

Car Stickers and Posters

Car stickers are available from the Sustainable School Travel Team at DCC to help you promote car sharing at your school. The design below is available as a magnetic strip or a window sticker for the car. Contact your Sustainable School Travel Adviser or order through stplans@devon.gov.uk. Using these stickers, families can promote car sharing as a sustainable means of travel.

A similar design is available as an A4 or A3 poster to put up around your school, preferably with other art work by your pupils.
