

## Area Review Update

The Primary Capital Programme (PCP) Strategy for Change (SfC) was developed in conjunction with School Organisation Forum.

The SfC includes a commitment by the Local Authority (LA) to report the outcomes from individual Learning Community Review days to both CYPs Strategic Leadership Group (SLG) as well as SOF.

Since the last report to SOF a further two area review days have been completed

- Bideford Learning Community on 11 March 2010;
- Axe Valley Learning Community on 24 March 2010

Following the area review a report and the record of the area review day is presented to SLG. As previously reported to SOF South Molton area review day took place on the 21 January 2010.

The attached papers are for Information and represent both the report to SLG as well as the record of the outcome of the day.

It should be recognised that the Review Day is not the end of the process, it is the beginning. Following the Review Day itself, Local Learning Communities or individual schools are invited to take the process forward (together with LA officer support).

Further reviews are planned for:

Axe Valley LLC – 24 March 2010  
Dartmouth LLC – 24 May 2010
