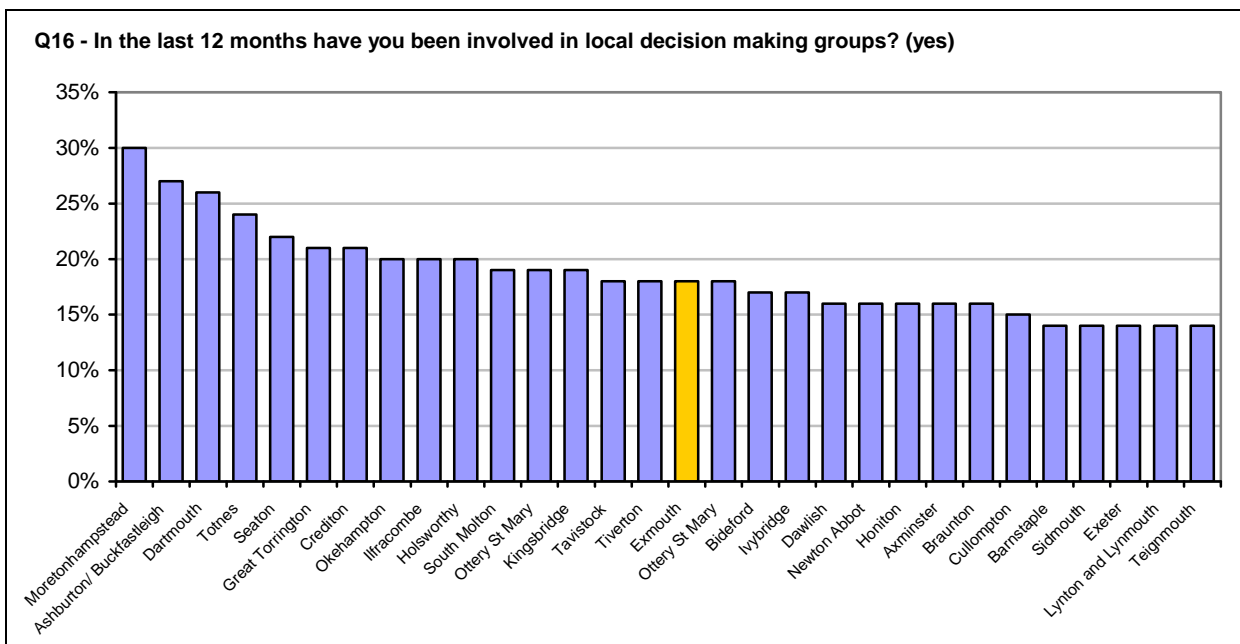

The Exmouth DTA falls in the **orange** quartile with 21% of respondents saying they would like to be more involved in decision making. (max 41%; min 18%; national average 26%). The other parishes show a mix of results: Exmouth (24%), Woodbury (15%), Budleigh Salterton (14%) and the hinterlands (7%).

