

Freedom of Information request from the Daily Mirror

It is quite likely that you will have received a request under the Freedom of Information Act from Matt Roper of the Daily Mirror, asking for details of trips abroad by teachers.

There is no reason why this information should not be supplied to Mr Roper but, as no request for any personal information has been included, details which might identify individual teachers should not be disclosed.

Please note that, under the FoI Act, you have 20 working days from the receipt of the request to provide a response.
