

Officer Decisions

Head of Planning, Transportation and Environment - Dave Black

Summary of Matter or Issue Requiring Decision	Approval to proceed with construction for a zebra controlled pedestrian crossing scheme on the B3261 Lyme Road, Axminster, located close to St Mary's School. Approval is required to deliver the scheme before normal school travel activities return.
Decision Taken	Approved
Summary of Reason(s) for Decision Taken	
Summary of Alternatives or Options considered and rejected	Alternative crossing options were considered as part of the design process. And the option to delay construction until a scheme can be approved by a full HATOC has also been considered. If construction is delayed, then there is no certainty that a contractor may still be available later in the year. To minimise disruption, it is advantageous to undertake construction works when normal school activities are not in operation. And delivering the crossing as early as possible in 2020/21 will support safer travel to school in the post lockdown period.
Details of any conflict of interest and dispensation granted to the Officer taking the decision or by any Member of the Council in delegating responsibility for any specific express delegation	None
