

# THE ADVA PARTNERSHIP INVITES YOU TO:

## The Kicking District by Christine Roberts

The play explores the complexity surrounding the issue of domestic violence with extraordinary sensitivity. It does not aim to preach to its audience, but exposes the casualness with which such violence is often accepted. With a cast of twenty sharing the role of five characters we are reminded that the themes and situations explored relate, in some way, to us all. The play contains strong language and imagery.

*The Kicking District* was originally commissioned by New Theatre Works, at The Courtyard Theatre, Hereford and was funded by the Arts Council.