**Q16 In the past 12 months have you been involved in decision making? (yes)**

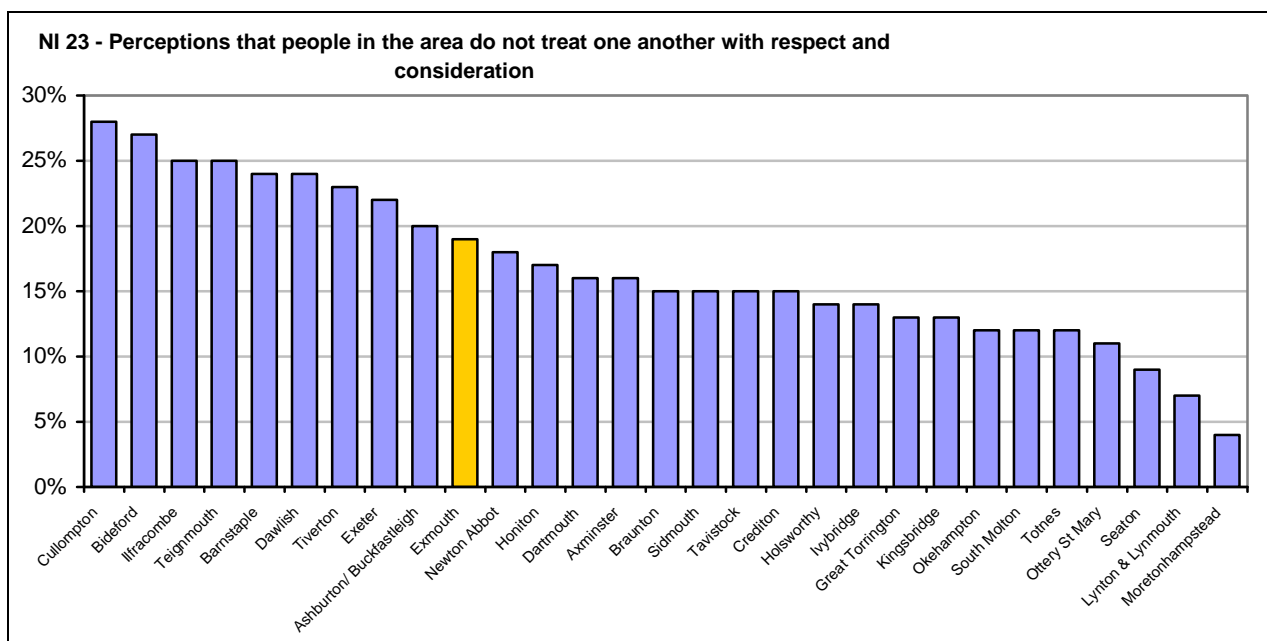

The Exmouth DTA falls in the **orange** quartile with 18% of respondents saying they had been involved in decision making within the previous 12 months. (max 30%; min 14%). There is however a notable variation

between Exmouth Parish (13%), Woodbury Parish (24%), Budleigh Salterton (35%) and the hinterlands (23%).

**NI 23 Perceptions that people in the area do not treat one another with respect and consideration (a very big problem/ a fairly big problem)**

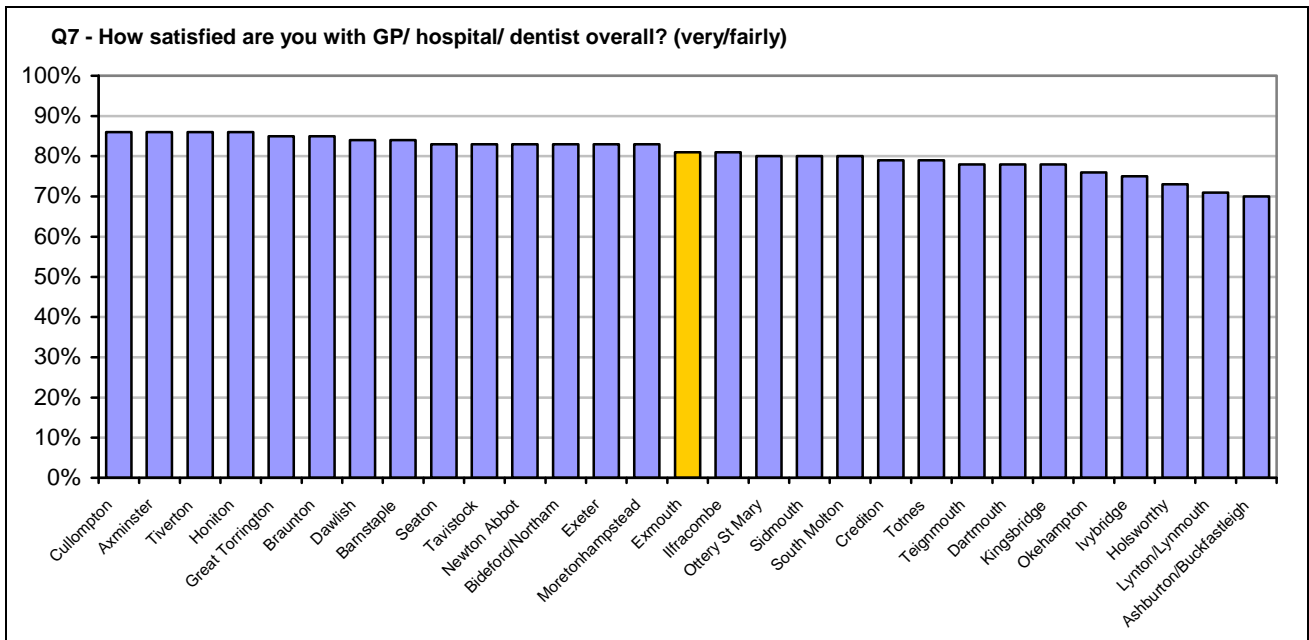

The Exmouth DTA falls into the orange quartile with 19% respondents thinking it is a very big/ fairly big problem that people in the area do not treat one another with respect and consideration (max 28%; min 4%; national average 30%). There is a variation between the parishes: Exmouth (21%), Woodbury (19%), Budleigh Salterton (11%) and the hinterlands (13%).

