

Officer Decisions

Joint Associate Director of Commissioning - Tim Golby

Summary of Matter or Issue Requiring Decision

Each year the Council determines the inflation to be applied to contracts. This decision relates to all contracts other than Care Home fees. The latter is subject to a separate consultation process and, thus, a separate decision.

Decision Taken

For regulated personal care within the Living Well at Home contract, an uplift of 3.15%
For regulated personal care that is outside that contract an uplift of 3.15% but capped at a maximum of £16.84
For unregulated care (enabling) an uplift of 2.15% up to a maximum of £16.32
For shared hours agreements for Supported Living an uplift of 2.15% to a maximum of £16.34
For Day Opportunities an uplift of 2.15% on the price agreed with eh provider following acceptance to the Select Supplier List

Summary of Reason(s) for Decision Taken

Summary of Alternatives or Options considered and rejected

The LWAH increase is contractually defined and no alternative options would have been possible
For other contract two considerations were made:
a) not to apply any inflationary uplift – this was felt to be unreasonable, especially in the context of increases to the NMW and NLW
b) to inflate at the same rate as LWAH – it was determined that different business models and cost structures apply and for regulated providers the option exists to seek to transition to that contract and achieve a higher unit rate
