

Devon Twinning Circle

Introduction

The intention behind this folder is that it should serve as an aide-memoire or reference document on matters relating to Twinning in the hope that it might prove a useful document of information, shared ideas, observations, suggestions and experiences which could be of mutual benefit.

It was thought that Member Associations might appreciate having a paper document of this type readily at hand at meetings or for the guidance of new chairpersons or committees. It is a new departure so if it appears to have omitted potentially useful information please let us have your suggestions and contributions for future inclusion and expansion.

You will see that it is in loose-leaf format as regular updating of certain sections will be necessary. In this first edition every effort has been made to ensure accuracy at the time of publication but details, circumstances and personnel inevitably change and it does not claim to be absolutely definitive. The content of the folder will be reviewed regularly and updates published at the quarterly meetings.

Clearly, in this electronic age, this kind of information lends itself to the internet and to this end we hope to revise and up-date regularly the County Twinning website and try and keep these two resources closely in line.

We hope you find it useful and helpful. Happy Twinning!
