Dear Ms Palmer

A38(T): Whitecleaves Quarry – Planning Application and Environmental Statement Addendum

URS have provided the Agency with a copy of their addendums to the planning application and environmental statement in support of MVV Environmental's appeal against refusal of planning consent for development at Whitecleaves Quarry.

Of particular interest to the Agency are the documents submitted under App A4.11 which relate to additional traffic assessment work. However, on review these relate primarily to impacts on the local road network and, as the revised assessment has been undertaken using a lower daily trip rate than that previously accepted by the Agency, we have no further comments to make.

Yours sincerely

Sally Parish