**Health and Well Being**

The following graph (overleaf) is a composite of the satisfaction (very/ fairly satisfied) respondents had with GPs/ the local hospital and dentist.

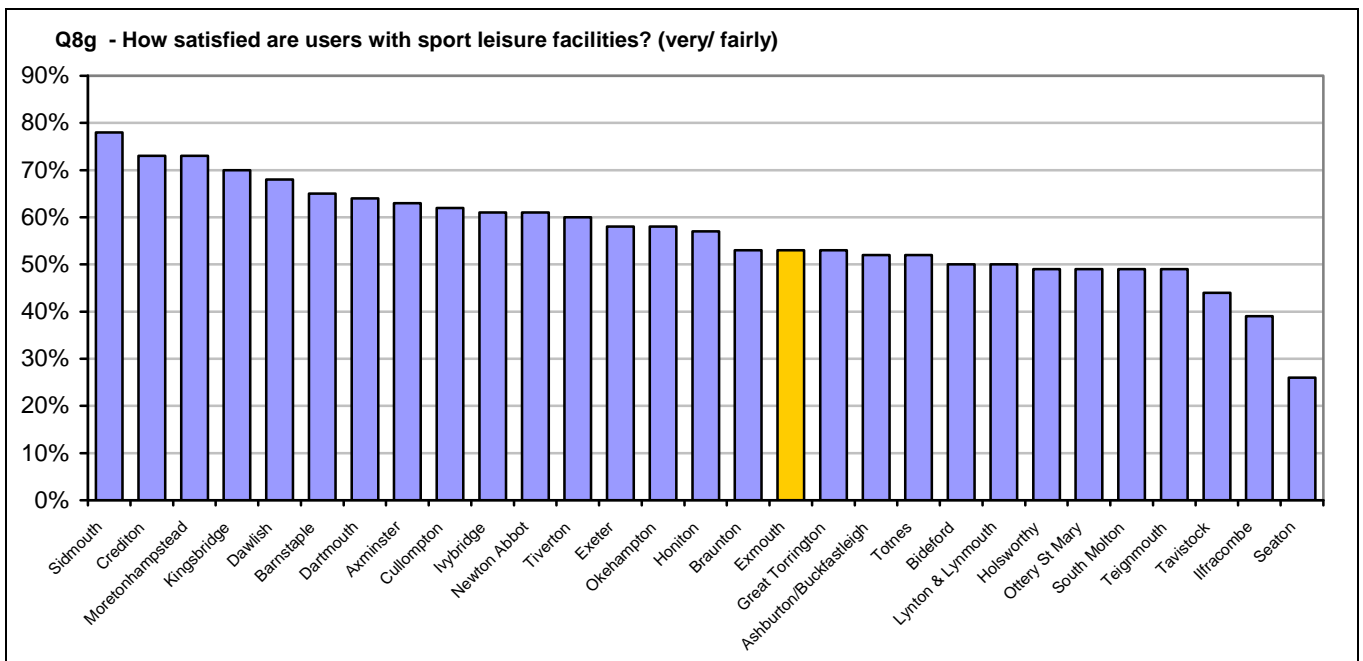

Satisfaction with GPs was 90% (range 84% to 94%), the dentist was 68% (range 42% to 83%) and the local hospital was 85% (range 74% to 93%). Overall satisfaction averaged 81% which was in the orange quartile (range 70% to 86%).

