Dear Andrew

Support for the Newton Abbot CIF proposal

I am writing to express the support of Teignbridge District Council and the Teignbridge Growth Point Partnership for Devon County Council's Community Infrastructure Bid for Newton Abbot.

The growth point partnership steering board has discussed this bid and support fully the need to fund these key transport projects to enable delivery of several early growth objectives for the area. This includes providing capacity and connections for housing and jobs growth in the immediate area and across Newton Abbot as a whole.

We are committed to working to deliver a successful region and with are relying on programmes such as the Community Infrastructure Fund to help us realise our ambitions for adequately supported, high quality growth in the area.

Yours sincerely

Phil Shears
