

MOOR HAWKS

“COME FLY WITH ME

A HARRIS HAWK CALLED BONNIE, AND A BARN OWL CALLED CASSIE ARE WILLING TO VISIT YOUR CLASSROOM, OR CHILDREN’S CLUB, TO SHOW THEMSELVES AT CLOSE QUARTERS TO THE CHILDREN.

PETER BOSTON, THEIR OWNER, WILL SPEND AN HOUR WITH THE GROUP, AND INFORM THE CHILDREN ABOUT THE HABITATS AND HABITS OF THESE BEAUTIFUL BIRDS. PETER WILL ENCOURAGE CONVERSATION AND QUESTIONS ABOUT THEM FROM THE CHILDREN.

*“A visit to your classroom by Peter Boston, with his hawk, Bonnie, and his owl, Cassie, is an opportunity that should not be missed!
Peter has been to my class on two occasions to speak about the birds, their habitat, their origins, and their training, to name but a small part of the talk. There is a wealth of information, delivered with authority and humour that captivates the children’s imagination. With young children of his own, Peter knows how to hold the attention of a young audience and both the entertaining talk itself, and the subsequent question and answer session completely enthralled my class.
Seeing the birds at such close range enables children to understand and appreciate the fascinating subject of training and flying birds. Peter combines his personal experience of training and flying birds with excellent, informative observations. He has the advantage of having learnt the craft first-hand so he is able to speak with real authority about the pleasures and occasional mishaps that go hand in hand with bird rearing.*

*My class were thrilled by the visits and we are hoping that Peter will be able to return in the future to give us an update on the birds and their training.
I really recommend this as a first-class learning experience for all ages!”
(Kate Edwards, KS2 Teacher, Widecombe-in-the-Moor Primary)*