## Inspiring Young People

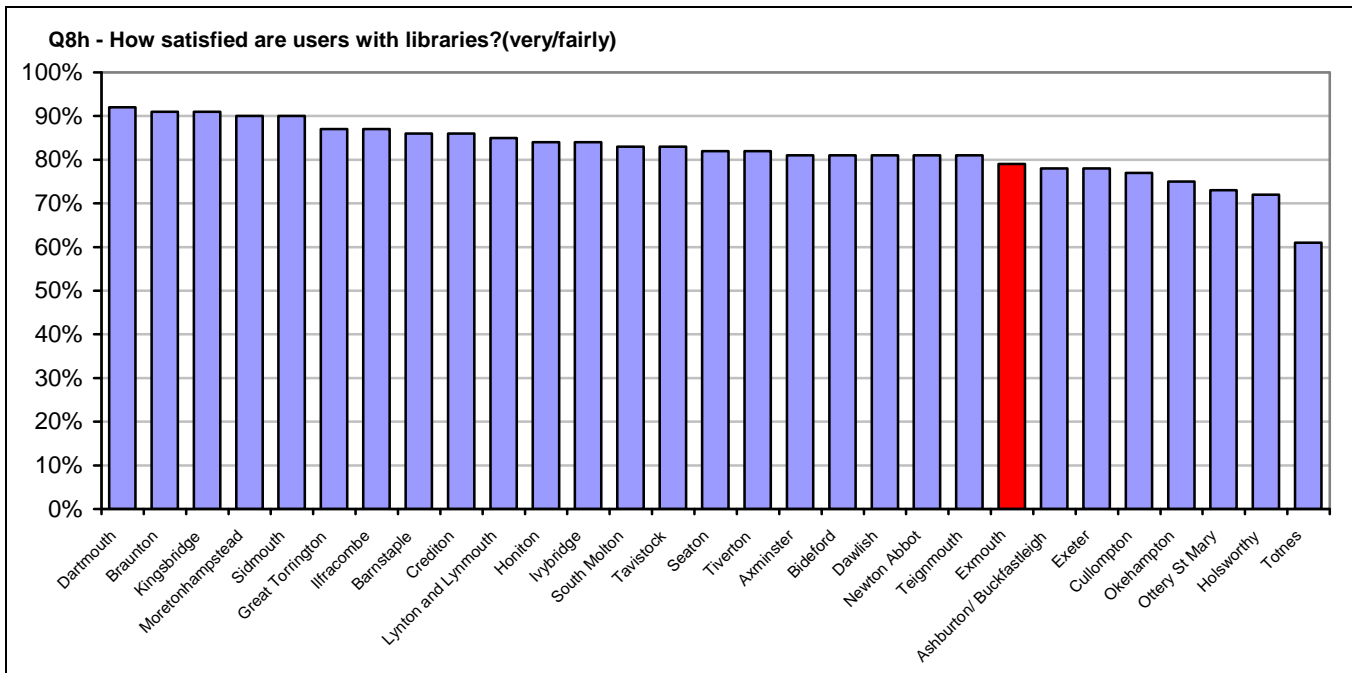

### Q8g How satisfied are you (users) with sport/ leisure facilities? (very/ fairly satisfied)

The Exmouth DTA falls in the **orange** quartile with 53% of respondents who use sport and leisure facilities being very/ fairly satisfied with them. (max 78%; min 26%)

