Chief Officer for Highways, Infrastructure Development and Waste - Meg Booth

Summary of Matter or Issue Requiring Decision	Installation of a Puffin Pedestrian Crossing across the A386 at Kelly College, Tavistock
Decision Taken	In consultation with the Local Member Cllr Sellis and having advertised the proposal without objection, to approve construction of the crossing.
Summary of Reason(s) for Decision Taken	
Summary of Alternatives or Options considered and rejected	A pedestrian Refuge was considered as an alternative but discounted as the existing road width is insufficient to accommodate a refuge without widening the road. As the level of the road is above the land to the south and is bounded by a water course to the north, both the costs and disruption involved in widening the road would be significant.
Details of any conflict of interest and dispensation granted to the Officer taking the decision or by any Member of the Council in delegating responsibility for any specific express delegation	None