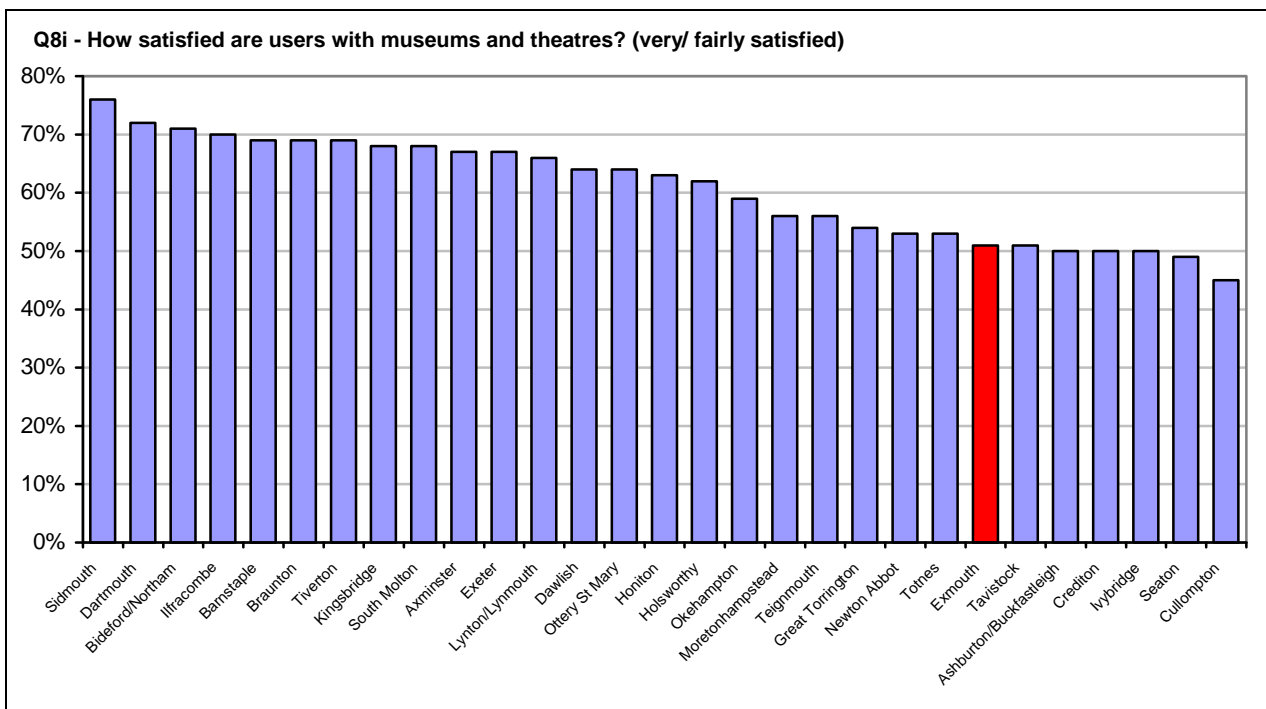

### Q8h How satisfied are you (users) with libraries? (very/ fairly satisfied)

The Exmouth DTA falls in the **red** quartile with 79% of respondents who use the libraries being very/ fairly satisfied with them. (max 92%; min 61%)

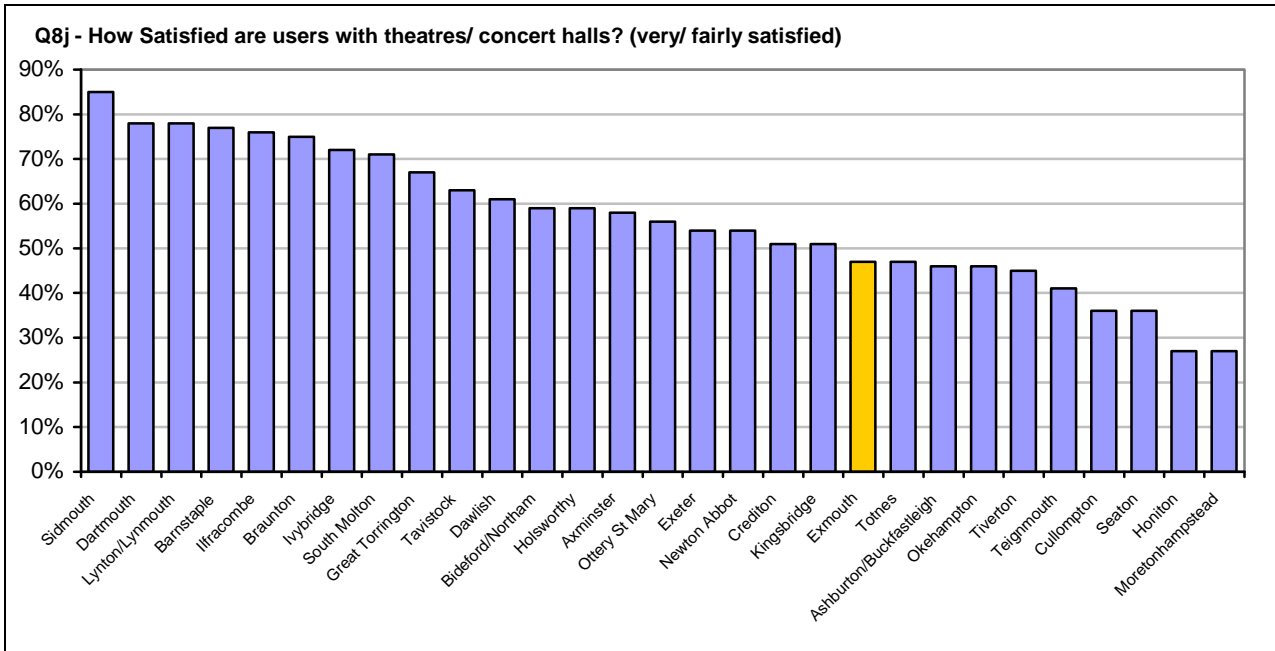

**Q8i How satisfied are you (users) with museums/ galleries? (very / fairly satisfied)**

The Exmouth DTA is in the **red** quartile with 51% of respondents who use museums/ galleries either very/ fairly satisfied with them (max 76%; min 45%).

**Q8j How satisfied are you (users) with theatres/ concert halls? (very/ fairly satisfied)**
